00:05:09:23 - 00:05:37:08

Speaker 4

Oh. We are going to find musical entertainment for the pageant. Before and during the pageant were selecting the judges. And in our view, the judges are to the individuals who have made contributions to the Latino community. I have a list of potential judges include professionals in education, business and law and medicine. They're all my little, We will conduct the orientation for the judges.

00:05:37:08 - 00:05:50:24

Speaker 4

And, and also all the interviews will be about the things that we work. And, we'll be selecting the Mr.. Ceremonies and then commentator judges.

00:05:50:26 - 00:05:51:02

Speaker 1

we're.

00:05:51:02 - 00:06:23:25

Speaker 4

Discussing, escorts for the fans and the presenters for pageants will be taking care of privacy in case of problems with presentations, the trophies, the sashes. we'll be selecting the band for the dance. Will be very appreciative. Of what evening? Where? the donated gifts like these. So we've, we've been very busy with scheduled monthly meetings for May and starting and, and you will be starting to meet, twice a month and as often as we have to have it down.

00:06:23:28 - 00:06:52:23

Speaker 4

So in summary, I just want to say that we have an exciting new Coronation Ball planned for American general members and of the guests, and we have a full and exciting agenda and activities for your state Queens before Reagan National Group, and we look forward to seeing you at the 99th Floor Conference. Thank you.

00:06:52:26 - 00:06:58:10

Unknown

Yes, Lord of the State of Michigan. I just need to make sure that.

00:06:58:10 - 00:07:19:02

Speaker 4

We get your name and address. And, our management finance will refer back to us. Or will you be catching content for us? right away. So in case we have any questions, I will leave. It was the three of us who is, who has been appointed by this, has gone on to coordinate the practice of between.

00:07:19:02 - 00:07:43:25

Speaker 4

She and I will make several decisions today. Yes, yes, actually, I started the task rather vaguely. the thing I was going to ask about the competition is if I see the ads on Saturday night. Yes. And most probably not. It will take forever. But I think that happened on Friday, November 20th, Saturday. But I believe that happened on Friday.

00:07:43:25 - 00:08:05:16

Speaker 4

We're teaching the family leadership skills and how to network and how to, you know, get to meet people having to compete on Saturday night pageant. All of a sudden everyone leaves Sunday. She has they don't they don't get to meet with me. I'll talk to Marcella. She was saying that being crowned Friday, all day Saturday, she got to meet more people than she did before.

00:08:05:19 - 00:08:29:02

Speaker 4

You know, people on the forum, people and corporations and and other activities that that she wasn't able to do just in the state leadership. You know, one of the Queen cabinet on Saturday, I think that's taken away from the, you know, the so-called, you know, the glamor of whatever, the American jig for pageantry because Sunday, everyone leaves when you don't see them until next year when they found someone else.

00:08:29:09 - 00:08:46:21

Speaker 4

Or maybe it's like, oh, that was 15. I can't remember her. Whereas Saturday we have a youth luncheon. She sits up there, she's acknowledge she has actually somewhere to wear them from.

00:08:46:24 - 00:09:11:05

Speaker 2

the the I was, I was a local chapter. I asked permission this year to, happen on Saturday. they came before the, board of directors and and them and and the mission, they asked the women first because the rides traditionally the, the, first, the women run the, the Queens pageant regression, European Convention, and Friday, we do have a fight for exactly the same reasons you're saying.

00:09:11:08 - 00:09:34:09

Speaker 2

But what happened this year is, the the county, the local chapter asked permission to take a bit of territory for this convention because they felt they could bring in more people to this pageant. Right. And make it more of a social and to make it more of a city, turnout. They felt that Saturday, would have been better in terms of even more profitable and getting more people to get the media there.

00:09:34:12 - 00:09:52:22

Speaker 2

So they didn't ask permission. we, we we explained to them that exactly what you were doing, what you just told us, and we felt that we should honor their, their request. and this is the only time we're going to do it, and we apologize for that. But but they did ask permission to be allowed in for another consideration of this.

00:09:52:25 - 00:10:19:24

Speaker 2

I'm. And that is the time when they try to go, you know, and then after the Denver were the primaries are held on Friday. Many people leave on Saturday because for them it's over and they go home. And we still have substantial amounts of business to conduct a primary on Sunday morning. So yeah, kind of, tries to balance that out.

00:10:19:25 - 00:10:32:07

Speaker 2

And then of course, enforcement. But, about the profitability of the event and there's no question the majority, but what we're doing for partners, professional for the community. But they Friday night it was.

00:10:32:10 - 00:10:33:22

Speaker 1

They have a.

00:10:33:25 - 00:11:03:21

Speaker 4

Correction. And I wanted to say like how many days I agree this job. And I think when the women decided and they first had the pageant on Friday, the feedback that we were getting that the membership was that we were doing the proper thing because we were showcasing those ways. Those national, please. Okay, I don't agree with you that people leave on Saturday because if I remember correctly and I'm serving, you can attest to that.

00:11:03:24 - 00:11:20:07

Speaker 4

I seem to remember that on Saturday afternoon we had a full group of delegates there. Well, and I don't worry that if we let this reception go this time that it won't happen again because we will be setting a precedent.

00:11:20:09 - 00:11:22:14

Speaker 2

Well, if we lose.

00:11:22:17 - 00:11:35:09

Speaker 4

Part of what we want the Queen pageant to do, and that is to showcase our young women and to develop that leadership.

00:11:35:11 - 00:11:45:29

Speaker 2

But it was not an arbitrary decision on the part of the committee and was brought up in San Antonio. We asked permission and we were graduated. Granted.

00:11:46:01 - 00:12:04:13

Speaker 2

The line for a vote and, we recognize the property belongs to the organization. So it wasn't an arbitrary decision. We sought permission, we received it, and it's right there. I know we're going to do it just again. please go ahead. And your question is that I myself.

00:12:04:15 - 00:12:26:06

Speaker 4

And I, the action was taken to change price and because it was already set that way, we should go that way. Right. Do you think you think that's a problem? Now, we're going to take it from here because we move back in history, right? And, I don't think that's going to happen. And I'm just speaking again from the actual figure.

00:12:26:06 - 00:12:34:07

Speaker 4

I don't think that should have happened. It should remain a one way. Yeah. That's what you got to be mistaken.

00:12:34:10 - 00:12:45:13

Speaker 2

Okay. Thank you very much for coming. Yes, sir. Michael, overcome. One of the things that we're democratic and things are changing all the time in a democracy exchange all the time. They're not set.

00:12:45:13 - 00:12:47:25

Speaker 1

Rules, and they are constantly changing.

00:12:47:27 - 00:13:10:25

Speaker 2

you know, what I was going to say is that this, that the record company from the credit vendor and didn't join up on media contacted me from Austin, but they want to participate in our conference. And I told him, if I can find a sponsor, maybe you can be over there. But I don't know if this is how big this, this conference is going to be.

00:13:10:25 - 00:13:29:19

Speaker 2

You know, we could have people come give them off on because they want to participate in and and imagine the other thing that I want to say before I forget to put my wife, polo, she makes sure that I'm on time at the meetings to.

00:13:29:21 - 00:13:55:05

Speaker 4

See, everyone. Although I agree with the change of what you are saying, observation has been that California has been part of the problem in that area. But we know here's well what I think, what California is. We all know because of what happened in operation. I'll try to stay with you. Giancarlo, information to the left in.

00:13:55:07 - 00:14:12:07

Speaker 4

They try to track down the people there because a lot of of the things I'm afraid of the funding. I think you know, that area will. That is precisely part of the reason why we made that decision calculation. Thank you for time.

00:14:12:10 - 00:14:13:03

Speaker 5

Can I get something.

00:14:13:03 - 00:14:14:03

Speaker 2

To go ahead? You know, the.

00:14:14:03 - 00:14:19:24

Speaker 5

Last coordination we had to sign today is 1986. The, the coordination was an.

00:14:19:27 - 00:14:21:02

Speaker 2

Overflow of people.

00:14:21:02 - 00:14:30:21

Speaker 5

We couldn't even get them into the program. We had 1000 people. This was, this was not the same as if you have one. This was the East Valley, which is are the ones that are doing now, from Santa to the airport.

00:14:30:24 - 00:14:32:13

Speaker 1

And we were just assisting them.

00:14:32:15 - 00:14:36:07

Speaker 5

So. So there will be a crowd and you're going to see a pageant you just never seen.

00:14:36:07 - 00:14:53:10

Speaker 2

Before that, that you have to put for you on farms. You got to. But yes, sir. first of all, thank you very much for your report, Carmen as well. Yeah. You have.

00:14:53:13 - 00:15:20:16

Speaker 2

In 1986, what have been imagine imagine in what we were so God, 30 days before the event on the because it was so that we could get to the people in that community so that. Let me just, first of all, okay. Thank you for, Marcella, first of all, let me personally thank you for your commitment that you have decided to do work me out of the chaotic world.

00:15:20:18 - 00:15:34:04

Speaker 2

I realize that, if I could get your attention, please. That's what. That's how much Mr.. A whisper down. Shut up.

00:15:34:06 - 00:15:53:10

Speaker 2

you should have seen him say yesterday. Heaven. Mr. Martinez, I swear I. Okay, I was ready to give them a record contract. first of all, let me congratulate you for doing a fantastic job. And with all the personalities that you have to work with, you have to work with Tony. You have to work with Leo. You have to do it to be given a medal for that.

00:15:53:10 - 00:16:15:06

Speaker 2

So, and, and you deserve the, the, the recognition you were given. I do want to say two things about your report. Don't, last year, instead of going you. We went with a GPA. you. These are the toughest. These are tough kids. last year, we reached out to you. that may be, for you, but we have here to go up to you.

00:16:15:06 - 00:16:33:06

Speaker 2

Where are our kids that are going to go to college, and they're going to have a successful professional background. The kids are Jacob. They are not so fortunate. We don't even know if they're going back.

00:16:33:08 - 00:16:41:02

Speaker 4

And.

00:16:41:05 - 00:17:08:20

Speaker 4

You know, I to think, Austin ran a there and, seeing what's happening here about the, you know, the difference in the change is that I feel like if they feel with that, you know, change is there from there, they know what they're doing against a challenger. And, I understand that. And, hopefully everybody will understand, and I'll still be okay with that.

00:17:08:20 - 00:17:27:20

Speaker 4

And, you know, they're still the same that just doing it is just, just is time so that, you know, it's it's fine. And, they'll do the best that they can. So I just hope that everybody gets along. That's exactly what they.

00:17:27:23 - 00:17:33:14

Speaker 2

Are working. We get along together. We get it.

00:17:33:16 - 00:17:48:09

Speaker 2

I've had everybody comes up to me and says, I. Is this the way you did everything? Well, we go and we're family again. I don't care what anybody thinks. at this time. I would like to ask, Mr. Morales to please come up.

00:17:48:12 - 00:17:58:25

Unknown

We seniors will be with.

00:17:58:27 - 00:18:05:15

Speaker 4

It's going to say, okay, the fact that there is some states.

00:18:05:18 - 00:18:10:29

Unknown

That do show to.

00:18:11:01 - 00:18:11:29

Unknown

Be just whatever.

00:18:12:01 - 00:18:12:29

Speaker 4

Here's the thing.

00:18:12:29 - 00:18:31:27

Unknown

That.

00:18:32:00 - 00:18:46:21

Unknown

So? So here's my story. Therefore, they need to clarify one thing.

00:18:46:24 - 00:18:50:08

Unknown

That I have.

00:18:50:10 - 00:19:09:24

Speaker 1

That, young people kind of wondering what is going to be going in the future or if they had talked about. So I talked to a family and said the daughter was an attorney, was one of the very significant cases in

California. And I'm sure that when she started law school, you know, would be doing those I'm not sure their parents are from my parents.

00:19:09:26 - 00:19:45:07

Speaker 1

if they were like they attended, would be a problem as well. But the hard part of that is, is that, I also need to thank you. So people before before I can think much more. That is, there's been a couple of people, and it's not because of my best man, but, I mean, the there's they want me to this event, especially, so to me, this past year before I went to Washington was a very difficult year for those of you who may know me, know that was an extremely difficult year for me in terms of, my own personal problems and issues.

00:19:45:10 - 00:20:09:00

Speaker 1

And also, I need to thank, 25. I was and, and then to cars, for being, being very supportive and, that they realize how supportive they are, the person, the person they gave me in in that time, and also kind of feeling some hope that something greater was going to happen to me in the future.

00:20:09:03 - 00:20:26:28

Speaker 1

I remember Victor Garcia. Thomas. father being with me. and he has changed since I was born. And I was feeling extremely poor that day. And it's a miracle that that he said something very good is going to happen to you. I don't know why I didn't do something very good is going to happen to you. And that's,

00:20:27:00 - 00:20:48:20

Speaker 1

And that took place to place, today, this past summer, in July, I got to tell you that in a matter of four days, in a matter of four days, all the things I had been working for, took place. one day I was going to be the, the director of graduate studies at the Morgan State University in Kansas.

00:20:48:22 - 00:21:19:10

Speaker 1

And I car was actually in Denver on the way, way to Kansas to stop to see my family. The very next day, I got a call from the chancellor, Elmore Community College, and I was actually kind of back to San Dimas, really wanted to be, obviously, because Rebecca was there, to go to Department of Labor to work with the Department of Culture, and in four days I didn't know where which my car was headed, but I knew it was had some questions about Denver and and very much for the for those things in place.

00:21:19:12 - 00:21:48:12

Speaker 1

I ended up deploying even though on the back to something I like to, to Washington with the department and the mayor's office, which I'm the deputy director. And, and so I was in that position to come to you, this afternoon. first of all, let me thank you for allowing me to speak to you, because it's a pleasure for me to be here on this and the setting, surrounded by so many friends and many of my colleagues and the people that I've worked with in Texas, because I have known you for 20 years.

00:21:48:14 - 00:21:49:18

Speaker 4

You know how you think what.

00:21:49:21 - 00:22:18:13

Speaker 1

I have and all the people and all of that, all the work I've done in Colorado 13 years, I remember my lieutenant running, day. And without that, I. I feel that those things I learned because of my testimony and and being extremely helpful to that and moving for the future, more so and the Academy and the University of Michigan, there was some University of Denver later, all institutions which I attended the work there.

00:22:18:15 - 00:22:42:23

Speaker 1

But today it comes with a man that was a friend of Oscar, director Palantir's office. where he was in the office of the governor of Puerto Rico. Governor Rossello. this is the office that he maintains is on the U.S. mainland. And during my presentation, I'd like to talk to you about what are you doing? And the promise of \$1 million for a governor for us here.

00:22:42:25 - 00:23:10:00

Speaker 1

or we can tell the mayor's office as a focal point between the government of Puerto Rico, the administration, the federal government, as well as the agencies and instrumentalities of the government of Puerto Rico and the office of our sole representative in Congress, the resident Commissioner of our local in Puerto Rico. Relationships with the federal Government. We have entrusted with responsibility to maintain the relationship with the white House and the U.S. Congress.

00:23:10:02 - 00:23:43:07

Speaker 1

Even though our agency's headquarters are in Washington, D.C. we also have regional offices in the City of New York, Philadelphia, and Chicago. We will be opening up in new fiscal year in office in Florida and office in new Jersey. We are tomorrow. We have tomorrow open up an office in Mexico City. And that is a particularly for us to, strengthen our relationship with the Mexican government, with the people of Mexico, and also to improve our our relationships with the with the American community here on the mainland as well.

00:23:43:10 - 00:24:08:25

Speaker 1

We will also be we will also be, I can tell you, because the discussion is always taking place and how much I stand with the governor and the director for mental, to open up an office here in Texas. We believe because it matters, because of all the opportunities we will be opening up in office, in the Hispanic community, in those in those cities to advance governor Rosales goal of empowering moms and minds or the mother angels of the Latinos.

00:24:08:27 - 00:24:40:26

Speaker 1

Eleanor Roosevelt was invited in November of 1982 and a climate change based on the following goals one. Reinventing government to make it more efficient to reform in Puerto Rico's educational system three. Improving Puerto Rico's health care system for fighting crime in Puerto Rico, five for Rico's infrastructure, and six is stimulating for people's economy. There is first year in office, but the governor, Pedro Sale, has begun to deliver on promises.

00:24:40:29 - 00:24:59:15

Speaker 1

His agenda is revolutionary and that has been inspirational. Most days in the nation. we've actually, I can tell you this that, we have been calling into the white House for quite a few more times, and really, we're not a part of that. But that's not that's not to say that that's that's not going to change will greatly.

00:24:59:18 - 00:25:36:27

Speaker 1

because that's one of the reasons why I'm there. My job is basically to begin to reach out to we go beyond the East Coast and actually reach out into the southwest and the west. In July of last year, Governor Roosevelt held the Hispanic Summit meeting in Puerto Rico to brainstorm with the best minds of our community and to reiterate a commitment to the empowerment of Puerto Ricans and all the things, whether it be an island on the mainland, together here, and we can work, closer to fulfill our, our common operations, our dreams of our families and miners in Puerto Rico, in the U.S., people we believe all that we can do

00:25:37:00 - 00:26:17:04

Speaker 1

in with this union and with this force, we can make, that change. I like to close with a couple words that seem to typify Governor Rosales, commitment to the Hispanic agenda. And that is in the same way. And that and that, I'll leave is a message that, I like to be here with. I also want to let you know that, during the closing, and I, which was something that we wanted to see happen because Puerto Rico and I looked at it being a first date sometime before the year 2000 move petitioned Congress to be the 51st date.

00:26:17:06 - 00:26:41:20

Speaker 1

we are very, very much interested in talking with, the different Hispanic and the Americans who have almost every one of their positions. They want to have a much greater participation in the advanced. when I when I publicized meeting, I said, we found that there was a number of communities throughout the country. And one of the places that we heard a lot about San Francisco, San Francisco, even Hawaii.

00:26:41:23 - 00:26:57:07

Speaker 1

And, I told the governor, I said, you know, governor, we need to go out to meet Americans to inform. And they just don't have me at all in their conference in San Jose's on this. I don't need them. Every time I go to San Jose's San Francisco for a while, he says, yeah, that sounds like a great idea.

00:26:57:07 - 00:27:20:26

Speaker 1

Let's do it. so for that to to to that and, barring any problems with the governor for the day come up. we have we anticipated we would like to be able to have the governor of a Puerto Rico. I know, you know, I, he's a he's a wonderful person. And as you do your work, that you do your job, he doesn't, he is such.

00:27:20:26 - 00:27:46:20

Speaker 1

He's such a neat guy. I enjoyed working with him. But we would like to be able to participate in a national conference or something. Like, I am told, one, that, that we like to be able to do all the Puerto Rico at night. reception at the national convention is I will say, I think, we like to be able to, to share, a part of Puerto Rican culture, with the membership.

00:27:46:20 - 00:28:08:10

Speaker 1

I think somebody who was in, in Washington during the Spanish Heritage Week was had an opportunity to participate in with us in one of our, activities that we sponsor in our office. And also, we'd like to be able to have a participation for the national commander and the forthcoming blue ribbon. meeting that the governor will be holding.

00:28:08:12 - 00:28:36:19

Speaker 1

We're not sure if it's in, in Washington or somewhere or San Juan, but wherever we will be glad to do that. We would also like to be able to just have the anticipation of the national chairwoman and national youth in, in, in this, in the blue ribbon, meeting, as well as we this is something we think is important for us to get a pulse on the of, of this activity on the mainland.

00:28:36:22 - 00:29:13:00

Speaker 1

I can only tell you that, we. And then this would not have been possible without a lot of people, helping me and supporting me. people like Juan and Tony and, Adriana and others have been very, very helpful. in, in, in my work. And I think, anyway, I can no, this organization, you are in Washington, DC and want to use our offices for point of communications and volunteer their offices to hold you, meetings at your board or anything like that to get most of those resources available to you.

00:29:13:02 - 00:29:30:25
