Dear Jane:

Perhaps you can help us receive a large quantity of the small pieces, 2½x5, to be handed out at shopping centers, etc. We would like to have these immediately for distribution at Union meetings, etc.

Can you also get for us further copies of Alan's Labor Day address - that is a statement of his Labor policy? We could use about a dozen copies of this for the Unions.

On September 23, we requested 100 copies of the mimeographed sheet - "Alan Cranston - A Man for all Californians". We have had many requests for this type of information, so hope we will be getting this material very soon.

Many thanks.

Sincerely yours,

Mrs. Frank J. Frost
Headquarters Chairman
