CITY OF OXNARD  
PUBLIC WORKS  
DEPARTMENT

**To:** City Manager  
**VIA:** Public Works Director/City Engineer *W.L. Luther 6-28-77*  
**From:** Utilities Superintendent  
**SUBJECT:** Budget Appropriation Request for Supervisory Control System (981-403)

It is requested that \$1,830.00 be transferred from retained earnings to the supervisory control system account to cover engineering cost overruns.

The overage was caused by problems with the interfacing of the new system with the old one.

*R* A flow-control problem developed which had to be corrected by the engineers that was not foreseen in the original contract.

It is felt that the charge of \$1,830.00 is reasonable, and the work accomplished under the contract will be beneficial to the City.
