Speaker 1

Good.

00:29:58:07 - 00:30:24:28

Speaker 3

Good evening, ladies and gentlemen, honorable judges, members of the American G.I. forum. My name is Diana Gloria Harrison, and I'm an 18 year old citizen of this world and more specifically, of the United States. You may think it funny that I consider myself a citizen of the world. I feel this way because living in the United States, especially Southern California, there are many cultures that come together.

00:30:25:00 - 00:30:49:13

Speaker 3

Each of these cultures brings with them a mixture of history and a wide variety of stories to share daily. New people come into our country primarily from south of the border in Asia. They come here for a variety of reasons, many because of law enforcement reporting on it. Conditions in our country. My own great grandparents left Mexico in 1812.

00:30:49:13 - 00:31:16:07

Speaker 3

It came here because of the revolution. They came here hoping and searching for a better life for themselves and their children. I do not want to bore you with statistics, but many agencies have

reported that within the next decade the largest minority will be Hispanic, followed by Asian black. If we add these cultures to what we already have, the diversity is exciting and full of promise.

00:31:16:10 - 00:31:44:01

Speaker 3

Too often, many people find it difficult to realize that there is room for positive diversity and no need for fear, oppression, or discrimination. We should be eager to learn about others. History. The language of all in what they bring to us could only help and enrich our nation by a better understanding of the people. I myself am a mixture of Irish, English, German, French, Mexican, Indian and Spanish.

00:31:44:04 - 00:32:14:25

Speaker 3

And this brings me an example of the variety possible. What do you and I need to do to ensure a better understanding of the people? Well, first, not to form stereotypes or to judge people by the way they dress where their hair, their age, sex, color or religion. Second, to remember that discrimination applies to all of that. That is just as bad for Anglos to discriminate against Chicano black, Asian as it is for Asians.

00:32:14:25 - 00:32:54:17

Speaker 3

Lack of Chicanos to discriminate against Anglos or to discriminate against each other. Third, we should try to learn about their cultures, history, and language, or we should encourage our schools to include for its own perspective of women, people of color, and working class people in. Finally, do something as simple as trying another country's traditional food. If we all did this, then we would all be actively involved in bettering our society, which is roughly equal.

00:32:54:19 - 00:33:02:23

Unknown

Thank you for joining me. On the day that we are hoping.

00:33:02:25 - 00:33:21:23

Speaker 1

Contestant number two is Leticia marquez.

00:33:21:26 - 00:33:55:23

Speaker 3

Good evening, officers, gentlemen and ladies of the American G.I. forum. Family guests and distinguished judges among nations stood in utter shock with the revelation of the Pentagon Papers in 1971. The horror of the tragic Vietnam War disillusioned many American others due to the incredible power of writing. In 1787, the most precious document of our country, our Constitution, was drafted.

00:33:55:25 - 00:34:26:23

Speaker 3

A young nation of 13 colonies was born. 222 years later, we still live by the rousing words of our Constitution, the most widely read book today. The Bible has caused holy wars, revolutions, and the formation of new religion. The everlasting passages kick the hearts of many people. Indeed, the power of writing has triumphed greatly. It is a manipulative and persuasive universal tool.

00:34:26:25 - 00:34:56:07

Speaker 3

Furthermore, the printing press is one of the most important inventions ever in the history of mankind because it facilitated the primary of all written material to you, the general public. Consequently, it allowed every member of society to think for themselves and not rely on oral transmission and the mere fact for 450 years, time was the only major form of communication.

00:34:56:10 - 00:35:36:27

Speaker 3

Martin Luther called the printing press, quote, God's highest and the great unquote. But the printing press was also a threat to government, providing means meant to encourage, revolt, criticize, and numerous other advantages. Kings and queens exercised full control over all written material, all India mutual, by insisting on propaganda lessons with these young men on the third row, God says that yours, someone within the Labor Party, a liberal, provides the opportunity for the families in western Assam, Bhutan must stand for Buddha.

00:35:36:28 - 00:35:46:01

Speaker 3

But I say that on that issue.

00:35:46:03 - 00:36:41:14

Speaker 3

Then on this, unfortunate men say the television is seen that your value for your profit and the communication may Yunnan Americanos. No southern land could be in mutual nirvana to capacidad for them want to say considerable. Hence their ignorance in the material in this document to these banner northern Minnesota studios of Polaris. They from heaven. And inconveniently yesterday Simeon thought the material is pre-tum would not begin publication Universitario pero si commissioning ethic that five of the villa linguistically de la promotional of is Latino americano and Segura popularly chosen to fit in several semi modern is to see they are set ironically set up in spirit of the month in the National.

00:36:41:17 - 00:37:13:22

Speaker 3

We can also volunteer time to the Project Literacy US program sponsored by our First Lady, Barbara Bush. Or we can come forward and seek help to learn how to read. Remember, reading and writing leads to change, empowerment, and many other advantages. The power of writing is in our hands, in our minds, and in our. So let this endeavor to reconquer the power of writing be to a more prosperous America.

00:37:13:25 - 00:37:21:19

Speaker 3

In the 1940s, Inshun in movie went up not to.

00:37:21:21 - 00:37:31:01

Speaker 1

The first, the number three is Vivian Elaine for peace.

00:37:51:13 - 00:37:53:21

Speaker 3

When it's not an event, many of.

00:37:53:21 - 00:37:56:04

Speaker 1

Us left, although not followed up on.

00:37:56:04 - 00:38:25:11

Thelma Currie. New miscanthus, palabras, the ghetto Esperanza. Something implement the moon importancia for the trata de la educacion. That third 75. Yo soy una see by Spanish to get in here. So we do that for a personal and yet for all the progress progressive, the me advocacy. I'm here tonight because I believe in educating all Hispanics. I am an Hispanic young woman.

00:38:25:16 - 00:38:29:15

Speaker 3

I feel it is essential to complete and excel in the highest.

00:38:29:15 - 00:38:30:25

Speaker 1

Level possible.

00:38:30:27 - 00:39:00:11

Speaker 3

Towards developing my education. Hispanics represent a wealth of cultural, energy that is vital to America's continuous strength, and I do believe 1990 will be the decade of is panic. Education spells out one thing in my life independent. In the early 1800s, education was not a right but a privilege. Today it is both I support and enhance culture, leadership, education and economic development.

00:39:00:13 - 00:39:21:15

Speaker 3

The future belongs to the best educated nation. So let it be known. I demand to be a part of it. As Thomas Jefferson once stated, if a nation expect to be ignorant and free in the state of civilization, it expects what never was and never will be, and with without outstanding leadership, the United States will not be what it is today.

00:39:21:21 - 00:39:45:08

Speaker 3

Free freedom means a lifetime of learning goals. For as you see, when you get there, you will see further. Being Hispanic and having the ability to learn in the United States has given me the opportunity to express my Hispanic descent in a voice that has been captured and dying to be who I am, I am. I was born that way and I will die that way.

00:39:45:11 - 00:40:09:02

Speaker 3

My ambition is to attend four years at UCLA, where I shall pursue a career in psychology and utilize my work to help abused children and possibly drug abuse individuals. As rehabilitation counselor, I strongly feel the difference in today's society lives in the well of tomorrow. To express my sentiments, I have written a poem and it is titled My Life.

00:40:09:05 - 00:40:34:25

Speaker 3

Throughout my life, I've had the support and care from God, my parents and family. I knew they would always be there. As I stand here now in front of all of you, I want you all to know that their believing and guidance has helped me grow. I learned not to give up, but to put up a fight, not to give up on my education, but to look for the life, education and help me.

00:40:34:25 - 00:41:01:13

Speaker 3

Ceremony of bravery, courage and the heart of gold. So don't ever get discouraged of obstacles that may get in your way. Because we of Hispanic descent are always here to see your blunder for much of the last classes of yours for such inclusiveness. This ritual now in the last classes will give me the horror comedy. Elasticity also left us with the one this week.

00:41:01:13 - 00:41:08:22

Speaker 3

One last word of this event would do wrong, but I stood for the center of attention we have not been given. You get me?

00:41:08:22 - 00:41:16:25

Unknown

Why not answer?

00:41:16:27 - 00:41:26:24

Unknown

Thank you for of the healing, for.

00:41:26:26 - 00:41:43:01

Speaker 1

I'm just a number from this weather. So few of studied.

00:41:43:03 - 00:42:12:08

Speaker 3

Ladies, gentlemen, members of the American G.I. forum distinguished the gentleman in your hand. And when I suggest this evening, I'd like to address an issue in which we all have vested interests. World peace. Is it merely an idealized dream, or can it become a universal reality? I believe the world peace is a goal which we all should work together to achieve, because I believe it can be achieved through education and communication.

00:42:12:10 - 00:42:38:29

Speaker 3

It is often said that words are more powerful than weapons and how much they can do if communication is impossible because of a language barrier, bilingual or even trilingual educational program could help solve this problem in every child worldwide. Here to learn 2 or 3 languages. The communication barriers between Henry could quickly be dissolved. Likewise, the teaching of cultural education could also help inform fair.

00:42:39:01 - 00:43:01:00

Speaker 3

I, like many of you here tonight, have been lucky enough to have been raised in our dual culture a to Mexican ethnicity against an American culture drive. For my societal grounding, we as Mexican Americans have not lost any cultural identity. By accepting what the United States has offer, we have simply added one more layer of culture to our than before.

00:43:01:03 - 00:43:22:13

Speaker 3

You. So much for us to twist on it the otros. When I read the book In the Silver Sea, the most beautiful thought I know I've never there Oprah and wonder who got the. The teaching of cultural appropriation could help students understand the need to respect their country, even though it 1st May make you love strange or even backward.

00:43:22:16 - 00:43:48:03

Speaker 3

Finally, world peace could be achieved if the universality of human need was more widely taught. It's vital that it's in the people. I can't live the same everywhere. They laugh in their happy Meal from their sad, the start without food and we'll die without air. And most of all, regardless of race, religion, color or nationality, people worldwide have the ability to love and to be loved.

00:43:48:05 - 00:44:15:19

Speaker 3

Well, peace can be achieved. Education is a priceless treasure and easily as it's used to promote Einstein's theory of relativity. It could be used to promote linguistic, cultural and basic human understanding, and subsequently for peace. Could never question, never cross without one thing. I love having Maya, which is my precious God like idea.

00:44:15:22 - 00:44:17:19

Unknown

Thank you for taking the time. It was really.

00:44:17:19 - 00:44:23:07

Speaker 1

Nice to hear from some. Is.

00:44:23:09 - 00:44:43:10

Speaker 1

Contestant number five is Suzy. Three is.

00:44:43:12 - 00:44:44:14

Unknown

When I was them.

00:44:44:15 - 00:45:18:24

Speaker 3

Just in your office. In your. In the gift of question numerology, one is surmise that you can then use those ideas in the form. In searching for a topic, I contemplate many subjects. But the one that's just the most important is the teacher. The teacher, ourselves and our children, and of our children's children. When the Spaniards came to Mexico, they would land on the people of their well, the prosperity, more importantly, of their pride.

00:45:18:27 - 00:45:45:29

Speaker 3

My vision is still in them, the generations and generations, a sense of country their way, not of Mexico. Enforcement, slavery, much like African people were. And as time went on, they were forced to conform to the ideas the majority. So in the past, when the Spanish community has been fallen by the stigma of ignorance and poverty and single families have a lot of us, we run that stigma.

00:45:46:01 - 00:46:13:16

Speaker 3

But life like this is not the norm. It was. But surviving. And today we seem to regress into the past in many ways. We unfortunately the best we can be. Hispanics hold the highest local unemployment and dropout rate in our nation, and much of the violence happening in our street communities in done. But why? Why like this? I believe there are many factors that contribute to statistics.

00:46:13:19 - 00:46:35:06

Speaker 3

Poverty, ignorance are two great factors. One of the greatest factors. It is the stigma that follows our community. It is handed down from parents to their children, and those children are raised believing in their race, believing that they will never get anywhere and that their lives would be think their parents. I believe it causes them to feel distressed and foreign to give up.

00:46:35:09 - 00:47:02:28

Speaker 3

And I attribute this to our high dropout rate. But it doesn't have to be this way. Poverty and ignorance and hopelessness do not have to be the way of life for our people. We must decide in the short run, that there is a better way, that the road takes keeping with prosperity and not poverty, with knowledge and awareness and not ignorance, and that these ignorant found can be destroyed through education.

00:47:03:00 - 00:47:26:07

Speaker 3

For education is the key to our future. It is the key to making a better life for ourselves and more importantly, for all generations to come. For they will carry on. That is, see, until recently I saw my life and my future in much the same way. Ladies bank. You see their lives to me seems hopeless and I'm hungry.

00:47:26:10 - 00:47:53:25

Speaker 3

And they think that I also grow up and grow and never accomplish anything in certain things happens in my life. Maybe a different side. I realize that without my education, I would never do well, and I realize how important it was to myself and to my family. So I began to listen to what my teachers had to say and what my counselors had to say, more importantly, to what my parents had been telling me all along.

00:47:53:27 - 00:48:13:05

Speaker 3

I found a call executive for life and for living in affirmation, something of myself. I believe this is how much you say you feel the way society as a whole with your children, a brighter future for our children, the future. Hearing the prophetic words of a.

00:48:13:05 - 00:48:14:14

Speaker 1

Local news outlet.

00:48:14:16 - 00:48:26:19

Speaker 3

This is how I feel. I find community should view itself. I am the masses of my people and I refuse to be absorbed. You're so. I want to.

00:48:26:21 - 00:48:37:26

Speaker 1

Love you, but I thank you.

00:48:37:29 - 00:49:03:25

We need you over here by the point that no matter the outcome that we, our national family, are the Americans. I want.

00:50:04:24 - 00:50:10:24

Speaker 1

A look, check them up. If not my cancer.

00:50:10:27 - 00:50:36:09

00:52:59:10 - 00:53:40:07

Speaker 1

There was a member that you all know and respect and and that we all loved passionately. Never. Mr.. Larry, I am, who passed away last year. The state, Department of California, forum passed a resolution a couple of days ago and naming the outstanding for a mere delirium. I am needless to come forward. And with that, again, through the kindness and the professionalism of our good and amigos regret that I think that we all a tremendous debt in that day.

00:53:40:10 - 00:54:05:18

Speaker 1

Who we that to. But I've learned from my one was to be presented to the foundation, and one is going to be a sort of a rotating award. And every year, the fourth year of the year, they would be listed. And that's why Bill would be able to take it back to its own time and started to display, with pride, and then returned the following year.

00:54:52:11 - 00:55:30:16

Speaker 1

Today at the luncheon, I was given the honor. And by the membership to make a presentation to Linda. Am I the wife of Mary? For those of you that didn't know, Mary for over 25 years. Larry, remember a leader in the organization. He never had a thing for me. He never made a state convicted. And every one of those people being okay commended these people.

00:55:30:18 - 00:56:20:09

Speaker 1

He was a leader in heart, always. They have all people that were leave and all right. So the membership, if you want to have money to go forward to rename the Outstanding Member award that Mary in my heart and leadership, I wish. My retirement even on me here was present at that meeting in mind for the service. And if you can see a lot of love and a lot of appreciation when in the name of this country, that he was also a friend of a friend of mine, which you can attest.

00:56:20:12 - 00:56:52:27

Speaker 1

Thank you. I will be leaving, in the morning. But on behalf of myself and the national office, let me thank you very much for the courtesy that you're showing me the last couple of days. That temple, but I want to congratulate San Bernardino chapter for an outstanding job that they did in putting this conference together.

00:56:52:29 - 00:57:36:00

Speaker 1

And I think that before we announce that we that we should have all the members of that chapter officially, we, Hiram, his wife and all the committee members that have worked diligently hard in making this convention and that said he said. And we acknowledge by the time.

00:59:22:23 - 00:59:28:19

Unknown

Welcome. Morning, brother.

00:59:28:22 - 00:59:35:19

Speaker 1

From Gascon. Someone.

00:59:35:21 - 00:59:40:00

Speaker 1

Ladies and gentlemen, the thing with, someone.

00:59:40:02 - 01:00:04:07

Unknown

What do you.

01:00:04:10 - 01:00:07:26

Unknown

The same.

01:00:07:29 - 01:00:33:02

Speaker 3

Women as much as those. You can tell. I'm already starting to crack. I'll hopefully try to get. Put the speech. in your home, and you'll be able to understand it all the way through. Between the sobs and the cries. But they will be happy sounds. I sure you, Let's move. Yes. Of you. Nothing will. This Ricardo the embarrassment for it's always been confused.

01:00:33:02 - 01:00:50:00

Speaker 3

Since then. Get them struggling. Get some would say this year. Bueno. Need some. You have learned from a lot of one of them.

01:00:50:03 - 01:00:57:22

Unknown

And. But,

01:00:57:25 - 01:01:17:04

Speaker 3

Forgive us for a black woman. I mean, nothing necesito. I love the Bible. So you know nothing with human spirit.

01:01:17:06 - 01:01:21:10

Speaker 3

And.

01:01:21:12 - 01:01:34:11

Speaker 3

So then when I can see this coming closer, I'm suggesting form. Man.

01:01:34:13 - 01:01:37:09

Speaker 3

It's going to be a long night.

01:01:37:12 - 01:01:47:03

Unknown

They're all right. Maybe.

01:01:47:05 - 01:02:11:20

Speaker 3

But don't deny you love to see this going to. You're getting your money for, I am really a a different individual than many of you saw last year in my failure. from the time I won and thought through natural changes being that, that was my last year in high school was a jump into the real world.

01:02:11:22 - 01:02:36:29

Speaker 3

And itself was was going to be a hard challenge. I knew that there were going to be changes I would have to make. There wouldn't be the friends around me every be the same friends. My I knew new ones would come along. They didn't, have so many new understandings. I've done seen her and learn so many things, most of because they didn't just form.

01:02:37:02 - 01:03:05:28

Speaker 3

I'm going this. They've had to run to the national pageant, which we won the founder City. We brought home, and I brought an old girl and we're hoping to represent everyone. And probably if I could get accepting the crown in the most humble manner and serving my reign with with great humility. because was a promise bestowed upon us.

01:03:06:00 - 01:03:17:26

Speaker 3

And I want you to listen close to God. It is a responsibility to some form, to all the Hispanic youth that we have to send to our families that we were.

01:03:17:29 - 01:03:19:14

Speaker 1

It was for them.

01:03:19:17 - 01:03:32:11

Speaker 3

That we were within ourselves from the here.

01:03:32:13 - 01:04:14:24

Speaker 3

Is hello like that? Are we, I'd like to thank right now. because I know that some chapters are low in financial, situations, and then they can't really afford to, main expenses on flying a queen to their city or function. and so I like to extend my thanks right now once again for social media chapter to start in chapter two, let you know how very important it was to me to be able to travel to your city to get more places with some of the members, because what that means is that I have more friends here today, more, recognizable faces.

01:04:14:26 - 01:04:41:21

Speaker 3

or how my awesome and, and that meant life also would have been a lot to me. And here we go again has been, my family from San Jose. The chapter, where I'm from, some of these where this all began for me. they stuck with me, rooting for me all the way without ever worrying about getting to an anxious about it.

01:04:41:24 - 01:04:51:26

Speaker 3

San Jose, mostly known for rowdiness but followed in good fun. Oh.

01:04:51:29 - 01:05:12:08

Speaker 3

Incidentally, I'd like to invite everyone to the state convention next year. We're going to have a lovely, lovely pageant for the girls, and I'm sure there's going to be lots opportunities for everyone. I'm looking forward to being, having a big part in the pageant program. these ladies will be visiting us. and so I say next year where she again will do this.

01:05:12:08 - 01:05:39:05

Speaker 3

I don't like, Another message that I want to give to you girls, will, being that you're here at the California convention, it might just be time. Probably means that you've already received a scholarship from the chapter from which you are representing. And I want to share something. And some people have heard me say this before, and I'm going to say it again.

01:05:39:09 - 01:05:51:06

Speaker 3

It's very important for us to understand that what did uniform gives us is much, much more than a monetary gift.

01:05:51:09 - 01:05:55:01

Speaker 3

Or a people.

01:05:55:04 - 01:06:25:00

Speaker 3

Such as you. Fashion for for giving and for urban and just for just passion is such a great word. It's my favorite word to do use to describe because. It's what you show me. And, I'm not afraid to cry in front of you all at once, and for you to be able to understand,

01:06:25:02 - 01:06:41:20

Speaker 3

This story that you believe in, freedom or further education is our freedom. So in essence, what they're giving to us is what they believe to be their freedom. And that's something that.

01:06:41:22 - 01:07:12:17

Speaker 3

That we should not take for granted. If also gives us a responsibility to the forum and to ourselves to. Use that gift of knowledge of the support that we get. Because I know that as long as I continue to participate with the forum, I will always be surrounded with people who have learned how to this mission set their goals to strive for them no matter what the odds are.

01:07:12:20 - 01:07:39:06

Speaker 3

And I think that our generation isn't faced with as much of the problems that so many of you here today were faced with nation, although it still exists and I'm well aware of it, it's much easier for us to deal with. and so with this kind of support instrument came a heck of a lot easier to deal with.

01:07:39:06 - 01:08:07:03

Speaker 3

Knowing it's kind of like your mom and you have somebody to go to for advice. there's so many talented, so many skilled people in my chapter. and I know that throughout the state, all the chapters have people like those from Somerset that are still very talented, very knowledgeable, very wise, and they have very important words that they can give us, things that we can learn from.

01:08:07:05 - 01:08:34:20

Speaker 3

And I'm still learning. I'm barely begun to learn about myself. what I want to do with my life. I'm getting closer, but I know it's going to take more time and more experience of life to really get a hold of, who I am and what I need, what I want in life. One of those that I'm sure of is.

01:08:34:22 - 01:08:43:05

Speaker 3

That I always punch around and I know the or will.

01:08:43:07 - 01:09:07:28

Speaker 3

Will be alive and for me, there is something for people to learn that we can keep reaching for that freedom, that education. And so I know you will be around for a while.

01:09:08:00 - 01:09:15:10

Unknown

So. If I ever let go.

01:09:15:13 - 01:09:17:13

Speaker 1

That one, that.

01:09:17:15 - 01:09:27:09

Speaker 3
