Dear Dr. Tolmach:

Thank you very much for returning  
the questionnaire.

Even though you and I may not see  
eye to eye on some questions you may be interest-  
ed in knowing that apparently we feel pretty much  
the same on the particular questions set forth in  
the questionnaire. I have come around to believing  
that a pay as you go highway program is better than  
one based on a bond issue.

Sincerely yours,
