Dear Jane,

Enclosed please find list of VIP women (VIP to us that is) whom we feel deserve and should have the Democratic Key. This is the little recognition that we hope our workers will receive for the great amount of time and effort they contributed.

I am a little late in submitting the list, but I just received the word. I would hope they will be contacted and a meeting held here in San Diego. If not, please make sure that we get the keys and Louise and I will work on getting them to those selected.

Thanking you very much for your kindness.

Very truly yours,
"Adolphus"
A. R. "Adolphus" Reed

P.S. I hope to see you in Sacramento January 23rd at the state meeting.
