Dear Delegate:

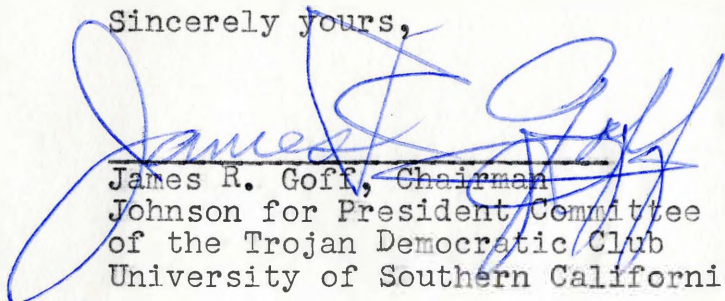

This is a year of great decisions, one in which our country faces many problems that must be resolved effectively. You have a great responsibility in picking the man who will lead our party and our country.

We as future leaders; political, business, and civic, will have to live with the decisions you will make at the convention in Los Angeles. After carefully considering all candidates we have endorsed and fully support the candidacy of Sen. Lyndon B. Johnson as the leader to lead the nation.

Senator Johnson is a proven leader. His maturity and stability of judgement are essential qualities in these trying times. He is a man to whom all factions of the party can rally, he is the man who can win the election.

We hope that your mature and unprejudiced judgement will allow you to carefully consider Sen. Johnson's candidacy for the good of all the people.

Sincerely yours,

  
James R. Goff, Chairman  
Johnson for President Committee  
of the Trojan Democratic Club  
University of Southern California
