

Heartbeat

I started to get these feelings,
but it's like I have to look through a wall.

I know that I can't see you.
It doesn't mean I don't know you at all.

How could love have turned to anger
just when we started to fall?
My knight in shining armor,
I've never loved this much before.

I know I say it's fine
because you are mine.
I know life can hurt sometimes.
I want to hold you say its fine.

But space doesn't keep us apart,
as long as its a matter of the heart.
We will get through this.
Can you listen,
to a heartbeat,
to my call?

This is not what we were expecting.
I can't get used to this,
every day without touch,
every day without your bliss.

We keep arguing.
I think you know what I mean.
Just give me a few minutes.
I am not a machine.

Are you listening?
Lean closer.
I can't hear you, can't be near you.

You can't expect this of me.
When I'm dying, I keep crying,
draped across the floor.
I'm draped across the floor.
Lay with me.

I know I say it's fine
because you are mine.
I know life can hurt sometimes.
I want to hold you say it's fine.

But space doesn't keep us apart,
as long as it's a matter of the heart.
We will get through this.
Can you listen
to a heartbeat,
to my call?
(to my call)

I'm sorry can't give you my all.
