OFFICE OF
WILLIAM RANDOLPH HEARST
LA CUESTA ENCANTADA
SAN SIMEON, CALIFORNIA

Dec. 3, 1932.

Dear Miss Morgan :

I have your letter enclosing one from Mr. N. Bronson Williams. I do not know whether Mr. Williams is a dealer or not. If he is not a dealer, I will simply return the photographs as unavailable. Please let me know.

If he is a dealer, I would like to tell him that some of the things are fairly good from a decorative standpoint, but are priced out of all reason.

Mr. Williams speaks of the pictures as South American Primitives. Of course they are not primitives at all, in the accepted sense of the word.

They could not be used at San Simeon, but might be used at the ranch house at Milpitas if Mr. Williams would come down to earth in the matter of prices.

The most useful in those large rooms would seem to be the four Saints, No. 18, San Joachim, Santa Anna, Etc.

Sincerely,

Miss Julia Morgan,
San Francisco.
