Mr. George Grimes, Chairman  
Camarillo State Hospital  
Board of Trustees  
300 West 9th Street  
Oxnard, California

Dear George:

As Chairman of the most active, interested and efficient Board of Trustees in the State of California, accept my appreciation and thanks for all the patients and personnel of this hospital, for being hosts at the regional meeting of the Southern Trustees and Advisory Boards on Saturday.

The support that the present Board of Trustees has given, and is giving, to the administration and clinical programming of the Camarillo State Hospital is outstanding. As we move forward to better and better care for our patients, your Board will be a very important and intricate part of our structure.

Kindest personal regards.

Sincerely yours,
