combination of faculty experts, University Lecture Series guests, and various outside authorities address the topic in a weekly public gathering. Honors students then engage with the week's expert in a dialogue that grows from the expert's presentation. The honors director or other faculty is the moderator; our campus community at large is invited as audience.

These colloquia also provide opportunities for faculty to present their own research. The campus can learn about a colleague's research while students experience models for presenting their own research. Finally, Honors students themselves will use the colloquia as a vehicle for publicly presenting their own senior honors projects.
