WE NEED McGOVERN

We need George McGovern as President to get us out of Indochina "lock, stock and barrel" and free our Prisoners of War in his first 90 days.

We need George McGovern to put an end to Nixon's freeze on wages while he lets prices and profits skyrocket to record levels.

We need George McGovern to stand up for the ordinary citizen, and against the Nixon-Agnew favors for special interests and big business.

We need George McGovern to cut \$30 billion in fat and waste out of our military spending — save \$22 billion by plugging tax loopholes of the wealthy — use the money to ease the burden of school taxes on homeowners and fund urgently needed domestic programs.

We need George McGovern to provide a decent job at a decent wage for everyone.

We need George McGovern to make cleaning up our air and waters as important as landing a man on the moon.

We need George McGovern to do something about crime. By getting tough, but also by getting smart. By giving police the education, the research, and the equipment they need to do the job. By reforming the schools for crime we call prisons. By eliminating the poverty and slums that breed crime.

And George McGovern needs us. Without all of us, he can't become President. With us, he can't miss.
