before the initial filing period. Applications received before the initial filing period may be returned, causing a delay in processing. With the exception of the impacted undergraduate program areas, applications will be accepted well into the extended filing periods until quotas are filled.

Application Acknowledgment. You may expect to receive an acknowledgment of your application from your first choice campus within two to four weeks of filing the application. A notice that space has been reserved for you will also include a request that you submit the records necessary for the campus to evaluate your qualifications. You may be assured of admission if the evaluation of your qualifications

indicates that you meet admission requirements. Such a notice is not transferable to another term or to another campus.

Hardship Petitions. The campus has established procedures for considering qualified applicants who would be faced with extreme hardship if not admitted. Petitioners should write to the Admissions Office regarding specific policies governing hardship admission.

Undergraduate Admission Requirements

Freshman Requirements. You qualify for regular admission as a first-time freshman if you are a high school graduate, have a qualifiable eligibility index (see table) and have completed

with grades of *C* or better each of the courses in the comprehensive pattern of college preparatory subject requirements. (See *Subject Requirements*.) Courses must be completed prior to the first enrollment in The California State University.

Eligibility Index. The eligibility index is the combination of your high school grade point average and your score on either the Scholastic Aptitude Test (SAT) or the American College Test (ACT). For this purpose we compute your grade point average on your final three years of high school studies, excluding physical education and military science, and use bonus points for approved honors courses. (See *Honors Courses*.) CSU may offer you early, provisional admission based on work completed through the junior year of high school and planned for your senior year.

You can calculate the index by multiplying your grade point average by 800 and adding your total score on the SAT. Or, if you took the ACT, multiply your grade point average by 200 and add 10 times the composite score from the ACT. If you are a California high school graduate or a legal resident of California for tuition purposes, you need a minimum index of 2800 using the SAT or 694 using the ACT. The Eligibility Index Table illustrates several combinations of required test scores and averages required.

If you neither graduated from a California high school nor are a legal resident of California for tuition purposes, you need a minimum index of 3402 (SAT) or 842 (ACT).

If your grade point average is 3.0 or above (3.61 for nonresidents), you are exempt from submitting test scores. However, you are urged to take the SAT or ACT since all campuses use test results for advising and placement purposes.

You will qualify for regular admission when the university verifies that you have a qualifiable eligibility index and will have completed the comprehensive pattern of college preparatory subjects and, if applying to an impacted program, meet supplementary criteria.
