

tary or secondary school teachers, teachers of English to speakers of other languages, lawyers, or any other profession in which ethnic understanding is important. For example, a growing area for language majors with an interest in computers is in translation and web design.

Many language majors aim for a teaching career. Teaching at the community college level requires at least a master's degree, while teaching high school requires subject matter preparation in the language (French or Spanish) plus a teaching credential. There is currently a demand for high school language teachers due to the foreign language admission requirement in the University of California and California State University systems. There are many opportunities for teaching in elementary schools having bilingual/cross-cultural programs in Spanish.

*This total indicates that a maximum of two courses (6 units) in G.E. Breadth C2 also may be applied to the French major: FREN 1B, 2A, and 2B. Consult a French major adviser for additional details.

Advising Notes

1. *CR/NC* grading is not permitted for courses in the French major.
2. Students must receive a minimum grade of *C* in each upper-division course used toward the French major.
3. French majors who have studied French in high school or who by culture or experience can speak French at a certain level of proficiency must consult with a French adviser to determine which required lower-division courses, if any, may be waived. (Also see *Credit Allowance in Foreign Language*.) French majors who are eligible to enroll immediately in FREN 1B, 2A, 2B, 4, 5, or in an upper-division French course are not required to make up the lower-division units waived. Waiver of required units for the major does not reduce the total number of units required for the awarding of the bachelor's degree.
4. Only 3 units of courses taught in English may be applied to the French major.
5. A maximum of two courses from one department may be used simultaneously to satisfy the General Education requirement and the major requirements. If the French major is the secondary major in a double major (see *Double Major*), this limitation does not apply. Consult a faculty adviser for additional details.
6. Students majoring in French cannot count French courses for G.E. Integration IC.

Credit by Examination

Students who have taken one or more years of a language in high school may not challenge a 1A course in that language. Students who have taken two or more years of a language in high school may not challenge a 1B course in that language. Students who have taken three years of a language in high school may not challenge 2A in that language.

Students who have *completed* the equivalent of ninth grade or more in the native country may not enroll in or challenge lower-division courses. Such students are not exempted from meeting General Education requirements.
