Mrs. Jane Tolmach,
656 W. Douglas Ave.,
Oxnard, CA.

Dear Jane:

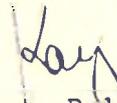

This will confirm my telephone conversation with you, wherein I congratulated you on winning the democratic nomination for State Assembly, and offered my support to your cause.

I enclose a check for use in your campaign for the Assembly.

I also want to volunteer my services, as far as my practice will allow me, in helping you to win the nomination. This is not in the spirit of Women's Lib, which no doubt has done some good, but about which I am not very enthusiastic. It is because I think you have proven yourself to be a good and attentive legislator at the local level, because I think you are a very fine, smart, and attentive person to the needs of your community, whether it be local or State. I shall be pleased to have my name used on your behalf in any way, newspaper ads or otherwise, as supporting you. I shall also be glad to help in giving speeches, or collecting names of support, or whatever I can do within the scope of my practice responsibilities.

All good luck, Jane! You deserve it.

With best regards,

M. Kathleen Belton, M.D.
