

second undergraduate major. The transcript will indicate the courses completed, but it will not designate the second major. Such course work, if required as a prerequisite for admission to a master's degree program, may not be used to satisfy requirements for the master's degree.

#### TRANSCRIPT EVALUATION

Transfer students are provided with an advanced standing evaluation as part of the admissions process. Upon completion of approximately 90 semester units, each student should request a 90 unit degree evaluation from the Evaluations Office which will show all requirements completed and any remaining degree requirements. Only one degree evaluation can be made for each student. Each student should keep his or her personal copy current.

After evaluation, all transcripts become the property of the Records Office and are not returnable, even on loan. It is suggested that the students obtain duplicate copies of their records from former schools for their personal file.

#### ELECTION OF REGULATIONS

A student by remaining in continuous attendance in regular sessions and continuing in the same curriculum in any state university or college campus, in any of the California community colleges or in any combination of California community and state university or college campus, may, for purposes of meeting graduation requirements, elect to meet the graduation requirements of such campus from which the student will graduate in effect either at the time of his or her entering a curriculum or at the time of graduation therefrom except that substitutions for discontinued courses may be authorized or required by the proper campus authorities. Any break in attendance (failure to register for a regular semester) will break a student's status as a continuing student. The *General Catalog* lists the official graduation requirements for each year.

Active military duty will maintain a student's continuous attendance status providing he enters the military from CSUF and returns at the first registration for a regular session following his release. The dates of military service must account for all of the time not in attendance at CSUF.

An approved planned educational leave will maintain a student's continuous attendance status.

#### RESIDENCE REQUIREMENTS

For the bachelor of arts, bachelor of science, and bachelor of vocational education degrees a minimum of 30 semester units must be earned in residence at CSUF; at least 24 of these units must be earned in upper division courses and 12 of the units must be in the major. Extension credit or credit by evaluation may not be used to fulfill this requirement. Summer session credit and credit earned in the California State University and Colleges International Programs may be applied toward meeting this requirement on a unit for unit basis.

For special residence requirements see *Public School Credentials* and *School of Graduate Studies*. For interpretation and definitions see *Admissions—Determination of Residence*.
