You know, your husband will come from there, right? And she's going that way. Right? Well. Right. And then he will escort you out and then.

00:04:42:21 - 00:05:03:07

Speaker 2

All right. And then you can sway. I hope to see you when the Marina up that up. I think we'll see anybody or anything, but we'll do that, and they will, and we'll see how we can. We can do the congratulation thing, you know, maybe they can come up to her after she ever had everything.

00:05:03:07 - 00:05:04:14

Speaker 4

On after she comes.

00:05:04:14 - 00:05:24:14

Speaker 2

Back. Okay. She could talk to you. How about this one? I couldn't remember the word. She comes up the first time from the. Well, she doesn't say the boom and the bio, and, you know, you're reading the whole story about you. Boom. When she gets here, you know, maybe you guys can come in. The Marines are still out.

00:05:24:16 - 00:05:39:25

Speaker 2

Yeah, right. And and and then at that point, the Marines will come in. I'd like you to come in and go. Each of you. Right. Including hers. The Queen. He. Maybe the two of them. He walks you up and down. What do you think?

00:05:39:27 - 00:05:40:18

Speaker 4

Oh, the second time?

00:05:40:19 - 00:06:15:22

00:08:53:01 - 00:09:00:18

Still want to be welcome.

00:09:00:20 - 00:09:04:11

Speaker 4

To come back to us.

00:09:04:13 - 00:09:31:26

Speaker 2

At this point, you're in her hands and she's going to run it from there at that point. You ready? Yeah. Okay. Yeah. Let's go through the speech, because that's the most important thing. So when she comes off, you know it's going to really get going. Okay. Let me move this. We will use this microphone here. Okay. Can you see.

00:09:31:28 - 00:09:43:04

Where Gabriella had the opportunity to meet Senator Dianne Feinstein in Washington, DC when she was chosen to attend the National Hispanic Youth Initiative on Health and Biomedical Research. Gabriela believes her college experience will allow her to become a mature and independent woman. She says that she will follow the path towards prosperity, as well as helping those along her way to success.

00:10:46:10 - 00:10:51:25

Speaker 4

Miss Gabriella Arias.

00:10:51:28 - 00:11:13:17

Speaker 4

Good evening, ladies and gentlemen, and welcome to the 35th annual In the Heat Kind of Queen pageant tonight. It is my pleasure to share with you the origin of my dreams and my hopes for the future. My mother once said, I want you to succeed and have a better life than I ever had. I can still hear her words resonating in my ear as if they had been spoken only yesterday.

00:11:13:19 - 00:11:34:19

Speaker 4

Growing up as a Hispanic female in a single parent household has not been easy. Although it has been difficult, my mother has always provided my two brothers and me with enough love and encouragement to compare to succeed without the need for gratuitous material wealth within my family and community. I have learned the value of teamwork, responsibility, and the need for education.

00:11:34:22 - 00:11:57:10

Speaker 4

I learned that it is teamwork that makes a family thrive. That it is a responsibility that allows the individuals to mature and that within education, those individuals can conquer almost any obstacle. Because of the environment I was brought up in. I am more mature than most children my age and have a different perspective on life. I realize that what I really want is to help others and have decided to pursue a career in medicine.

00:11:57:12 - 00:12:18:15

Speaker 4

In this field, I could use my past experiences to empathize with those who need care, attention, and a person to lean on. My personal goals to provide medical care to the financially disadvantaged by providing to them low cost medical treatment. I will be fulfilling my idea of success. I will be making a positive contribution to the lives of many, as well as to society as a whole.

00:12:18:17 - 00:12:42:13

Speaker 4

Unfortunately, not every individual is endowed with such assets. Therefore, it is our responsibility to apply everything we have learned through our friends and family to aid those in need. Not only have I been influenced by the most wonderful family and mentors, but I have set an example for many other Hispanic females who have enormous potential. My role models have been my mother and stepfather, and I would like to thank them for all of their hard work.

00:12:42:15 - 00:13:04:06

Speaker 4

Muchas gracias, Puerto Rico, Canada for me. Through them, I have learned things that I would not have learned otherwise. Most importantly, the value of education. Hopefully I will have the opportunity to pass this message on to the Hispanic community by being a mentor to anyone who may need encouragement. To me, nothing is more important than helping others and no matter the circumstances.

00:13:04:08 - 00:13:20:08

Speaker 4

I always intend to get back to my family and community for me and mentorship. Thank you all very much and have a good evening.

00:13:20:11 - 00:13:29:05

Speaker 4

And. Miss Sonia Gonzalez.

00:13:29:07 - 00:13:49:29

Speaker 4

Sonia is the daughter of Julio and Dora Gonzalez. She is 18 years old and is a senior at William C High School. After graduating from high school, Sonia plans to pursue a Bachelor's of Arts degree in communications at UC Santa Barbara. She says that she will continue with her education for it will be her most valuable investment. Sonia.

00:13:50:01 - 00:14:11:20

Speaker 4

Extracurricular activities range from on campus to her active involvement in the community. She has played varsity softball, volleyball, and soccer, and is especially proud for receiving honorable mention in all three. When Sonia is not playing sports, she enjoys being a part of the varsity Club where she is president. She is also a member of the Key Club and is an editor for her yearbook.

00:14:11:23 - 00:14:36:17

Speaker 4

Sonia recently had the opportunity to work at Camp Enterprise in Monterey, where she was taught business skills and how to apply those in the working environment. Last summer, Sonia was chosen to travel to Europe as a student ambassador. She also recently placed top ten in the Miss National Teenager pageant, while maintaining a 3.4 grade point average. Sonia has made time to participate in Dancing Folklorico in a local group for 14 years.

00:14:36:19 - 00:14:56:23

Speaker 4

Sonia looks forward to becoming a positive statistic within the Latino community, and she says that although living in a single parent household has allowed her to mature quicker than others, she has learned to appreciate the values she has been taught from her father. She says that by educating herself to her fullest will enable her to give her knowledge back to her people in the community.

00:14:56:25 - 00:15:02:05

Speaker 4

Miss Sonia Gonzalez.

00:15:02:08 - 00:15:14:05

Speaker 5

When I started this event, many of us on our list invited us, Mama Sonia, to get them to Esta Noche. Let me call Dora mexicana it in. Didn't miss ambitions.

00:15:14:07 - 00:15:19:19

Speaker 4

When I look into the mirror, I see the reflection of a brown eyed brown hair and brown skin.

00:15:19:23 - 00:15:20:26

Speaker 5

Young lady.

00:15:20:29 - 00:15:52:27

Speaker 4

And because of this reflection of the mirror, I am stereotyped. Stereotyped to be unambitious and complacent or unsuccessful. They question my linguistic ability as to Spanish, English or both. People find it hard to label me mexicana, Mexican-American, Chicana, Hispanic or Latino. I'm misty. So bled begins to boil. And I want to rebel again. I will be labeled a new name, only proving I thought to be true.

00:15:52:29 - 00:16:17:00

Speaker 4

So I ask you not judge me on stereotypes, nor on my appearance, but rather on my talents, abilities, and intelligence. View me as an individual as to my character, intelligence and education. Yes, I am Americana and yes, I do speak Spanish. My parents coming from Mexico. Experience of life. Of not only working in the fields but also hard labor.

00:16:17:02 - 00:16:40:07

Speaker 4

Having knowledge of this, I attempt to, but I will be the first in my family to take my education to a higher level. It is very competitive in the real world, but as a strong mind, strong willed and ambitious young lady, I strive to succeed in all that I do. I, I strive to be a positive example. In my community as well as a role model for younger Mexicanos.

00:16:40:10 - 00:16:49:23

Speaker 4

Muchas gracias. Equip us. And when not.

00:16:49:26 - 00:16:55:22

Speaker 4

Miss Ruby Hernandez Ramirez.

00:16:55:25 - 00:17:15:29

Speaker 4

Ruby is the daughter of one and better Ramirez. She is 17 years old and is a senior at Notre Dame High School after graduating from high school. Ruby plans to attend San Jose State, where she will obtain a degree in history and minor in Spanish. She says that it would make her so proud to start her career by helping her community, where she sees the biggest need.

00:17:16:01 - 00:17:39:28

Speaker 4

She has also served on the Student Advisory Committee to Kids Voting and has been a peer counselor. Recently, Ruby had the opportunity to attend a youth leadership conference in Washington, D.C.. She plans to continue being active in her community by offering her knowledge to those who need it most.

00:17:40:01 - 00:17:50:05

Speaker 4

Ruby wants to educate and give minority groups hope and any troubles they may face. Miss Ruby Hernandez Ramirez.

00:17:50:07 - 00:18:17:29

Speaker 4

Good evening, ladies and gentlemen. To my dog, Thelma Caballeros. Tonight I have a story to tell. One day I decided to watch TV, and what I saw was not only unfair, but hurtful. I saw politicians trying to blame their economic disparity on Hispano Latino community by proposing an unjustifiable proposition. I saw young Chicanos having children and young Chicanos joining gangs.

00:18:18:02 - 00:18:44:15

Speaker 4

It's not fair and Mexicanos look down upon in this society. We're called wetbacks, drug dealers, welfare, cheating, minorities. And the list still goes on. Estos Los algunos padres. The Chicano Latino Estudiantes students who, like myself, want to learn, but constantly must battle the prejudices bestowed upon their heritage by their own society, who are stamped on Mexicans as no good.

00:18:44:17 - 00:19:07:19

Speaker 4

But I don't care who associate that. Stop getting people, Guardo, por favor. No grand total occupation. We must eliminate some of these barriers, and we mustn't give anyone the chance to put us down. But how? I believe I can answer that. Solamente una palabra. Succeed. Progress side. We need to educate ourselves. And at each level of our education.

00:19:07:25 - 00:19:33:14

Speaker 4

Never forget a cultural mexicana. We must keep in our souls the battle for the posadas. The fight each Mexicano must overcome to become an aspect in society and color movement. Or the newest as vidas necesitamos. You have to know who your guest Somos mexicanos. I am with the. Upon reaching our success, we mustn't forget who we are. We mustn't forget those who helped us achieve our goals.

00:19:33:16 - 00:19:56:10

Speaker 4

We must go back to our community and become role models for the younger generation. Cuando Nuestra Raza cuantos en nuestro Corazon? Like a united family, we must stick together for the betterment of the whole community. That for them was evolved, was promised some Los Mexicanos so most intelligent this determinado us. It was important to know who your son was.

00:19:56:10 - 00:20:26:13

Speaker 4

Had this defect, you crossdresser. Dios tenemos una cosa nothing. Square the guitar and that's gonna last gun. As most of us to beat this human desire to prove yourself will cause change as a futuro la esperanza, the dreams that comes from using your guys that will establish a better place for everyone to live. No vamos a hacer porque other uno de nosotros tenemos ganas but almost encontrar muchos barinas demo second vamos up in sa.

00:20:26:15 - 00:20:55:02

Speaker 4

Yeah but again. But. Oh no someone sent this to me. Those you know not the one about us. It meant that none of us want us a garden in the corner. So most humanos vamos a hacer ruido. Vamos a what you could that fuerte e cuando nos vamos be the education e most important cambio. Buenas noches.

00:20:55:05 - 00:21:03:28

Speaker 4

And Miss Denise, Portugal.

00:21:04:00 - 00:21:24:22

Speaker 4

Denise is the daughter of Joaquin and Lupe Portugal. She is 17 years old and is a senior at Homestead High School. After graduating from high school, Denise will attend Santa Clara University, where she will major in biology in a pre-medical program. She plans to graduate from Santa Clara with honors to prepare herself for medical school at Stanford University.

00:21:24:24 - 00:21:47:20

Speaker 4

Denise wants to specialize in internal medicine. Currently, she is employed as an assistant to an ophthalmologist. Denise has volunteered at a hospital where she worked in the Well Baby Nursery and the neonatal intensive care unit. She says that by having a college education, she will have a better understanding of who she is and then by having faith in God, she will always be provided with inspiration.

00:21:47:23 - 00:22:03:23

Speaker 4

Denise looks forward to enrolling in ROTC as a reserve, which will enable her to serve her country as a doctor. Denise says that she will achieve her goals and make her dreams come alive. Miss Denise Portugal.

00:22:03:25 - 00:22:35:22

Speaker 4

Good evening, ladies and gentlemen, friends and family, distinguished judges and your Majesty, Veronica Ortiz. In an attempt to end discrimination, government programs were instituted that forced employers, admissions committees and other people in power to give special consideration to minorities. It was expected that this would counteract the discrimination we are subjected to in the past. Unfortunate that these well-meaning programs don't work and are counterproductive.

00:22:35:24 - 00:23:04:11

Speaker 4

We can't rely on quotas and affirmative action to end our problems because they only create more by trying to advance only some people. You hold back the others and create tension and envy between the two. Instead, we must work together by concentrating our efforts on all people will be much more effective. No one group will have an advantage or disadvantage over the other.

00:23:04:13 - 00:23:29:09

Speaker 4

If we work together as a team rather than as separate individuals, we will have more power and greater chance of success. Yes, it will be difficult and there will be people who will fight it, people who will say that we are all different and can't work together. To these people, we must say that in spite of and because of our differences, we can work together.

00:23:29:12 - 00:23:52:12

Speaker 4

Each and every person is unique, but that doesn't mean we can identify with them in some way. We all feel pain and cry. We all have hopes and dreams, and we all have seen some of them shattered. And most of all, we are all capable of feeling love, of giving it and receiving it. This is the greatest gift of all.

00:23:52:15 - 00:24:18:24

Speaker 4

With love, we can overcome the toughest of opposition and bring peace to our community. We can join together without losing our identity. Each of us can learn from other cultures and think we can share our heritage, and by doing so, we can preserve all culture and all tradition. We must embrace our diversity. We cannot let it be a force that divides us.

00:24:18:26 - 00:24:43:13

Speaker 4

We must realize that who we are makes a difference. Whether we are loving and accepting or hateful and intolerant, others will follow our example. Each of us has a great amount of influence over others. When we unite, we will all benefit. We are all talented, intelligent and skilled in different ways. We do not need to be judged by lower standards.

00:24:43:15 - 00:25:03:28

Speaker 4

We can succeed if we raise our expectations and better ourselves. We can help others realize their potential and together we will work for the future. Thank you for being here, ladies and gentlemen.

00:25:04:01 - 00:25:10:13

Speaker 4

Miss Lizette Gonzalez Castaneda.

00:25:10:15 - 00:25:45:02

Speaker 4

Lizette is the daughter of Magdalena Gonzalez. She is 17 years old and is a senior at James Lake High School. After graduating from high school, Lizette plans to attend San Jose State University, where she will major in broadcast journalism and minor in Spanish. After receiving her undergraduate degree, Lizette plans to pursue a masters at UCLA. She is determined to make the best out of her education, taking advantage of all the opportunities that come her way while maintaining a high grade point average and high school, Lizette has been able to participate in the cheerleading squad as captain.

00:25:45:04 - 00:26:05:29

Speaker 4

Lizette says that she hopes to be a role model within the Latino community and by being a news reporter, she can maintain positive representation of her culture. Being raised in a single parent household, Lisette has matured and been able to set her educational goals accordingly. She says she will succeed in all that she strives for and will continue to accomplish, fulfilling her future goals.

00:26:06:01 - 00:26:12:05

Speaker 4

Miss Lizette Gonzalez Castaneda.

00:26:12:07 - 00:26:18:07

Speaker 4

We witness notches even beneath those distinguished those questions. Honorable Publico is in my head.

00:26:18:08 - 00:26:23:13

Speaker 5

Stand esta noche, estadio Orlando sobre trece problemas.

00:26:23:18 - 00:26:57:18

Speaker 4

And when we went to sexo, I'll call it roll, guys. Yes, también Como on and futuro escolar. As a teenager growing up and one of the toughest parts of town I've encountered and learned to cope with what I think are the three most common problems faced by teens sex, alcohol and drugs. Those who fall to these temptations seem to ignore, sometimes even forcing them to drop out of school, strongly damaging their educational future.

00:26:57:20 - 00:27:29:26

Speaker 4

A phrase common amongst many is that anyone who wants to can succeed, no matter what the obstacle may be, but it takes determination and will. I'm here to speak about the mistakes that we as teenagers sometimes make, and also to give hope to those who are troubled yet endeavor a prosperous future. Although these problems are widely talked about, it seems as though much attention is not paid to the consequences or the fact that it could be prevented.

00:27:29:29 - 00:28:01:17

Speaker 4

Sex is one of the most common of the three. It is well known that protection should always be used, but in reality how many listen? As a consequence, sex. Unprotected sex leads to many unwanted children, abortions and sexually transmitted diseases. In recent studies, researchers came up with the statistics that less than 17% of teen mothers graduate from high school and less than 2% graduate from college with no education.

00:28:01:17 - 00:28:29:28

Speaker 4

What can these young mothers offer to themselves and to their children? Although another major problem faced by teens in the 90s is alcohol, many say that getting drunk a few times is only part of growing up, but what they don't realize is that those few beers may lead to a lifetime of addiction. I've seen many students go to school with hangovers, not able to concentrate in class.

00:28:30:00 - 00:28:53:19

Speaker 4

The fact of the matter is that alcohol is a major problem that must be dealt with before it becomes worse. Finally, the major downfall of many teens is drugs. Drugs can harm the individual and those who care most about him by causing health and mental as well as financial and law problems, eventually leading the individual to educational failure.

00:28:53:22 - 00:29:21:10

Speaker 4

I've witnessed many who drop out of school to be involved with drugs. It is sad to see our generation that is supposed to be the just say no generation disintegrating first hand. I'm not only informing but also reacting. I like to involve myself with peer resource groups because as a teenager from East Side San Jose, I feel as though I have helped myself and others abstain from these problems.

00:29:21:12 - 00:29:45:16

Speaker 4

I would also like to give the push and perseverance that was given to me, to those who seek change and improvement. All we can do is lend our help by becoming more involved within the school and the

community, by starting more motivational and counseling groups, as well as providing care and patience. We must not surrender to total depravity.

00:29:45:18 - 00:30:03:27

Speaker 4

Instead, we must work together in putting individuals potentials to help build for a better future. After all, education is our freedom. Thank you and good night.

00:30:03:29 - 00:30:10:05

Speaker 4

Miss Sonya Sifuentes.

00:30:10:08 - 00:30:32:25

Speaker 4

Sonya is the daughter of Marcial and Margarita Cifuentes. She is 17 years old and is a senior at Andrew Hill High School. After graduation, Sonia plans to attend a four year university where she will study to become either an architect, a lawyer or a teacher. Whatever she does accomplish, Sonia says that she will use it to her advantage in becoming the best at what she can do.

00:30:32:28 - 00:30:55:29

Speaker 4

Sonya believes she was born a leader. She has served as class president for her high school and was a founder of Women's Issues organization. Sonya is especially proud of her recent appointment as a citywide representative for the San Jose Youth Commission, and was selected by Mayor Susan Hammer. She says that she will definitely become a strong woman, overcoming her challenges and striving for success as a Latina.

00:30:56:02 - 00:31:08:14

Speaker 4

Despite her career plans, Sonia will never stop attending school because she says that her education is her most valuable resource. Miss Sonia Sifuentes.

00:31:08:17 - 00:31:09:23

Speaker 4

When I was not just even.

00:31:09:24 - 00:31:13:27

Speaker 6

Venido todos Vigneron not necessarily meant.

00:31:13:29 - 00:31:15:03

Speaker 4

To use me as most.

00:31:15:05 - 00:31:25:26

Speaker 6

Per se has given the idea that the net since Americanness is paraben and futuro. Vigneron established the needles young fellows program as Baron.

00:31:25:28 - 00:31:43:21

Speaker 4

Lucero sobre Vietnam. They left behind the noble, blazing Mexican sun and the tropical land that lies beneath it. They left behind heat that roared with delight, lush like mango trees and the sweet, tangy aroma they penetrate into the air they left behind.

00:31:43:26 - 00:31:45:08

Speaker 6

Mexico lindo.

00:31:45:11 - 00:32:08:25

Speaker 4

However, they, as many refused to leave behind the rich culture and traditions because they recognize that these are not things that can simply be washed away. Because culture is in our blood, the very blood that coursing through our veins, the blood that fills our hearts, the blood that makes us Mexican, us. And yet this blood that is so precious to many of us is spent on the streets daily.

00:32:08:27 - 00:32:33:05

Speaker 4

And as I speak, it runs on the concrete. And a mother cries. As a young Mexican woman, I have and will continue to take on the responsibility of helping the youth that so desperately aches for help. I refuse to ignore this problem, our problem, just as I refuse to believe that nothing can be done. I feel that by pursuing an education, I can better myself and in turn help others to better themselves.

00:32:33:08 - 00:32:52:00

Speaker 4

I owe it to them not because they've done something for me, but because it is my responsibility. I cannot and will not sit back and watch it. Another precious drop of blood drawn into the ground. It is up to us, as leaders of the community, to use our leadership skills to help and be an example to those who need guidance.

00:32:52:02 - 00:33:20:17

Speaker 4

Together, we can lead our youth to success. I consider myself lucky because I have the opportunity my parents didn't. I have the opportunity to attend college and I want to go to college and do well for myself and for them so that their pain, suffering and sacrifice was not in vain. And so I can give myself the precious gift of an education, because as my mother has always told me, material objects and money can be easily taken away, but in education is invaluable and can never be taken away.

00:33:20:19 - 00:33:45:29

Speaker 4

And so I am ready to go to college and face the new challenges that await me. Challenges I know I can overcome. I am very thankful that my parents have instilled in me very strong values and morals. It is because of these values and morals that I have come to realize. I was pursuing education in order to succeed, but in doing so, it is equally important not to forget those who have not yet realized the value of an education and help them to succeed as well.

00:33:46:01 - 00:34:07:16

Speaker 4

It is up to as a liberal in my honors classes, I see very few Latino students, and it saddens me because I know that will well capable of mastering such courses. It is up to you, as parents, educators and leaders of the community, to raise your expectations of our Latino youth is in this way that will raise our expectations of ourselves and consequently excel.

00:34:07:19 - 00:34:12:26

Speaker 4

Challenge us and we will challenge ourselves.

00:34:12:29 - 00:34:33:26

Speaker 4

The youth of today are the adults of tomorrow, and without educated Latino youth today, there will be no tomorrow for us. Therefore, never will I let them fall through the cracks, and I will carry them and pull them along as far as I have to, so that they do not become society's derelicts, abandoned and lost, only to dream of what they could have accomplished.

00:34:33:28 - 00:34:46:17

Speaker 4

And so I will strive, educate myself, and ultimately I will succeed. Gracias. Buenas noches.

00:34:46:19 - 00:35:07:20

Speaker 4

Now, I'm going to speak very, very fast because we're behind schedule. So pay attention. And this is very important for you to not feel lost during the day. I'm going to tell you exactly what's going to happen during the day, okay?

01:11:06:15 - 01:11:27:10

Speaker 8

And I've been asked to do that to give you an overview. But before I do that, I'm going to do something that I was not asked to do. as most of you will realize, during the day, there was a tremendous amount of work. put into this convocation for you. And, later, I'm sure the university is going to thank the government people and the other organizations, industry people.

01:11:27:12 - 01:11:43:20

Speaker 8

But those who usually don't get thanked are the people on the new staff. And I'd like to take the opportunity to do that, although I was not asked to do that. please hold your applause, because, again, we are behind schedule. But I really would like to thank the following people who put in a lot of a lot of work into this.

01:11:43:22 - 01:12:07:06

Speaker 8

First of all, Doctor Patient Park was ahead of the program. Gloria DeMarco channel the business administration, if you will stand up or raise your hand or something. Okay. There she is. Back there. Okay. Elsa Garcia. Leon, as. How are you? She's outside. Yeah. Get on. Get all these people in here, if you would. Okay. doctor.

01:12:07:06 - 01:12:23:19

Speaker 8

Glenn. Glenn Knapp, chairman of the computer science. I haven't seen him this morning, so he may not be here. He's probably too tired from all the work. Kathy Sanchez from the science department. Pilar Diaz from the financial Aids office.

01:12:23:22 - 01:12:48:10

Speaker 8

They're slowly coming in. Haley. Sale. Gamboa. Haley. So I know you're here somewhere. Haley. Sale. Gamboa. Right back there. He just walked in. Blanca mosca Carry-On. Right back there in the green. Who coordinated all the facilities here? Marielena riddle. There she is in the darker green. and, of course, Doctor Riley Parker and Doctor Roberto Cruz.

01:12:48:10 - 01:12:57:14

Speaker 8

Not for their hard work and their commitment to our education. Let's give them a round of applause.

01:12:57:17 - 01:13:21:23

Speaker 8

You. All right, you see them during the day, May. You may want to personally thank them or blame them if something was wrong. Okay, okay, let's get on to the real important stuff so you guys don't get lost during the day. You will see that, the committee has put together a very exciting program for you today, but it is going to be as busy as it is exciting.

01:13:21:25 - 01:13:37:10

Speaker 8

in addition to that, we're a little late, so it's going to be even more important that you know where to go and get there as soon as possible. I'm going to give you a, first of all, a general overview of the whole day. Then I'm going to walk you through the program. Okay. I'll, I'll be referring to the specific things in your package.

01:13:37:12 - 01:13:58:06

Speaker 8

And then at the end I'll tell you where the rooms are. So you can go directly to the rooms. Okay. First of all, in overview there are six main sessions today. We are right now in the general session, the first hour generally. Then there are going to be two consecutive workshop sessions to which you will go to two sessions during the morning, one after the other, then around 1230.

01:13:58:08 - 01:14:19:15

Speaker 8

And we're having to change our times a little bit. I refer to that when we get to the program, we're going to come back right here. Excuse me, right here for lunch. And the very exciting keynote speaker. After lunch, we break again into another workshop in the afternoon, and then we reconvene one more time here for a closing session with another keynote speaker.

01:14:19:18 - 01:14:32:16

Speaker 8

Okay, now let's walk through the program. all of you should have a pinkish, right? I guess it is pink program in your package.

01:14:32:19 - 01:14:38:05

Speaker 8

And if you refer to the page to.

01:14:38:08 - 01:14:59:07

Speaker 8

If I can find it myself. Okay. Page two. You see here, we're in the opening general session and the boardroom on the right hand side. It identifies the room where you are in. Okay, here's the boardroom. This is the mezzanine level. about nine, 1020 we're going to break. And there's a passing period for you to go to your first workshop.

01:14:59:13 - 01:15:21:11

Speaker 8

You see the first workshop period and all 50 workshops are listed there. And it shows where what room you are in. Okay. Now, each one of you has received an assignment sheet. I can't believe the amount of work these people put into this. Each one of you has an assignment sheet that is highlighted for you individually. Where are you going to go?

01:15:21:13 - 01:15:43:15

Speaker 8

The first workshop, second workshop and third workshop. So for now, concentrate on your first workshop. There should be a highlight of where you're going to go. as an example, if you are in, workshop number four, a matter of gravity, you should be identified as La Raza number one. And I'll tell you where these one of these rooms are later.

01:15:43:18 - 01:16:10:12

Speaker 8

Okay. then there's a passing period, then a second workshop right after that. if you again if you I would ask you to go as quickly as possible so we can make up some time. Okay. then after the second. Thank you, doctor. Close after the second workshop again, we reconvene right back here, the Fiesta Ballroom for lunch.

01:16:10:14 - 01:16:25:19

Speaker 8

Okay. After the, the luncheon, we go back basically the same thing. 15 workshops, which now it is again identified in your assignments sheet. This is the kind of a Haldeman or yellow sheet.

01:16:25:22 - 01:17:01:13

Speaker 8

After the third workshop, around, 255, I guess maybe 3:00, we come back here for a closing session. Okay. I hope everybody understands that this is the most important thing. It shows where you're going to go now, let's show you where the rooms are. If you will take this bright green sheet. Obviously, it's a plan of the of the rooms here.

01:17:01:15 - 01:17:30:19

Speaker 8

Okay. Everybody has it. If you you're I, if you are assigned to La Raza one and two. They are right here on on on my right. On my right. La Raza one and two are one. One big room. Okay. La Raza one is the one on my right, far corner. Okay. Golden State one, two and three, respectively.

01:17:30:19 - 01:17:53:01

Speaker 8

One, two and three. Those three doors right there go directly into those doors. Okay. now, these are the next two are very important. First of all, those who are. I'm sorry. Wait a minute. El Camino Real or Camino Real is basically going to be that corner. It will be reconfigured as soon as we get out of here.

01:17:53:01 - 01:18:20:21

Speaker 8

They'll put up walls. They'll make a room right there. So those of you who are assigned to secret codes, shop number three, kind of hang around here because they're going to reconfigure and you'll be in that

room. Okay. Okay. Now, those who are in either Brittany, Burgundy, Alsace, Lorraine, Normandy and Pyrenees, which are in the bottom of your sheet, these are in the ninth floor.

01:18:20:23 - 01:18:40:14

Speaker 8

To get to the ninth floor, you go out the back door, go to the left of the railing, up the little ramp. The elevators are on the left hand side. Go to the ninth floor. When you get out of the elevator, make two left and you can't miss the rooms. Okay, now I give you something very important. When you come down, push.

01:18:40:17 - 01:19:04:11

Speaker 8

Floor number three. We're not at the first floor or second floor. Floor number three. Okay, so you don't end up in the wrong floor. Okay. Those of you who are assigned to the International ballroom, and these are the morning sessions. The International Ballroom is right below us right now. So you are at the back door to the right of the railing down the stairwell, and then to the left.

01:19:04:13 - 01:19:09:05

Speaker 8

Okay. Right below us.

01:19:09:07 - 01:19:28:29

Speaker 8

let's say now, for those of you who are assigned to number five in the afternoon, something similar is going to happen. They're going to reconfigure this part of the room here, the afternoon number five. You'll come back here for your third workshop.

01:19:29:02 - 01:19:38:22

Speaker 8

Okay. I think I covered all the rooms. Bathrooms are out, out the back door and to the left or downstairs. Basically the same situation. That same.

01:19:38:25 - 01:19:40:20

Speaker 3

I'm sorry. Calendar.

01:19:40:22 - 01:20:04:07

Speaker 8

you you will get your calendars. And when we come back at 2:00, just I just handed, wait a minute until I dismiss you. Please. Okay. one set of lost keys. If you would turn to one of the people up here. How many adults? Okay, now, again, very important remind you. I want to remind you of the math quiz.

01:20:04:09 - 01:20:25:15

Speaker 8

Those of you who were not here when I made the announcement at the beginning. If you saw this quiz, fill out your name and so forth and drop it in the box outside. And at lunchtime, there's going to be a drawing of those, correct, solutions to the problem. Okay. And finally, there's an evaluation sheet, which is a white sheet.

01:20:25:17 - 01:20:48:21

Speaker 8

We would ask you that at the end of each at the end of each workshop to please take a couple of minutes and evaluate it and hold on to it until the very end in the afternoon. Okay. Evaluation. And what, my preferences are, depending on valuation, you get a calendar. That's a good incentive. And finally, we are not the only group in the in the hotel.

01:20:48:23 - 01:20:54:17

Speaker 8

So let's make a good impression and, let's go out and enjoy the workshops. See you later.

01:20:54:19 - 01:21:04:16

Speaker 3

I want to make sure you take all that belongs with them on the paper. Thank you so much. yeah. Yeah, yeah. You you you can't. You can capture them.
