STAFF
CONFERENCE
SEPTEMBER 13 & 14
1965

CALIFORNIA STATE
POLYTECHNIC COLLEGE
SAN LUIS OBISPO CAMPUS

WELCOME - - -

It is with mixed emotions that I prepare these welcoming remarks for the Staff Conference program this year. Since by law I must retire at the end of the current academic year, this is the last time that I will have this particular assignment.

I am confident that this beginning-of-the-year conference will provide the background needed to get the year off to a good start as we prepare for what we expect to be the largest enrollment in the college's history.

Each of us has a challenging year before him. Your Staff Conference Committee has worked diligently to prepare a program that will be both stimulating and informative. The theme of this year's conference, "Cal Poly, 1901-1966—Foundation for the Future," is an appropriate one as we begin our 65th year of providing an education for the State's youth.

To those of you who are new members of the faculty and staff, may I wish you a very warm welcome. We are pleased to have you as part of the Cal Poly family and I am looking forward to meeting each of you personally.
