about having another birthday.....

Dearest Michete,

happy birthday. Once again I won't be able to make it to your bash. I know I'll be missing out on those really cheesy drinks with those um-brellas, huh? Anyways I bought you a gift after endless searching. As for the ring I looked + looked, asked people, described you to find the perfect one. I hope you like it and hope it's the "perfect one" for you. As for the pastels, it's this incentive ~~to~~ ^{for you to} make me beautiful cards, just joking. Well I know it'll be hard since I won't be there (ha! ha!) to enjoy your birthday, but I hope you have a blast, you deserve it, you're 25, → did you say 25? Oh my (joking). tell your beau that we won't meet again, that mystery man, but say hi to him.

I hope you like the gifts, I just didn't know what to buy plus you, the girl with everything, ~~has~~ a barbie doll. Well enjoy. Please wear the ring and always think of me and that I'm thinking of you.
