Dear Ms. Tolmach:

WOMEN FOR: is a non-partisan volunteer organization representing Southern California women. Our members are active in the areas of education, legislation, conservation, health, welfare and peace. In an effort to further the causes in which we believe, we support candidates and ballot measures of our choice.

To help us with our decisions for the '76 primary elections, we would appreciate receiving the following information as soon as possible: the issues as you see them in your race, your position on these issues, biographical/background data, and any campaign material you may have.

We will review this information and if we feel an interview is indicated, we will contact you.

Sincerely,

Marcia Herman
