

Since certain fields of study require high school preparation in definite subjects, the student should consult the requirements indicated in the field of his choice.

In college fields such as engineering, natural science, mathematics, social science, and humanities a maximum number of high school credits should be obtained in appropriate subjects in English, mathematics, science, and foreign languages.

ADMISSION OF UNDERGRADUATE TRANSFER STUDENTS

General Qualifications. Applicants for admission to the college as undergraduate transfer students must qualify under one of the provisions specified below.

All entering undergraduate students at Fresno State College, except foreign students whose native language is not English, are required to submit scores on the College Entrance Examination Board Scholastic Aptitude Test (SAT). Students transferring with 60 or more units may as an alternative submit scores on the ACT; such scores must be provided directly by the American College Testing Program, P.O. Box 168, Iowa City, Iowa 52240.

Applicants With 60 or More Semester Units

An applicant who has completed 60 or more semester units or the equivalent will be admitted if he has achieved a grade-point average of 2.0 (C) on all acceptable college work attempted and he was in good standing at the last college attended. (See also *Regulations and Procedures—General Information.*)

Applicants With Fewer Than 60 Semester Units

An applicant who has completed fewer than 60 semester units or the equivalent may be admitted if he meets the above requirements and he meets requirements currently in effect for first-time freshmen; or, if he has been in full-time continuous enrollment at a college since his graduation from high school, he meets the requirements in effect for first-time freshmen at the time of his high school graduation.

Applicants With Particular Majors

An applicant who does not meet either of the above provisions may be admitted to the college for the purpose of pursuing a major for which appropriate course work is not offered at the college from which he seeks to transfer when he meets all of the following:

1. He has completed all appropriate course work offered.
2. He has attained a grade-point average of 2.0 (C) in all college work attempted.
3. He was in good standing at the last college attended.
4. He can, in the judgment of the college, succeed in that degree objective.

Other Applicants

Only under the most unusual circumstances will an applicant not meeting either of the above provisions be considered for admission. Permission is granted by special college action.

REDIRECTION

It is not possible for the college to accommodate all qualified applicants. If an application is accepted and it later becomes evident that admission will not be possible, the application and any supporting documents will, at the applicant's request, be forwarded to any state college where space is still available. No additional application fee is required.
