

and College Union coffee shop are open seven days per week. The Roundup, on Barstow near Maple Avenue, provides snack bar service and sells products of the college farm.

STUDENT HOUSING

College Residence Halls

The college can accommodate 1,258 students in the residence halls on campus. In addition to room and board the residence halls provide a supervised student life program. The majority of students are housed two to a room. A limited number of single rooms is available. Upper division students may also request suite accommodations. A suite consists of three regular double rooms plus a living-study room for six students; most suites also include private bath. Student rooms are attractively furnished and provide adequate study and living facilities. All halls also provide special lounge areas, recreation rooms, study rooms, and laundry facilities. Linen service is provided, but students are required to furnish their own blankets and towels. Food service is provided by the college cafeteria. For information on residence hall costs, see *Fees and Expenses*.

Students are encouraged to take part in group living through experience in self-government and participation in the social and intramural programs. Students living in the halls are required to observe residence hall rules. All students assigned space in residence halls will be required to sign an agreement to live in the halls for the entire college year.

Further information and applications for reservations may be obtained by writing to the Student Housing Office. Application forms should be requested prior to March 1 and will be mailed to applicants on about March 15. Students who are applying for accommodations in the halls must also file an application for admission to the college unless already enrolled. For further information on admissions see *Regulations and Procedures*.

Off-Campus Housing

The Student Housing Office maintains a file of available student housing as a service to students seeking living accommodations. Students are advised to make arrangements for housing as early as possible before registration. Off-campus living accommodations are provided by private homes in the area, with a limited number offering room and board. A large number of apartments are available in the area adjacent to the campus. The Housing Office will also attempt to help students interested in sharing apartments to get in touch with other students interested in similar living accommodations.

The Housing Office will list any available housing provided the owner will agree to meet the minimum health and safety standards legally established by the City and County of Fresno, and provided the owner agrees not to discriminate on the basis of race, religion, or national origin. The college advises students not to rent facilities which are not listed with the Housing Office.

Although the college does not supervise off-campus housing, Fresno State College students living in private homes, apartments, and other types of student housing are expected to conduct themselves in a manner which will enable them to maintain desirable relations with their landlords and their neighbors.

Housing for Married Students

The college does not maintain housing facilities for married students and their families. However, some low-cost housing is available to married students and their families through application to the Fresno City and County Housing Authority, 2520 E. Clinton Avenue, Fresno, California 93703.

The Student Housing Office also maintains a file of privately owned rentals, some of which are near the campus. These private rentals range from \$85 to \$200 per month depending on size, furnishings, and location.
