Holiday Harmonies Features Lee Herzoff

By Bill Marvel

"Holiday Harmonies," presented by the LV Organ Club on Dec. 5 was well attended and enjoyed by all. Highlight of the evening was the appearance of Lee Herzoff at the new Yamaha X-10 Console or-

gan. Lee has long been an inspiration to Organ Club members and is fondly remembered by Villagers for many concerts and benefits while a resident of Leisure Village.

SWITCH: Board Attacks Termites

Our Pleasant Valley may or may not experience a hundred year flood sometime within the next hundred years, the BIG quake may come within twenty, but in Southern California, termites are an inevitable occurrence.

It seems that many times adverse criticism gets more exposure both on the printed page and through informal communications than does any positive response to action taken by LV Board of Directors.

ILV wishes to commend the approach being made to the problem of termite control. Since nearly all of us share walls with other villagers, it seems almost an impossibility that an infestation can be solved on an individual basis. Therefore some kind of concerted approach seems absolutely necessary.

At the December 1st open meeting the Board has proposed to take these preliminary steps:

1. To secure explicit bids to survey the whole Village to determine the extent of the problem.
2. To decide what we must do about such infestations that are discovered. i.e. Will tenting be necessary in some instances?
3. To formulate a policy on the determination of financial obligation.

This seems a logical approach and we commend the Board for taking these steps.

"PEOPLE HELPING PEOPLE"

By Harry Becker

LVA Board Member Jack Rogers in the October issue of ILV, wrote:

"...we live in a tightly knit community where the theme should be 'working together -- people helping people.'"

I heartily endorse this sentiment. Indeed, that is what is meant by restoring insurance integrity to Leisure Village, whereby the Association resumes payment of the fire insurance deductible from the Insurance Reserve Account.

This account was set up to provide \$1,000 of self-insurance, so that the risk of a fire or other covered loss would be shared by all residents. It is a viable fund of more than \$25,000, and it can be maintained at a cost of \$2.00 per year per dwelling unit, as we have previously explained.

In the recent referendum vote, an absolute majority, 1148 resident-owners, defeated by an almost 3 to 1 margin the Board-sponsored CC&R amendment to impose on each homeowner the responsibility of paying the deductible.

The people have spoken. Why, then is it necessary to seek another legal opinion at a cost of \$4,000 to tell us what we want? Enough of our money has been wasted in this direction. Indeed projections of legal expenses for the next fiscal year, not including the employment of an additional counsel, are more than twice the current legal retainer fee.

Let our theme in LV be "People Helping People" -- not people feeding legal beagles.

BOCCE CLUB DEFENDED

RULE 9.11, Section C of The Rules and Regulation, reads as follows:

"On weekends, the Assembly Room shall be used solely for functions of and for the benefit of the Village residents, including organizations, and not for private parties. This shall include Fridays, Saturdays and Sundays."

The Bocce Club, which is an authorized organization, was allowed to hold a dinner dance on a Friday evening. The regular meeting date was Thanksgiving Day. It was open to all residents, except that non-members of the club were required to pay \$2.00 more than Club members. There is nothing written in the Rules and Regulations which would prohibit a club from charging non-members a higher fee. The dinner dance was open to all residents. According to Rule 9.11 that is all a club is required to do.

The Education and Recreation Committee has accused the Bocce Club of a rule violation which does not exist. I was quite shocked when the Board of Directors agreed with the Education and Recreation Committee in this matter.

I consider this a gross injustice to the Bocce Club inasmuch as there is not a written rule stating that a club cannot charge a non-member more than a member, regardless of what night of the week it is. If there is such a rule then it should be entered in the rule book. If such a rule is passed, then why bother to pay dues to any club?

Phillip LaPorte, V.23

I wish to thank my many friends for their kind expressions of sympathy extended to me on the loss of my husband, Chet. Dorothy Caster, V7

I would like to thank my devoted husband, Jerry, and family and all of our friends and neighbors for their prayers, phone calls, cards, and tributes to the various organizations, and to those who have volunteered their help during my recovery from open-heart surgery.

When I go walking in the village I see the smiles and all the concern of the people I meet. For all of this I say, "Thank you, from the bottom of my heart -- I know you care!"

Esther Knopf, V.6

To my good friends in LV, my heartfelt thanks.

Your support, visits, phone calls, cards and wonderful food has made my knee surgery almost enjoyable.

It is when one is down that true friends are really appreciated.

Marian Tamkin, V.24

We would like to thank our many friends for their cards and donations to worthy causes in honor of our 50th wedding anniversary.

We celebrated our anniversary by going on a month-long vacation. What a pleasant homecoming, to find such a warm welcome as the cards waiting for us. It is great to live in Leisure Village.

"Sliver" and Joe Selden, V.17

To all our friends in Leisure Village: I wish to thank you for cards, thoughts and prayers on the passing of our dear Reggie. My family appreciates the help you all gave, and agree LV is a wonderful place to live, where people love and help one another.

Edith Dowsing and family, V.17

A tribute to our dear friends and villagers:

During our visit to Los Angeles where we went to assist our only daughter who had an eye injury for which she was hospitalized, my husband Leo Igel suffered a heart attack which required an emergency angiography and a coronary bypass...

He later developed various complications which necessitated 3 units of blood, etc.

During this emergency we received unbelievable help from our friends and neighbors. Several people rushed down to L.A. to give blood, our car was taken home, clothing, mail, etc. was brought to us, numerous errands were done for us, and a shower of get-well wishes and donations to various charities were received. Our dear neighbors in V.32 took care of our home.

No words can express the gratitude we feel to be

THE LEISURE
VILLAGE
WOMENS CLUB

By Jeanne Carlson

Women's Club's December meeting had plenty of activity.

Doors opened at 11:30 for Trading Post and the Workshop's Mini-Bazaar. As members arrived to shop or just in time for the meeting, they brought food items or money as a holiday gift for the community. This was donated to Food Share to be distributed right here in Camarillo. Rolland and Valerie Barbeau of V.44 handled the delivery since they are our local representatives to Food Share.

After nominations were opened from the floor, election of officers was held. (See photographs for names, faces, and offices). The motto for the year will certainly be, "Go with Gertie." Congratulations and thanks to all those who serve.

Santa and Ailsa Muldoon give out candy treats

Photo by Stabler

Further discussion of the Club's traditional donations to Village, community, and charity were made. Since there may be some additions, a complete list will be given in next month's issue of ILV.

The program was charming. Fourteen children, ranging in age from 4 to 12, performed in a piano recital. They are the pupils of Mrs. Marie Perkins of Camarillo. Ailsa Muldoon also performed

holiday music on her Irish harp and demonstrated to the children how similar the harp and piano are. Santa Claus, who looked suspiciously like Roy Lester, appeared as well, and gave the children small remembrances in thanks for the concert.

Installation will be at the new Sheraton Hotel in Ventura on Jan. 8. Tickets may still be available if callers contact Betty Walker at 482-2183. The price is \$5.00.

Holidays At Camarillo State Hospital

By Jeanne Carlson

Women's Club and Rhythmettes, accompanied by traditional Santa Claus, Jack Fosdick, provided an annual party to the Geriatrics and Children's wards of Camarillo State Hospital on Dec. 17.

The Rhythmettes have always performed for the

Seniors but this year the children asked for "the music" too. Women's Club took along 135 treat-bags plus fruit juice for all and a check for \$300 to help in refurbishing the Day Room in the Children's Wing. The visit to the hospital is already on the calendar for next year.

CRAFTSMAN

Another name should be added to the roll of woodworkers who have been helping Women's Club.

If you have wondered who made the clever wooden Christmas trees at the Mini-Bazaar --they were the work of F.J. Smith, V.4. All of his products are hand work. He uses no machine tools and is a great craftsman

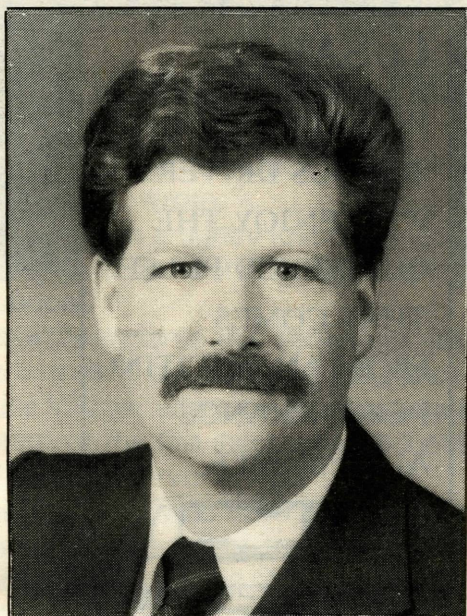

Women's Club wishes all the Village the best of holidays, with many thanks for your support.

Helen Esty To Be Honored

Needlers always take one December meeting to have a "coffee" in honor of their instructor and friend, Helen Esty.

Helen has taught many Villagers to knit, crochet, embroider, and quilt. (She also helps correct mistakes.)

All ladies who have attended Needlers are invited to come by the GR, tomorrow, Fri., Dec. 19, 9:30 a.m. to 11:00, to have coffee and honor Helen.

BOOK REVIEW GROUP

By Jeanne Carlson

Book Review will meet Jan 12. at 10:00 A.M. in the GR and will thus mark the opening of its sixth year of operation.

The late Rose Maas first organized the Book Review Group in 1981. Early meetings were held in her home. Soon there were too many listeners for the house and the group moved to the Center. Rose led the program and gradually Janine Blymyer took on the same responsibility. The present leader is Jeanne Carlson who has been working at it for the last several years with the help of occasional guest reviewers. Anyone interested in

reviewing should call 484-5662 to volunteer.

Book Review is not a club and has neither officers nor dues. It is composed of people who drop in because they want to listen and read. Everyone is always welcome.

The January program will feature James Clavell's "Whirlwind." Clavell is also the author of "Shogun", "Tapei" and "Noble House." He specializes in culturally accurate action stories in exotic backgrounds. "Whirlwind" concerns the problems in Iran and is fully as exciting as any of his books.

Book review is always happy that Ch. 12 takes the trouble to televise many of the reviews and is glad to hear that shut-ins often enjoy the programs. Thank you, Ch. 12.

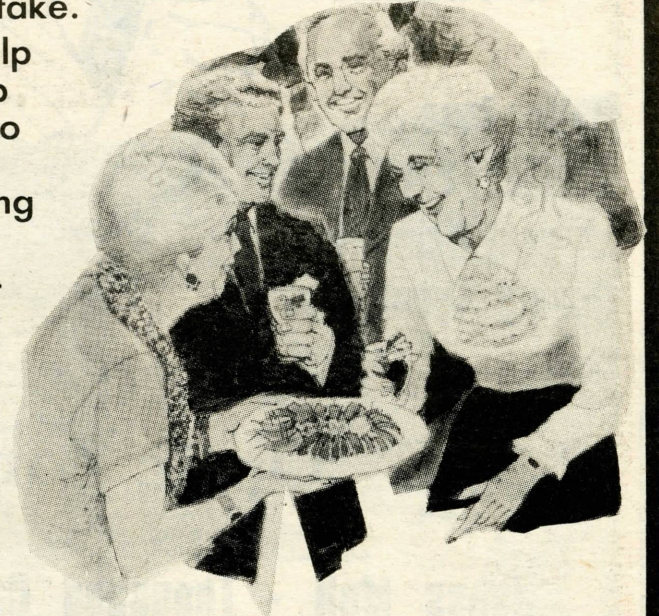

Both East and West gates will be CLOSED on Both Christmas and New Year's days.

Spiritual Growth group enjoyed a Christmas brunch Dec. 2

Spiritual Growth Brunch

The Spiritual Growth Group celebrated the season with a special annual Christmas brunch at 10:30 am, Dec. 2 at the home of the Oberg's in V.11.

Honored guests included Bob Edwards, Jim Pederson, and Bud Qualley, the three men who have been our special teachers of the Bible

throughout the year, and their wives. Marlene Hardy and Hazel Sultan also joined us.

Bernice Jenkins was in charge of the program, and Violet Shirk gave the Christmas message. Bob Edwards sang several Christmas songs. It was a festive occasion ending with a delicious catered brunch and a happy holiday spirit.

Voter Response High

By Harry Becker

Voter turnout in LV on Nov. 4 was markedly greater than in the rest of Camarillo and Ventura County.

Of the 3,444 registered voters here in L.V., 2,591 ballots were cast at the polls for city council candidates, a showing of 75.2%. If absentee ballots are counted, by assigning the same 7.9% proportion as in the City of Camarillo, the Village total rises to 2,863, for a grand total of 83.1%.

This contrasts with a total ballot count of 17,895 (including absentee voting) in the City of Camarillo on a city-wide registration of 27,021 -- a 66.2% turnout.

If L.V. totals are subtracted from the city figures, the turnout for the rest of Camarillo amounted only to 63.8%.

Voter turnout for Ventura County was a mere 59.2%. Preliminary figures for the nation indicated that only 37.3% of the voting-age population cast ballots in the recent election.

In the race for the Camarillo City Council, the three who were elected were Sandi Bush, Thomas Martin, and Charlotte Craven; however, in Leisure Village Myrta Boyle received 1,156 votes to Craven's 1,055, not including absentee ballots.

**SUMMERS
SHORTCHANGED**

Have you noticed that the jacuzzi is now being drained two and one-half hours earlier than the previous posted 5:30 time? Which translated means that if you aren't out by three P.M....forget it! The reason, ostensibly is that the maintenance staff suddenly feels that now that we are no longer on daylight savings time, there isn't enough light to do a proper job of cleaning the filter and facility.

It has been well over a year now that an agreement was reached between management and the pool committee to delay the draining of the jacuzzi to an hour when there is a minimum of resident usage. The compromise was 5:30 pm. Is there less daylight now than a year ago at 5:30 pm?

If the absence of sufficient light is truly the factor, I'm sure that enough temporary light could be secured. I'm inclined to believe that with the new Ed & Rec Manager, there is a tendency to forget that the facilities here are primarily for use and enjoyment of the residents and not for maintenance staff convenience...

We feel that we are being short changed. If you, the residents, feel the same, here is what you can do:

Method Of Pool Chlorination Changed

By Betty Murray

According to George Thomas, Recreational Facilities Manager, our swimming pool chlorination has now been changed to the use of liquid chlorine instead of the tablets previously employed.

The Staff will check the cyanuric acid level twice a month, and the ph (acid/alkaline) balance and chlorine levels will be checked four times a day.

Ventura County Health Department advised Mr. Thomas to try to maintain a cyanuric acid level between 50 and 70 ppm (parts per million). If it gets above 100 ppm, the pool should be partially drained and filled with fresh water.

The amount of chlorine needed is dependent upon weather. Bright sunlight rapidly dissipates chlorine while encouraging increased bather load.

Changes in chlorine requirements can vary considerably within any day, especially in a semi-public pool. With our frequent monitoring, additional chlorine can be added as needed.

Commercial pool services generally visit a facility on a schedule of from one to three times per week. Between visits they depend entirely upon the automatic chlorinator to provide a prescribed amount. Thus, depending upon circumstances, the pool may either be over or under chlorinated. For a small home pool, this may be adequate, but not for L.V.

According to an announcement at the December Board meeting, beginning in January, one guard will be employed for an eight hour shift every day during the busiest pool hours.

SECURITY & SAFETY COMMITTEE

By Phillip LaPorte

The Security and Safety Committee met Nov. 13 to approve and refer to the Board of Directors the following proposals as submitted by Chief Max Moses:

1. Structural and interior changes to the gate house. These changes to the gate house would improve efficiency and provide better working conditions.

Board Action 12/1/86
-- approved interior change to gate house.

2. Exterior changes to the median dividers to provide security car parking and visitor parking at main entrance.

Board Action 12/1/86

Orchestra

By Don Holmes

The LV Orchestra rehearses every Thursday from 7:00 to 9:00 pm in the MPR. Don Holmes continues to direct, and his wife, Garnette, has joined the group with her flute. So now, with Connie Andrews, we have two flutes. In addition, our wind section includes two clarinets, Larry Peronne and Art Robinson, with Sam Kedes as our one-man trumpet section. Our saxophonists and trombonist are off on a month's vacation, so if you want to limber up your horn, come around -- you won't be crowding anyone.

If anyone is stout enough to bring his/her own string bass, she/he will be welcomed with open arms. Unfortunately, we have no secure place to store such an instrument, so it would have to

go home after each rehearsal.

Musically, we are playing Schubert's Rosamunde Overture, a suite from Carmen, and Brahms' 6th Hungarian Dance. Last month Don brought in some new music from his library, including Brahms' 7th and 8th Hungarian Dances, and on the lighter side, Waldteufel's Tres Jolie Waltz and selections from Gilbert and Sullivan operettas.

I nearly said "No."

When my daughter called, all excited, to say she'd found the perfect place for me to live . . . I didn't even want to talk about it.

"I have my own place, thank you," I said. "I'm not ready for a retirement home yet."

But Sarah just laughed. "Of course you're not," she said. "That's why Hillcrest Inn is so perfect for you."

"Nothing's perfect," I said, still annoyed.

"Well, Hillcrest Inn comes pretty close," Sarah said. Then she started telling me about their apartments. So complete, she said, a bedroom, kitchenette and a sitting room, and plenty of space for my rosewood table and Grandma's rocker. "You can be as private there as you are now," Sarah said, "but if you want someone to share a game of cards, a talk or a show you'll have friends all around."

I didn't say anything so then she said, "And how about cooking? You're not so fond of that anymore are you? Hillcrest Inn serves three delicious meals a day and you can have guests whenever you want. Linen and housekeeping services are included in your monthly fee, too, and there is chauffeured transportation to take you wherever you want to go."

"I could never afford it," I said.

"Yes, you could," said Sarah. "Add up what all that is costing you now. And the location is so convenient you'd be able to see your granddaughter twice as often as you do now."

That got me to visit Hillcrest Inn, of course, as she knew it would. And once I'd seen the model apartment and talked with the staff, she knew exactly what I'd want to do next. I've made my reservations and will be moving in sometime next spring.

I haven't told Sarah how excited I am, though . . . she doesn't need to know everything. But it scares me to think that I nearly said "no."

HAPPY HOOFERS

By Rawza Kramer

"Ready now Happy Hoofers, this is waltz time. Take your places, two lines, one on each side stage back. Right foot ready -- right, left, right. 1-2-3-, up on your toes, arms up too. Pretend you are holding a long full circle skirt. When you meet center stage, cross right shoulders to the opposite side of stage. Move -- move."

As you see, we are working on our show, and we have two new girls who have recently joined the Hoofers; Shirley Fox and Laurel Fleming.

At our show at the Officers Club in Point Mugu for the Women's Veterans of Foreign Wars we encountered one of the most enthusiastic audiences ever, especially for the military routine by our professional dancers Sophie Lebekin and Helen Gold.

The Rhythmettes

By Margaret Hines

The Rhythmettes are having a very busy December. We played for the Tree Trim, entertained at the Camarillo Convalescent Hospital and Camarillo State Hospital.

At the State Hospital, we went first to the children's ward, then on to geriatrics. Jack Fosdick was with us again, as Santa, with plenty of "Ho! Ho's!" Everyone loved him and enjoyed our music.

On Dec. 23, we will relax and enjoy ourselves, with a luncheon at Peking Inn for members only. Happy Holidays to all of our friends.

LOOKING AT CHANNEL 12

By Jack Whalen

"Were You There?" a new 5-minute vignette is being shown each Monday at 5:00 pm, featuring photos of local L.V. club activities. The photos are from Al Levinson's giant collection of excellent still photographs.

Ch. 12 is working closely with our Landscape Maintenance Chief, Terry Craig, in producing instructional tapes in Spanish on the pruning and trimming of our trees. They are calling on the expertise of Jim Downer of the University of California, Ventura Farm Extension. Seminars are now under way and a custom tape will be produced and this will surely result in better pruning by our landscape people.

The first Board of Directors Meeting for 1987 will be televised live at 10:00 am on Monday, Jan. 6. Our Board would like to have you attend in person, but if that's not possible, tune to Ch. 12. Those not able to attend or view that day will find the events shown again on Sat., Jan. 11 at 10:00 am.

THE
CERAMIC PLUS
CLUB

By Don Holmes

The Ceramics Plus Club continues to sponsor two classes, one in beginning ceramics and the other in glazed enameling on metal. The ceramics class is held every Thursday from 1:00 to 3:00 P.M. in the ceramics room. Join the group and see what ideas you have lying dormant, just waiting for that gob of clay to take shape.

The glazed enameling class, headed by Joe Poliak, assisted by Monte Robson, who in turn is assisted by Ben Smithkin, meets in the ceramics room on alternate Fridays, from 9:30 to noon. Drop in and learn. Better call Joe at 484-4814 to be

sure you get the right Friday. This process is not painting, with which it is often confused, but is actually crushed glass which usually is fired onto copper, just as liquid glazes are fired onto clay in ceramic work.

The Thursday morning ceramic workshops also meet from 9:00 am to noon. This is your chance to socialize with other potters as well as to "potter around" on your own projects. The club meetings are on the 4th Thursday, but because of the holidays, there will be no meeting in December. The next meeting will be Thurs., Jan. 29, at 10:30 am. in the ceramics room. Note that this is one week later than our usual meeting date.

Until then, have a safe and happy Holiday Season.

LEISURE
VILLAGE
WOODWORKERS

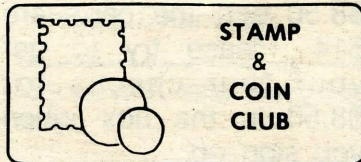

By Bernie Goldman

The program at the December meeting of the Woodworkers Club consisted of the remaining portion of the excellent professional video tape titled "Wood Finishing."

Classes will be held on Wednesday, Jan. 28 and Thursday, Jan. 29 on "Making a Step Stool with the Bandsaw." This is for members who have registered for these classes at our Dec. 4 meeting.

Please note! Inasmuch as the first Thursday in January falls on New Year's Day, our January meeting will be held on Thursday, Jan. 15 at 2:00 P.M. in the MPR. Watch Channel 12 in January for that month's program.

We invite all interested villagers to attend our meetings. We again wish you all a healthy and happy Holiday Season.

COIN
CLUB

By Charles Kaub

The Stamp and Coin Club will hold their annual dinner for club members and spouses at the Charley Brown Restaurant in Ventura on Jan. 6, beginning at 6:00 pm.

First regular meeting of the New Year will be held on Tuesday, Jan. 20, in the CR at 7:30 pm. All interested Villagers are invited to attend and visit with our members. This next year will feature fine slide film presentations from the American Philatelic Society and qualified speakers on our hobby. We also have bingo, auctions, swap sessions and door prizes.

The new officers for 1987 are Oscar Kane, Pres.; Charles Kaub, V.P.; Bob Atz, Secy.; and Morris Katz, Treas.

We wish you all very Happy Holidays.

INDOOR
OUTDOOR
GARDEN
CLUB

By Dora Cronyn

The Garden Club will meet Thursday, Jan. 8 in the MPR at 9:30 for a cup of coffee or tea with friends. The program will be about flower arranging.

Mary Hale, who has been our president for six years, has asked to be replaced, to our regret. Her expertise will be missed and she has devoted many hours to the club. She will still contribute her talents through the Landscape Committee.

We are starting the year with co-officers -

Pres. - Lida Geddes and Claire Sortomme,

1st VP's for programs Joyce Bookwalter and Bill Ross

2nd VP's for membership Doris Neal and Ivy Lindner,

Secy. - Marion Sanders, Treas. - Lucille White.

Bring a neighbor and join us for a year of exciting new programs, trips and activities. Dues are now payable - \$6.00 or \$9.00 for a couple.

GEM AND
MINERAL
CLUB

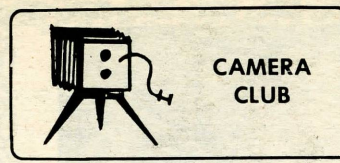

By Don Holmes

The Gem and Mineral Club will have no December meeting because of the holidays. The next meeting will be Wed., Jan. 28, when Tia Perlman will talk to us on "The Lore and Legends of Crystals."

In the meantime, don't forget the "refresher workshops" every Monday afternoon, in the Lapidary Shop from 1:00 until you get tired, usually around 3:00 pm.

So come join us. These are not formal classes, but if you need advice -- or sympathy -- when your stone breaks, we are there to help.

Enjoy your holidays.

As we top off 1986 and head into the Holiday Season, it is natural to reminisce and reflect on the past 12 months. It also affords us an opportunity to thank all our clients and friends (actually, those two words are synonymous with us) with whom we had business or social contacts. Successful real estate is largely based on trust, anchored on a solid bedrock of professionalism.

With that as our guidepost, we look forward to the new challenges - and opportunities - that 1987 will bring.

Current Issues Forum

By Lou Sirotnik

The Nov. 28 meeting on "Is Big Brother Already Here?" was an extremely interesting and enlightening presentation in spite of the relatively small attendance, obviously due to the Thanksgiving Holiday.

Nevertheless the speakers, Dr. Leonard Diamond and Philip Cohen, very able and intelligent men, held the audience's attention throughout the meeting.

Dr. Leonard Diamond, a practicing psychologist in Camarillo for 21 years, a member of the Pleasant Valley District School Board and, who after next week, will be president of the Board, has been a speaker before the Forum in the past.

Dr. Diamond said: "Everybody has frailties, integrity and fallibilities." He mentioned spiritual beliefs, that religion or some power bigger and stronger than us, predominates our thinking. As a matter

of fact, he stated, we can believe in anything we wish to believe in.

He compared our government to individual family life. Our government is a great power which directs our lives and practically our rights. This was his way of saying Big Brother is already here.

Philip Cohen, a lawyer in Ventura County for 23 years, president of the Camarillo Bar Association and president of the Ventura Rotary Club, also spoke to us two years ago about the George Orwell prediction. Mr. Cohen's cautionary words were "Be Vigilant." He mentioned that U.S. Supreme Court Justice Louis Brandeis, while still a law student, had written a controversial article entitled, "The Right To Be Left Alone."

Mr. Cohen said: "All laws are morals but not all morals are laws." The privacy act was passed by

CURRENT ISSUES FORUM CALENDAR

Speaker is Dr. Arleen Forsheit, lecturer on global issues since 1975 and co-founder of "Beyond War Movement." Topic is "Way to Peace in Central America." Friday, Jan. 2 in the AR at 7:30 P.M.

legislation in 1974. Later the FOIA (Freedom Of Information Act) was enacted. Fourth Amendment cases arise almost daily.

Data banks, electronic technology, computers, etc. have reached a high state of perfection which can delve into one's intimate life by means of remote control - no telephone bugging or tapping necessary. The average American is listed on computers with almost every form of company or enterprise in the U.S. Mr. Cohen said that Stanley Mosk, a Judge on the California State Supreme Court, made the statement that technology is overstepping it's boundaries.

One questioner asked for Mr. Cohen's reaction to Rose Bird's defeat. Mr. Cohen said that even before Ex-Governor Jerry Brown appointed Rose Bird to the California State Supreme Court, he (Mr. Cohen) was against her. He felt that there were more competent persons. But later Mr. Cohen had second thoughts, saying that Ms. Bird is "an honest and gutsie person."

A second question was in regard to bookburning. Dr. Diamond said that invariably at each meeting of the P.V. School Board there appears one person in particular who wants certain books eliminated from the curriculum or school library but who is, fortunately, voted down by alert School Board Members. Dr. Diamond said that such people are generally found scattered throughout the United States.

VARIETY
GUILD

By Ruth Wideman

Variety Guild Director and President, Joan Johnson, tells all (well, almost) in a TV interview. Read Ch. 12's program schedule for date and time.

The next big show will be "My Fair Lady," which promises to be absolutely, positively and for sure the greatest. How can it miss?

The Holiday Dinner with the Village Players was really a BALL! Program Chairman of the Players, Irv Leeds, provided the entertainment, "Can You Top This," and believe me, you couldn't.

The program began with Roie Beck and Piff DeSimone singing a delightful song of holiday cheer, followed by Dorothy Karlin doing one of her sensational mimes "My Birthday Comes On Christmas." A new member, Irving Ellison, entertained with several of his fabulous stories and then challenged the guests to "Can You Top This?" The rest of the evening was hilarious and had the AR rocking. It seems everyone tried to "top" his stories.

VILLAGE
PLAYERS
WORKSHOP

By Ruth Zupa

An estimated 900 LV residents heard the tone of THE SILVER WHISTLE last month. This delightful

comedy (the 10th Anniversary production of the Village Players) aired the theme which undoubtedly relates most closely to the lives of us senior Seniors. The message of hope, the futility of resignation, the revelation that one need never be over the hill, because just ahead there is another hill to climb - such was the inspiration which stemmed from this beautiful play.

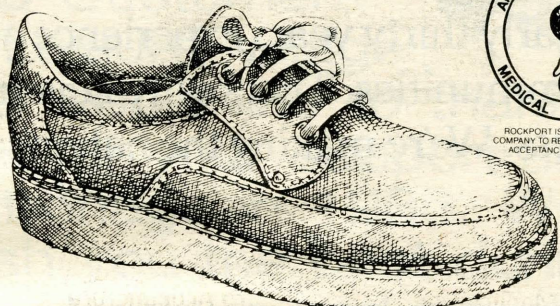

We congratulate John Zoller for his excellent choice of this poignant comedy. Indeed the entire cast, including the regulars and the new faces, performed with realism. The still picture, by way of introducing the cast, was a gem of an idea. Then, the moving picture proceeded flawlessly throughout, as the audience became entranced in the story.

The artistic touch of Helen Gold and Claire Robson enhanced the set effectively. Such was the 1986 production by the Village Players. Ahead, in 1987, lies another hill to mount.

The Village Players with the Variety Guild Dinner Party was Dec. 11.

Sewing Committee

By Audrey Reid

The sewing committee has cooperated actively with the Board of Directors and the General Manager in the selection of the New Home sewing machines recently purchased.

Funds for the purchase of four new tables for the machines were donated by the Women's Club. While waiting for the new machines to be delivered, the Committee developed procedures to be followed to protect the new machines.

A training session is required before a person may use the New Home machines. After completing this session a card will be issued which entitles the holder to pick up a key from the Recreation Office. This key will open a cupboard in the Sewing Room which contains equipment for using the new machines. The following people will provide training for certification to receive a key:

Betty Langston 987-1808
Charlotte O'Leary 987-3264.

Faye Rich 484-9910
June Rivett 484-8768
Sylvia Rudolph 987-9238
Pat Sigafosse 484-5459
Louise Young 484-4122

This list will be posted in the Sewing Room and other names may be added later. When a person calls for an appointment to receive instructions, he/she should bring a spool of thread, scissors, and a few scraps of material.

A sewing class will begin on Wednesday, Jan. 7, 12:30 to 3:30 P.M., limited to 10 persons. Other classes may open. Watch Ch. 12 or call Audrey Reid, 987-2690.

BUILDINGS AND GROUND COMMITTEE

By Margrate Gowder

The members are busy walking their villages and doing a fine job. We still need two or three more members so we can cover all villages each month. We have been getting wonderful cooperation from residents who are taking care of areas for which they are responsible. Sometimes it is necessary for us to remind residents to care for a problem area, and if we cannot contact the resident, we send a note.

We would like to remind residents that red-staked areas are the resident's responsibility to maintain. Bermuda grass has made rapid growth this past summer and many areas have been intruded. We are coming into the dormant season for bermuda, so if beds are rid of this pest, they will look nicer for a longer period of time. It's better not to let the bermuda, or the kikuya, get started for they are almost impossible to get rid of. Also all ivy and the like, which comes from inside the fences, are the resident's responsibility.

Many residents will be having living Christmas trees and may want to plant them on their patio, or common areas around their units. Most such species are not acceptable in the village. If you go ahead and plant your tree, you may be asked to remove it in the near future.

Just a reminder, at the October Board Meeting the Board turned down a request for residents to put plantings around utility boxes. We have allowed plantings which have been well-cared for, outside fences this summer and many residents have commented on the beauty of some of these. Pots outside the fences are unacceptable. Besides the

PEACE ON EARTH

By Sol Robin

The Camarillo Daily News of Nov. 24 reported in an AP dispatch that the nations of the world will be spending nearly \$900 billion in weapons in 1986, a year designated as the United Nations International Year of Peace. Last year, military spending was estimated at \$800 billion, and since 1960, at \$14 trillion.

The report continued that the United States ranks first in military expenditures. The Soviet Union is second in weapons spending.

The United States spent roughly \$268 billion in 1985 on weapons, and the Soviets about \$238 billion, according to the report which was sponsored by the Arms Control Assn., the Rockefeller Foundation and other private groups.

As people of good will everywhere prepare to usher in the Holiday Season which annually proclaims the enduring message of "Peace on Earth, Good Will to Men," it might be relevant for thinking people to consider these authenticated facts: More than a million dollars a minute is spent to feed the military machines in the United States and the Soviet Union. Ten hours of spending could instead feed the world; a mere four hours of that spending could eradicate malaria from the face of the earth. The price of just one modern fighter plane could inoculate three million children against major childhood diseases. The price of one nuclear submarine with its missiles would provide 100,000 working years of nursing care for the elderly. The money spent on world-wide armaments would buy 600,000 schools, or homes for 30 million, 30,000 fully equipped hospitals or 210,000 fac-

ories or a world-wide irrigation system to provide food for a billion people.

There can be no peace until man fights the battle against his own lower nature and conquers the enemy within. Peace is a value which man has always sought: Peace among nations, peace among men, but most of all peace of mind. While man has sought peace outside of himself, he may have overlooked the fact that the peace that will influence all living things will be the peace that is first discovered within himself.

Let's start fighting the real enemy. Our weapons will be humility, modesty, sincerity, cooperation, forgiveness, service, purity, steadfastness, and self-control. Each of us has the capacity to care for others or to nurse a hatred against others. I believe that what will endure the test of time will be goodness, the joy and the beauty that we bring into the lives of our families

The eternal spark within each of us is waiting to burst into flame. At this holiday season dedicated to the spirit of peace, let's light our fire and find true peace on earth and God's will toward all men and women everywhere.

ED WILLIAMS REALTOR

Real Estate Today

SELLING YOUR HOME DURING THE HOLIDAYS

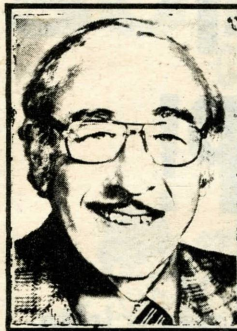

If you think that selling your home during the holidays is a bad idea, think again. There are two basic reasons why the end of the year is really a good idea: one is sentimental and the other quite practical.

There is nothing more inviting than a home during the holidays. Showing your home to its best advantage is easier during this joyous season. A well-trimmed tree, a roaring fire, the smells of holiday baking drifting in from the kitchen, all these elements play an important part in making the prospective buyer feel "at home" in your home!

It's also important to remember the practical side of the real estate market during the holidays. The market's pace will continue to be fast because of the low interest rates. People buying homes today are aware of the time it can take to obtain a loan, so they'll make a point of getting an early start if they're planning a move next year.

Perhaps most important of all the considerations, people are going to be making the most out of the present tax laws before the new laws go into effect in 1987. This can be a powerful incentive to buy a home before the end of the year! Be sure that your escrow closes on or prior to December 31, 1986 to take advantage of the current 1986 tax laws.

Happy Holidays from all of us at Leisure Village Resales. If you're thinking about selling or buying a home, call the broker who really knows Leisure Village: **Ed Williams at 482-2983.**
