SONG OF PRAISE

There have been demonstrations many times of Leisure Villagers' various talents.

Recently the Arts and Crafts Show revealed a multitude of skills in the products of creative work. Every club which had representative work displayed "museum quality" pieces.

Sponsored originally by the Village Painters under the leadership of Marion Jayne, the most recent show in October had displays by nine clubs, or groups:

Ceramics Mold Decorators, Ceramics Plus, Ceramics (original sculpture), Sawdusters (wood works, practical to fanciful), Origami (paper folding), Camera Club (prize winning photos), Gem and Mineral (polished rocks and jewelry), Copper enameling (more jewelry gems), and the Village Painters with stunning pictures in oil, watercolor, and other media.

All the time the eyes were being filled with art, the ears were being tantalized by the music of Keyboard Club members at the organ. Music — another recognized art form.

Just two weeks after the Arts and Crafts Show, the Women's Club staged their Annual Bazaar. The colorful handmade objects didn't remain long on the tables — people recognize individuality and uniqueness. They were scooped up quickly.

Baking, a time-honored art, was prominent in the set-up of the Bazaar. People truly enjoyed the home made sweets with a cup of coffee consumed right there. Or they purchased a treat to take home.

Hospitality, friendliness, eye-opening creations made the Bazaar memorable. The money earned all goes for charity and good works.

Leisure Villagers, you are tops!

I wish to thank our Security Staff and the young lady that was on duty at 2 a.m. when, desperate, I called and told her I needed help for my husband who was gasping for air and couldn't breathe. As soon as I gave her the address

she said they were on their way; sure enough within minutes they were at the door to help me.

Also, to our friends and neighbors for their care and concern, phone calls, cards and his poker buddies for the beautiful floral arrangement they sent me with their sympathy after John passed away. Their caring and attempt to console me is a great comfort in getting over this trying period of my life. Thank you one and all and God Bless!

Helen Dobrescu V. 34

Thanks to all my dear friends and neighbors in Leisure Village for the many prayers, cards, visits and care packages, during my surgery and recovery.

A special thanks to my sister Celia of Village 32 and to my son Bill for their constant care.

With sincere and deepest appreciation!

Helen Canavier, V.18

I would like to thank all my Village friends who sent me good wishes for a speedy recovery from my recent surgery.

Estelle Schwartz, V 35

I can't begin to say how appreciative I am for all the cards and calls I received wishing me well. I am truly grateful. I am on the road to recovery. Much of it is due to the sincere and good wishes of you, my friends in the village.

Pool Renovation To Be Delayed Until Spring

By Lois Atz

The LV Board of Directors is announcing that pool repairs originally scheduled for November will be deferred until April of next year. The planned re-plastering of the pool will be combined with replacing the decking at the same time. The spa deck will also be replaced.

This strategy will benefit the Village by reducing the overall cost of renovating the pool and by requiring only one shutdown period of approximately six weeks, resulting in less inconvenience to residents.

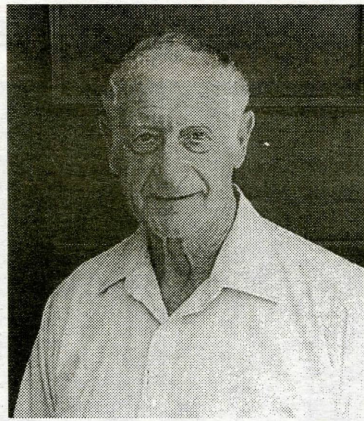

This rescheduling will result in a savings of about \$24,000.

In addition to replastering the pool and replacing the decking, the renovation project will also include replacing the

pumps, valves and filters. A new pool sweep will be installed. The existing heater will be retained since it is fairly new.

The Leisure Village pool was constructed 25 years ago and now needs a major renovation. Funding for this project will be included in the 1999-2000 budget with an estimated cost of \$124,000. The money originally planned for the work to be done this year (approximately \$50,000) will be shifted to complete conversion of the Shuffleboard Annex to the Recreation Center Annex.

The committee working on this is headed by Susan Rockwell, Recreation Facilities Manager; Ron Ceurvorst of the PRC; and Shelly Runge, assistant to the recreation manager.

Sig Jaffe

Science Classes Starts In January With Jaffe By Sig Jaffe

Sig Jaffe will present the sixth in a series of science courses starting on Wednesday January 6 at 10:00 a.m. until noon and continuing for three more successive weeks. The course is entitled, "From Atom to Adam." It will begin by describing the nature of atoms and small molecules and their participation in world problems such as global warming, ozone layer depletion, acid rain, and air pollution.

This introduction to the nature of matter, will prepare one to understand the

nature of organic molecules and the building blocks of living things, including humans.

Thereafter, the processes of genetics and genetic engineering will be presented along with their contributions to medicine. Inevitably, there will be a discussion of cloning and the social and ethical problems that are associated with this field.

Please sign up in the Recreation Office.

Don't Be Late!

Monthly assessments for homeowners are due on the first day of each month. The payments are **delinquent** after the end of business on the fifteenth of the month.

When the fee collection box in the Recreation Center is removed, all subsequent payments are subject to a late fee and must be taken or sent to the Administration Office. The box is usually in place in the Recreation Center by the Thursday before the Monthly Open Board Meeting.

Genevieve Leventhal, V.25, will be Chief Election Inspector for the Board election to be held in June 1999.

PLAYERS GUILD

By Anne Wolfson

The Players Guild Workshop for November was a huge success with Jack Silver doing his interpretation of "Mark Twain." Jack puts his whole heart and soul into these monologues and the audience was sure they were watching Mark Twain in person! If you missed this workshop, you really missed a terrific show!

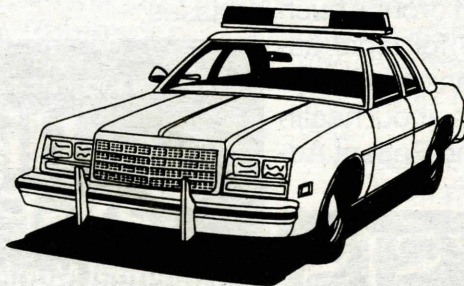

On December 17 the Guild will have a Holiday Party at the Marquee Dinner Theatre, and it will be Members Only. Tickets may be purchased Monday, Wednesday and Friday in the Lobby. Tickets will be \$20.00 per person. There will be dinner, dancing, and entertainment!

The March Production "The Curious Savage" has gotten underway with try-

outs having started October 31 and will continue until a cast has been selected. This promises to be a very funny play, written by the same author as "Teahouse Of The August Moon" and other well known plays.

Rolling Stops A No-No!

Residents taking the AARP's 55 Alive driving class are instructed to bring their car to a full stop at a signal or stop sign, then count "1-2-3" before putting their cars in motion again. Following the "1-2-3" rule can help reduce the number of traffic citations handed out in Leisure Village for rolling stops.

LOOKING AT CHANNEL

By Jack Whalen

Highlighting December scheduling will be a great holiday treat on Saturday, December 19 at 10:00 a.m.; a scenic tour of the Hawaiian Islands, exploring each of the islands, their origins, their historical development and their status today.

The producer of this telecast is a grandson of a Channel 8 member and it is an outstanding production. Those who are home to view it, may wish to make a tape. It is that good! Run-

ning time is 1 1/2 hours.

While the "run" (24 hours of meetings and events, etc.) will continue during the month of December, Channel 8 will run only the Hawaiian special, then stop telecasting **feature** programs until Monday, January 4 at 10 a.m. when the first open Board meeting for 1999 can be seen live.

Happy Holidays to all from your friends at the Channel 8 studio.

Reclaimed Water Costs

Reclaimed water plans by the Camrosa Water District were discussed recently by Al Fox, Water Commissioner and villager. He cited a cost of \$200 per acre-foot for reclaimed water versus the present cost of \$500 per acre-foot for water from the Metropolitan Water District. Reclaimed water would be used in the Village for irrigating the common areas and the golf course.

Its Your Time Use Our Connections

A Spring Celebration

A "FUN SHIP" CRUISE to BAJA, MEXICO

April 5 - 9, 1999

THE MOST FAMOUS FACELIFT IN LOS ANGELES

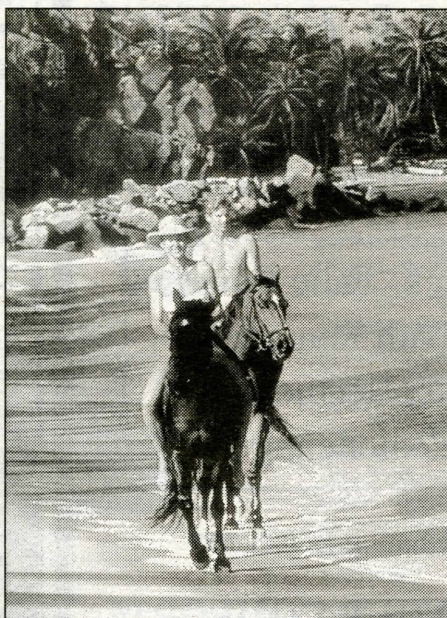

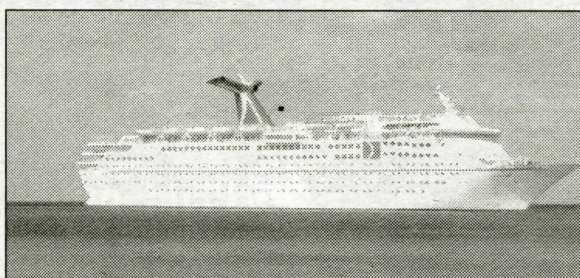

One of the most popular Carnival "Fun Ships", the HOLIDAY, has just been restored, rejuvenated and revitalized. It dazzles with new lights, floors, theme rooms, walls, ceilings, an expanded gym and a spectacular promenade. Now, sail on our 4-day getaway to Ensenada and Catalina Island on a Carnival "Fun Ship" that feels brand new.

A TASTE OF THE GREAT WHITE WAY

The completely redesigned and enclosed Promenade is lit up like Broadway with a fiber-optics ceiling, black and white tiled floor, taxi-themed seating and a decor that features the lighted marquees of such famed theatres as the Palace, the Royale, and the Empire. They've done everything but put your name in lights.

CATCH THE 5th AVENUE BUS

One of the most popular hangouts on the Promenade, the Bus Stop, has also been Redesigned and has many tables where you can sit and enjoy an ocean view. You can even take a seat on the ship's authentic city bus before you transfer to your Next stop: the Gaming Club Casino, the Tahiti Lounge, the late night Reflections Dance Club or one of this ships other hot spots.

LESSON ONE: CANTINA, MARIACHI, MARGARITA

These words will come in handy when you visit Ensenada on the rugged Mexican Baja. But then, so will "wow" when you see La Bufadora, a natural geyser, spray 50 feet in the air. When you visit the town's historic cantina, words won't be necessary, because everyone speaks the universal language of music and laughter.

A FAMOUS HOLLYWOOD PLAYGROUND

In Hollywood's Golden Age, Catalina Island, just 24 miles from LA was a hideaway for the Stars. It's still a popular escape for the rich and famous. You'll realize why when you visit the picturesque and Peaceful town of Avalon.

A GREAT SPRING HOLIDAY

This "Fun Ship" sails Monday, April 5, 1999 from the Port of Los Angeles. Prices start at just \$429* for inside accommodations and \$489* for oceanview. Come aboard for the ideal getaway and the best of all possible mini-vacations.

Know Your Community Resources: Camarillo Health Care District

By Lillian Hawthorne

This is the first in a series of articles about resources in this community that offer special services for seniors. This is not intended to make any recommendations or preferences but to provide information which may be helpful.

The first resource selected for presentation is the Camarillo Health Care District (CHCD) because it is the largest one in terms of variety of programs offered and number of clients served. The CHCD was established in 1969 by the State of California as a special public not-for-profit local government agency. Its mission is to serve the health needs of the greater Camarillo area: City of Camarillo, Somis, Las Posas and Santa Rosa Valleys through a range of direct and indirect programs which include education, prevention, treatment and support.

According to Jane Rozanski, the Chief Executive Officer, since its founding, it has expanded from approximately 12 programs to almost 1000, and from a few hundred people served to almost 17,000 last year. In fact, the agency has just had to enlarge its facilities to accommodate these expanded services.

CHCD is staffed by eight full time and 26 part-time professionals, administrators and clerical personnel, plus more than 200 volunteers. The agency is financed from three sources: property taxes, participant fees, donations and grants.

Fees for services vary with the different programs, and scholarships are available as needed.

Education and information services are geared to the health and well-being of

people of all ages and include classes or lectures on the following: yoga, memory improvement, nutrition, sibling rivalry, alternative medicines, survival for new mothers, menopause and beyond, overeating, meditation, and low calorie cooking, to name a few.

Wellness and preventive programs include inoculation clinics and health screenings for osteoporosis, depression, blood pressure and blood sugar.

Special assistance for seniors is offered through services such as Lifeline for emergency response, the nail care clinic, home companions, and transportation with Care-A- Van. There

are also adult day support services to provide activities, socialization and caregiver relief for special clients.

Individual, couple and family counseling is available to help in understanding and coping with health problems. There are also a number of support groups for bereavement, care-givers, arthritis, women's issues, hearing loss, step-families and others.

In addition to these direct services, CHCD also provides indirect services through contracts with certain non-profit groups such as Grey Law for legal assistance to seniors, HICAP for information about health insurance, and Patient Ad-

vocacy Management for help in negotiating with HMO's.

An official study by the Ventura County Grand Jury in 1997 commended CHCD for being "attuned to the growing health care needs of the community, especially its seniors", and for providing services in "a well-managed and caring way".

CHCD is located at 3639 E. Las Posas Road #E-117. The telephone is 388-1952 for information about programs, application for services or registration for classes.

Emergency Services Organization

By Duane Wain, Chair

The Emergency Services Committee is in regular receipt of disaster preparedness material from the City of Camarillo, such as the "Earthquake Survival Program Bulletin", a joint publication of the Governor's Office and many counties. It covers a lot more than earthquakes, however, including its noting in the latest issue, that as an order to evacuate may come at any time, "...it's important to include plans for evacuation as part of family, business, and neighborhood prepared-

ness efforts." Obviously, the Disaster Preparedness exercise last month was timely!

Because it's so basic, a repetition of the importance of the "Buddy system" is in order! Any of you needing special assistance, but still remaining unclear as to the identity of your Buddy and their continuing ability to assist please, please call your Village Coordinator.

There's a further usefulness of the Buddy System for all Villagers, — if you share rides with a neighbor during an ordered evacuation, the effect will be to cut in half the number of vehicles on our roadways!

Report On Electrical Deregulation

By Phil Belsky, member
Purchase Research
Committee

In May 1998, the Purchase Research Committee reported that an alternate electrical service provider instead of Southern California Edison had contracted with four Leisure Village residents to provide electrical power on the promise of electrical power cost reduction. As of this date, the alternate service provider has not been able to fulfill this promise.

The company representative was called and he reported that no cost savings could be realized for residential electrical service until the year 2002, at which time the Competitive Transition Charges ("CTC") now on electric bills as authorized by the California Public Utility Commission, will cease to be assessed.

Another service provider also contracted with a L.V. resident and has provided electric power for several months with no apparent cost savings.

This confirms the information previously received from Southern California Edison: CTC charges as authorized by the California Public Utility Commission would not offset any savings offered by alternate service providers until early 2002.

Until now this has been an exercise in frustration. In spite of advertised discount cost promotions by alternate providers, there is no further cost benefit available for residential electric power users beyond the original January 1998 SCE 10% rate cost reduction.

The Committee is now in a holding pattern and will continue to monitor the situation.

What Can Be Put Into Recycle Bags

By Margrate Gowder

An article appeared in the January 30, 1998, issue of ILV with a similar headline. There are many new residents in L.V. as well as many who have lived in L.V. for some time who might benefit from a repeat of the article.

The following is a report of what the January article included.

Harrison Industries, who handle the trash and recycling pick-ups in L.V., have published a pamphlet listing the following things which are acceptable unless otherwise indicated:

Newspapers and all that comes in them. Please put in a bag, type unspecified. Magazines, including catalogues, are all O.K.

Papers and junk mail. All types and colors of mixed paper. Put into see-through bags.

Cardboard boxes, flattened, also paper bags, egg cartons, cereal type boxes with plastic or wax paper inserts removed.

Glass—all food and beverage containers, empty and clean, labels and lids on are O.K.

Plastic bottles, clear and colored, with a "1" or "2" in the triangle on the bottom or side. This includes large milk, water, or juice bottles.

Metal containers—all food and beverage cans, empty and clean, labels and lids on are O.K.

No plastic grocery bags. At present Harrison has found no one to recycle these but many of the markets have a bin for recycling located in the front of the store.

No styrofoam, no flower pots, hoses, PVC pipes, etc.

No food, landscape materials, bathroom wastes, oil, chemical, or liquid waste.

Defibrillator Fund

The Defibrillator Fund has collected money to buy three defibrillators. More donations are needed to cover the cost of training L.V. Security staff and pay for the required oversight by a physician. Checks from clubs or individuals should be written to the Leisure Village Association for the Defibrillator Fund.

Profile: Ken And Marge Lorraine They Endorse LV Lifestyle Since Move-in

Photo by Vic Fledge

Ken and Marge Lorraine

By Jack Whalen

For over a year ILV featured many fine 90+ neighbors. Let's do a turn-around and start featuring new arrivals, singles and couples, who are not only quite young in age but "youthful" in their every-day activities. The first couple in the search for new arrivals is Ken and Marge Lorraine of Village 41. They moved here in February, spent two

months visiting friends and relatives on the East coast and are now settled in an attractive home in a semi-secluded area.

Ken was born in Utica, N.Y. and following schooling, was involved in both the construction and aerospace industry. Marge, whose birthplace was Watertown, N.Y. moved to Utica at an early age, met Ken during high school

days and they were married soon after.

Marge worked for the Navy in Washington, D.C. while Ken spent several years in Army service.

They came West in 1955, settling in the San Fernando Valley where Ken continued with aerospace and construction work while Marge worked as a special educational assistant.

In 1972 Ken started work for the Postal Service and continued that work until retirement. During that time Marge became acquainted with Bob and Lois Atz. Bob is currently serving his second term as a Board member while Lois is co-editor of ILV.

In their words "they looked everywhere up and down the coast" for the perfect retirement location. They believe they have found it here.

Both quickly plunged into sporting activities. They love to ride the bike lanes,

both enjoy our sporty Par-3 golf course and Marge is starting tennis.

Wednesday night will find them in the Rec Center playing duplicate bridge with 30 others.

They are parents of three sons, one living in Simi Valley, one soon leaving the military to live in New Jersey and the third an Arizona resident. They have four grandchildren.

What are their early reactions to living in LV? "We love the lifestyle" says Marge. "It even exceeds what we had looked for in retirement. We have attended several Board meetings and believe those members are doing a truly great job."

INTERNATIONAL FOLK DANCE CLUB

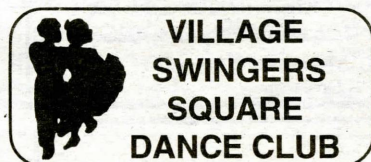

By Marilyn Goodman

The International Folk Dance Club wishes everyone a most happy Thanksgiving.

This group dances to the music of Europe, the Balkans and Israel.

They meet on Monday from 1:00 p.m. to 2:30 p.m. for beginners; from 2:30 to 5:00 p.m. for true beginners. Mae Sheff instructs on Wednesdays and Fridays from 9 a.m. to 10:30 a.m. for advanced dancers, with Virginia Calahan leading us. All dancing is in the AR.

This is a very congenial group and because the instructors are villagers who enjoy this activity and are so patient and very helpful, they have made the learning process simple and fun. Do join us.

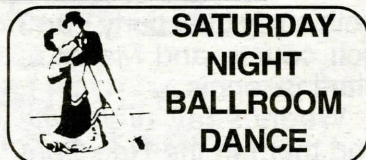

VILLAGE SWINGERS SQUARE DANCE CLUB

By Arnold Rich

The Village Swingers Square Dance Club held their general membership meeting on the second Tuesday of the month. Faye Rich, Dubby Carmona, and Lucy Coke were wished a happy birthday by the Swingers. All were born in October.

The Halloween Dance took place on October 27. Mary Kay Franey decided to give prizes for the best costume. President Mary Kovach won first prize for appearing in a half man half woman costume. Hal Hudson was second wearing a huge sombrero and a Mexican Serape. Refreshments were served. They consisted of donuts and cider.

The Swingers dance every Tuesday evening from 7:00 to 10:00 p.m. in the AR. Bill Kramer is the caller and refreshments are served.

SATURDAY NIGHT BALLROOM DANCE

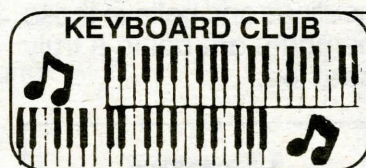

By Anne Janoff

On November 28, the regular Saturday Night Ballroom dance will be hosted by Hildi and Herman Taylor. Prior to that, Joe and Charlotte Romero held the host post for the November 14 evening. Attending dances during Holiday time is a good way to enjoy the spirit of the season with friends and fellow villagers, dancing to popular music re-

corded on tape by top name dance bands.

December 12 is the date for the Christmas Holiday Dance. This festive occasion will include some seasonal goodies to add to the regular coffee, tea, punch and ice refreshments. BYOB. The usual dancing from 8-10:30 p.m. in the A.R., fifty-cents per person.

As always during this holiday season, many villagers have visiting relatives and guests. All are welcome to come and share in the pleasure of dance evenings.

KEYBOARD CLUB

By Gudi Amerikaner

The October 16 meeting of the Keyboard Club was a most pleasant experience, a brief business meeting preceded the musical entertainment. Bill Marvel started at the piano and later at the keyboard was followed by Ruth Acker at the organ and Harry Anders with his lively piano renditions. The club's President Jules Nayfack was the concluding artist,

at the organ.

Margaret Nayfack announced that there to be a very special entertainment on January 22, details will be announced later. All were treated to delicious refreshments.

Regular Keyboard Club meetings are on the third Friday of each month at 1:30 p.m. in the Assembly room. Everyone is invited and the club is actively seeking "new talent" to add to the entertainment. Just call Jules at 388-2196. Channel 8 will carry all timely announcements.

Liedeleers

By Selma Lich

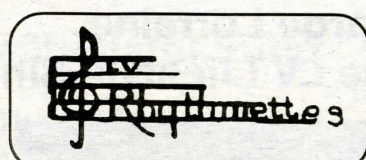

November being the time for giving thanks, the Liedeleers singing group celebrated another year of togetherness with deep gratitude for the gifts of life, friendship, and musical expression.

The annual Leisure Village Interfaith Thanksgiving Service is, to the members of the group, an inspiration and a reminder that Thanksgiving Day is more

than "turkey day," that it is a time for introspection, and a time to be grateful for the opportunity to meet with other music devotees and to explore the music of their own and diverse cultures.

The Liedeleers continue to meet on the second and fourth Tuesdays of each month at 10:00 a.m. in the Lanai Room. All villagers are welcome. Singers and instrumentalists are encouraged to drop by and give it a try. No intimidating auditions are required. For information please call Selma at 484-8129.

**VERY EARLY DEADLINE
For Inside Leisure Village
Tuesday, December 1
(Publish December 18)**

By Jeanette Ventura

The Rhythmette Club members are so proud and happy to have had the opportunity to entertain at the Camarillo Convalescent Hospital on October 30. The patients and personnel enjoyed the entertainment as much as the performers.

All the Rhythmettes give special thanks to Piff DeSimone and Lily Baker

for making it all possible with their special talents. The Club members were richly rewarded by the wonderful group that were assemble to greet us, and we all joined in on the Ice Cream treat.

The Rhythmettes invite all villagers to come on Tuesdays at 1:00 to 2:30 p.m. in the AR and enjoy all the beautiful holiday music that we will be rehearsing, for the Tree Trimming on December 7. We wish everyone a Happy Thanksgiving Day.

Sing-A-Long

By Margarete Nayfack

The Sing-a-long group had two fun filled song-fests last month. News of our group is spreading and we were approached by a friend who asked to bring 20 people from his church group. These lovely people joined in and a great time was had by all.

The evenings always

start with music for listening (or whatever) by our talented Guy Moshier at the keyboard from 7:00 to 7:30 p.m. Then gifted Ethel Belanger takes over and the singing starts.

Bring your friends and come join the fun at our sing-a-longs on December 14 and December 28 at 7:30 p.m. Listening music starts at 7:00 p.m.

L.V. RACQUET CLUB

By Betty Kumler

The Racquet Club is announcing the paddle tennis lessons resumed on November 18 with instruction by Bob Kumler, David Oviada and Jerry Doctrow. Lessons will be from 11:30 to 1:00 p.m. each Wednesday. The 40 new paddles are adding interest and impetus to the game, and keeping elbows, arms and shoulders a little healthier.

The combination paddle tournament and pizza party was an overwhelming success but more attendees are needed to participate as paying guests. Winners eat free, losers pay only \$3, and just attendees and spouses pay \$5.

There was discussion about the need for paddle tennis courts in the community. Such a great game should be being enjoyed by young and old in Camarillo. A visit to the Recreational

District might disclose possible interest.

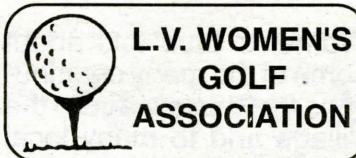

Information is not yet available as to a tournament in December or one in Las Vegas.

The Club voted to add another \$150 contribution for the Defibrillator Fund.

The Annual Dinner Dance was held October 17 with good food and good music.

The mystery guest was Bill Klee. His recollection of the military became an audience participation when the places he mentioned were similar to the experiences of others. His vision kept him out of the RAF but he was an observation pilot. He traveled overseas on the Liberty Ship, Richmond, unescorted for 31 days. He recalled many boyhood friends who were killed.

The meeting was adjourned for refreshments by Ginny Dunnion, the Kumlers and a special treat from Fran and Mel Frank to celebrate their 15th wedding anniversary.

By Lillian Mankoff

The Leisure Village Exercise Group continues to attract new villagers to its morning exercise program. A recent article in the Camarillo Star recommended stretching exercises as an important aid to increase blood circulation to the muscles. The article further states that stretching reduces the possibility of muscle, tendon and ligament damage. Flexibility, especially for older adults, is also improved. This was also confirmed by an Occupation Therapist from North Carolina.

Sociability is another important aspect of our exercise program. With our annual potluck dinner successfully concluded, the group is planning some other trips and social events. So all residents are invited to join us Monday through Friday from 8:30 to 9 a.m. the Pool Pavilion.

Woodshop

By Sidney J. Baum

Access to and use of the woodshop have been simplified. A single key is now required to turn on power to the more frequently used machines. The same key can be used to open the tool cabinets. Extra keys will still be required to operate the lathe and router table.

To obtain keys an appli-

cant should be checked out by a member of the committee. A member will be present at the shop each Wednesday from 10:00 a.m. to 12:00 noon. At this time he can assist villagers with minor wood repairs and with instructions on the use of tools and machines.

Current key holders will find that their electric box key is now the single key required for access to equipment and cabinets.

R.V. CLUB

By Kay Murray

All of the recent RV Club campouts have received rave notices. Members have enjoyed the destinations, facilities, and planned activities. The "dinner out" program has also caught hold. Participation has grown to the point that early reservations will be necessary.

Another new concept presented by president Lee Truman is to create a scrapbook log of RVers' trips which could be used as a source for future trip planning.

The next RV Club meeting will be the Christmas party program and installation of officers for 1999. The party will be for members and their guests on December 15, at 7:30 p.m. in the MPR.

Single Active Seniors

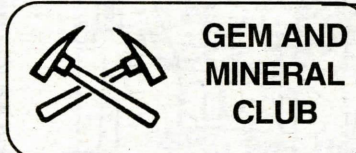

By Zelda Greentree

Last month Single Active Seniors had a very interesting and informative talk by Harry Schwartzbart, Pres. of Americans United for Separation of Church and State. His message was an awakening for many of us. He is available to speak at any time and if you need more information, please call Zelda at 389-9694.

In November the Singles had their first program on aerobics, starting with a video by Oprah Winfrey at the regular Tuesday night meeting. Please look for notices regarding "aerobic exercises for singles"!

Also in November, the group had a wonderful informational presentation by a representative from Elderhostel, and on November 24, Board Member Bob Atz spoke about the Village.

The Singles are planning a terrific holiday party for December. Don't forget to watch for the notices on Channel 8 and look for posters all over the place!

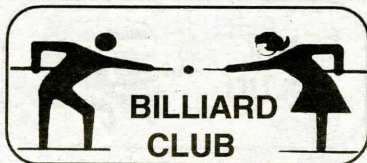

GEM AND MINERAL CLUB

By Don Holmes

During the Gem and Mineral Club meeting in October plans were made for the Annual Party on December 10 after which the club goes into holiday hiatus until January 28. There will be no lapidary

classes until January. Watch Channel 8 for announcements.

The program was an interesting talk on fossils by Arnie Rudman, with a slide show of some interesting fossils. Arnie is a member of the Conejo Gem and Mineral Club, and was introduced by member Lois Bear, who was a member of the Conejo Club before moving to Leisure Village.

BILLIARD CLUB

By Phyl And Sid Yablun

The new slate of officer for 1999 are Edith Dowsing, pres. Sam Kay, 1st vp, Gus Honick, 2nd vp, Ed Donohue, treasurer and Charlie Kent, secretary. Good luck to all of them! They will have 100% cooperation from all of the members.

The tourna-fest was held November 1 and Ernie and Barbara Ohmstedt made it

an affair to remember. Reggie Topping is the Grand Champion of 1998. Norah Topping is the Grand Lady Champion. "B" Flight Champion was Dick Downey. Winners and losers alike, a good time was had by all.

The next major event is the Christmas and installation dinner on December 6. Tickets are \$16.50 each. This is our culminating affair and always a gala evening, so make reservations early!

Sleep in peace, Alex. You will be missed!

SOLO CLUB

By June Few

The Solo Club's annual Holiday Dinner will be held on Friday, December 11 at 6:00 p.m. in AR, \$10.50 per person. This includes wine, hors-d'oeuvres, lasagna, salad, dinner rolls, dessert, coffee and tea. There will also be door prizes, so be sure to bring ticket to enter the drawing.

There is no bag lunch meeting in December. See you all at the party. Happy Holidays to all.

Library

Library facts you may not know:

Did you know that one member of the Library Committee takes the responsibility to make the library attractive and provides seasonal decorations? She also makes "give away" bookmarks.

Come into the Library in the East wing of the Recreation Center, relax in the pleasant surroundings, borrow a book, pick up a free bookmark, and thank Louise Waln.

mentions were by Larry Coleman and Jerry Cohen.

Program night was November 18 and Laura Losito presented a fascinating show on underwater photography. Competition for December will be held Wed. evening December 2, 7:30 p.m. and the assigned category will be "Abstract" photography.

The annual holiday pot-luck dinner is scheduled for December 16 at 5:30 p.m. in the MPR. In addition the winning slides of the year will be shown, and awards will be presented.

Competitions and programs are presented in the MPR the first and third Wednesdays at 7:30 p.m. and all villagers are welcome.

Bereavement Group

By Marion Marshall

The Bereavement Group meets every Thursday at 11:00 a.m. in the GR.

Believing that working through the grief process, Jean Aird organized the group back in 1995 in order to help individuals deal with the death of a loved one.

Psychological, physical, social and economic aspects of this problem are discussed by members of the group. No one in the group is a professional person dealing with these problems, but there is one common bond; that of losing a loved one. Sharing experiences cements the relationship between each member, with relief of suffering and learning to get on with one's life.

Some of the topics discussed are: acknowledge your loss, allow yourself to mourn, recognize that your grief is unique, talk out your thoughts and feelings, expecting to feel a multitude of emotions, being tolerant of your physical and emotional limits, treasuring your memories and moving toward your grief and healing.

The following guidelines are used in the group: 1. Theology is not discussed other than individual's own testimony. 2. No confrontive group therapy techniques are used. 3. No one is forced to share. 4. Expression of feelings is encouraged and facilitated. 5. Gentleness is the key to all interaction. Anyone who has experienced this traumatic event, and who is having a difficult time dealing with it, no matter how much time has elapsed since the loss, is encouraged to attend.

THE SAWDUSTERS CLUB

By Martin Alfred

At the annual Art and Craft Show held in mid October, the Sawdusters had two tables of displays contributed by various members. They were all outstanding works and the members are very proud of them.

At the last meeting, Felice Perkins of the

Women's Club told about some of the many contributions they have made to the Village and to many local charities. Over the past 26 years they have raised over \$100,000.00.

Clary Morgan, a 15-year resident, gave an informative talk on how to maintain homes in top shape for safety, comfort and money saving.

All are invited to meetings on the third Thursday at 10:00 a.m. in the MPR.

Feeling My Years

By Esther Robbins Maltun

The strangest things have happened to me!
I'm not the gal that I used to be ...
My brain, once keen, is like a sieve,
I can't remember where I live!

This morning I started to make my bed,
Forgot and went to sleep instead...
Some time ago I lost my tweezer,
Today I found it--in my freezer!

I tried to tell a joke to my friends
But couldn't remember how it ends...
I met a woman I know so well,
I called her "Bess"...her name is "Belle"...

They tell me that to make things stick
"Association" will do the trick
So I went to the market to get a bread
And bought a pound of butter instead!

I hear the same story from all of my peers
So I guess I'm not crazy...just feeling my years.

CLIP AND SAVE

Guidelines For Contributors To Inside Leisure Village

Reporters and publicity people submitting material to be used in Inside Leisure Village will help out the staff (and may enhance the reception of their material) if they will follow basic guidelines. These include:

1. Type all material, or we must take time to type it, a delay. If handwritten copy is absolutely necessary, submit it early.
2. Use full size 8" x 11" sheets of paper. Odd size sheets can get lost.
3. DO NOT TYPE IN ALL CAPS: stories in all caps must be retyped.
4. Put writer's name and phone number in upper left corner.
5. Leave 2" of space at top of page for our notations.
6. Type group's name and writer's byline.
7. Double space each line and indent each paragraph.

8. Put the name of your group into the FIRST sentence of your story. This makes it easier to match with the right logo, if you have one.

9. Be sure your copy can be easily read. Do you need a new typewriter ribbon? Do the keys need cleaning? No red ribbons, script type or Xerox copies, please. Clean copy prevents misunderstandings.

10. Submit your story on time. Deadline is Monday at 5:00 p.m., usually the first Monday of the month. Deadlines for the next paper are listed on page 2 of each issue. Please check the exact deadline and meet it. All material should be placed in the ILV mailbox in the east hall of the Rec Center.

11. If your story must be late, call the coordinator and tell her when you can

get it in and why it must be late. Coordinator has the OPTION to accept or refuse the copy.

12. Call the coordinator to arrange in advance for a photographer to cover your event. Do not call the photographer directly; he works on assignment from the coordinator only. Planning for each issue, including pictures, starts the first week of each month, so if you want pictures, we need notice.

13. A news story is not minutes of your meeting. Reading about events two months old is dull. What is coming up for your group? Feature future events.

14. If ILV must cut your article because of space, the cutting generally starts at the end, so put your important information at the top, and then give the details.

Mourn Not For Me

By Lou Perlman, V.26

'Tis a far, far better place I go than ever I've gone before
So do not mourn, my wife, my sweet, my love whom I adore
Go wipe your eyes and dry your tears for you see there's no more pain
And best of all, my darling love, I've come back HOME again ,

They say God works in mysterious ways, that's simply because we're blind
He gives us signs in every way but we fail to pay much mind
Haven't we seen the lowly caterpillar turn into a butterfly
Could the caterpillar know as it withered away that it would soon soar through the sky?

So you see, my love, that all is well, there's no need to be sad
I'm here with God and all the Angels and that should make you glad
For my work is done but yours is not, He still has need of you
To spread His joy and praise His name, to do what you must do.

So live life fully, you've much to give, to your family, your friends and yourself
Put that sparkle back in your eye and be my good little elf
For there is no beginning nor any end, there is just Eternity
We are One in Spirit forever more, so please, MOURN NOT FOR ME!

If I Could Live It Over

By Nadine Stair, age 85,
Address Unknown

If I had my life to live over again, I'd dare to make more mistakes the next time.
I would take more trips. I would climb more mountains, swim more rivers.
I would be sillier than I have been on this trip.
I would eat more ice cream and less beans.
If I had it to do again, I would travel lighter than I have.
I would perhaps have more actual troubles, but I'd have fewer imaginary ones.
You see, I'm one of those people who live seriously and sanely hour after hour, day after day.
Oh, I've had my moments. And if I had it to do over again, I'd have more of them.
In fact, I'd try to have nothing else, just moments, one after another, instead of living so many years ahead of each day.
I've been one of those persons who never goes anywhere without a thermometer, a hot water bottle, a raincoat and a parachute.
I would go to more dances.
I would ride more merry-go-rounds.
I would pick more daisies.

Dinner was served family style last year at the annual Village Thanksgiving feast. Shown are one tableful of villagers who enjoyed the food and fun. Similar arrangements will prevail this year for the holiday get together in the AR. Plans are made by Susan Rockwell and her willing crew to provide festive table decorations and good food to help set the mood.
