FROM THE PRESIDENT

As President of California State University, Fullerton, I am pleased to welcome you to our 47th annual commencement. Commencement is a very special time for degree candidates, families, friends and other members of the campus community. It is a time when we celebrate the successful conclusion of degree programs designed to foster the development of humane leaders prepared to meet the opportunities and challenges of a changing, diverse world.

Today the University honors some 8,997 undergraduate and graduate students who completed degree requirements in January or who are scheduled to do so in June or August. It is fitting that recognition of your accomplishments should be in the presence of your professors, relatives and friends who have participated in a variety of ways in helping you attain your academic goals. As candidates for graduation, you are the proud products of our academic enterprise.

We hope that you forever will be life-long learners dedicated to the pursuit of excellence and the importance of life issues.

On behalf of the faculty, staff and students of California State University, Fullerton, I extend heartiest congratulations to the Class of 2006 upon reaching this educational milestone. I wish each and every one of you the happiness of a productive life, the respect of your fellow human beings, and the love of your family. The future is yours!

A handwritten signature in brown ink that reads "Milton A. Gordon". The signature is written in a cursive style with a large, stylized 'M' and 'G'.

Milton A. Gordon

President, California State University, Fullerton

FROM THE ALUMNI

As President of the Cal State Fullerton Alumni Association, it is my pleasure to offer each of you my heartfelt congratulations on a job well done. You should feel very proud of yourself for setting your mind to the task and achieving the goal.

As you reflect today and in the coming years on your time here at Cal State Fullerton, keep in mind that you are now part of the over 155,000+ successful graduates that comprise the Titan Family.

Among our graduates are Academy Award winning actors and screenwriters, television news reporters, Pulitzer-Prize winning journalists, successful novelists, doctors, lawyers, teachers, professional athletes, entrepreneurs, legislators, scientists and business leaders of some of our country's most successful companies. Count yourself as one of these alumni. Count yourself as one of the best.

Today's ceremonies do not mark the end of your connection with Cal State Fullerton; rather, they are a time for you to celebrate your accomplishments in joining this impressive network of Titan alumni. Be sure you take the time to stay connected to this University by joining the Alumni Association. As a member, you will have many opportunities to tie into this network, continue your professional development, maintain the friendships you have developed and take advantage of the resources that the Cal State system has to offer.

Each of you know that your accomplishments here today are due in part to the support of your family and friends. Similarly, the Alumni Association exists in part to help graduates succeed in their careers. Take advantage of this network of successful alumni and I look forward to meeting and working with you.

Best Wishes In all Your Future Endeavors,

John W. Sibley
'75 Masters, Public Administration
President of the Alumni Association

ABOUT THE PROGRAM

LIST OF CANDIDATES: Students eligible to participate in the 2006 commencement ceremonies are January 2006, June 2006 and August 2006 candidates who filed for graduation prior to the announced deadlines.

GRADUATION WITH HONORS: Honors at graduation are awarded to undergraduate students in three classifications and take into account all courses taken at Cal State Fullerton and other institutions of higher learning. The minimum grade point averages follow: cum laude, 3.5 to 3.74; magna cum laude, 3.75 to 3.89; summa cum laude, 3.9 to 4.0. Students who have earned honors at graduation have been awarded ribbons with medallions that bear the seal of the university: white ribbons denote cum laude; orange ribbons denote magna cum laude; and blue ribbons denote summa cum laude. Program notations indicating achievement of these awards are based on the students' records at the end of the fall 2005 semester. Official award of appropriate diplomas and recognition of honors achieved (which are indicated on the diplomas as appropriate) are contingent upon the candidates having met all university requirements and related criteria.

PRESIDENT'S SCHOLARS: Students who are President's Scholars are noted in the list of candidates. This program to recognize academic and extracurricular excellence is sponsored by the President's Associates.

FACULTY MARSHALS: The faculty marshal leading the procession in each commencement ceremony has been honored as the Distinguished Faculty Member of that particular college. This distinction is bestowed by the president upon the nomination of fellow faculty members.

UNIVERSITY HONORS: Students graduating with University Honors have earned 24 units of Honors coursework, achieved a minimum grade point average of 3.5, and completed a Senior Honors Project. These students have been awarded medallions for their achievement. Program notations are based on the students' records at the end of the fall 2005 semester. Official award of University Honors (which is indicated on the diploma) is contingent upon the candidate having met all university requirements and related criteria.

PHI KAPPA PHI: Among those participating in commencement ceremonies are students wearing a white ribbon with a zigzag design. These students have been elected to membership in the Honor Society of Phi Kappa Phi, a national organization founded in 1897. Students are selected for membership from all of the recognized academic disciplines based on records of outstanding scholarly achievement.

PHOTOGRAPHY AND DVDS: The CSUF Alumni Association has arranged for a commercial studio to photograph each graduate at the moment he or she crosses the platform. Proofs and information on ordering prints will be mailed, with no cost or obligation, to participants. The university has also contracted with a videographer to videotape each college graduation and the university commencement ceremony. You can find information on how to order a DVD of your college ceremony at the following website: www.fullerton.edu/commencement.

CEREMONIAL REGALIA

The history of academic dress goes back to the medieval European universities of the 14th century. European universities continue to follow varied patterns in cut and color of gown and type of headdress. United States universities have standardized the academic dress so that its features are generally uniform throughout the country.

THE GOWN: The gown is ordinarily black for academic degrees. The pattern varies with the degree held: pointed sleeves for the bachelor's degree; short sleeves for the master's degree; and round, full sleeves for the doctorate. The bachelor's and master's gowns have no trimmings. The doctoral gown is faced down the front with black velvet and trimmed with three bars of the same material across the sleeves — or the color of this velvet may be that of the subject in which the degree is granted.

THE HOOD: Hoods are not usually worn for the bachelor's degree. The master's hood is shorter and lacks the panels of the doctoral hood. Hoods are lined with the color of the school, two colors being shown by putting chevrons of one color on the other color. The binding or edging of the hood is velvet of the color pertaining to the subject of the degree.

THE CAP: The standard cap is the mortarboard, usually the color of the gown. The standard tassel is black, but at Cal State Fullerton many students wear tassels reflecting their disciplines. Doctoral caps have gold tassels.

TRIMMINGS: Color trimmings on doctoral gowns and hoods indicate the following: light blue, Doctor of Education; dark blue, Philosophy; white, Letters; brown, Fine Arts; golden yellow, Science; purple, Laws; pink,

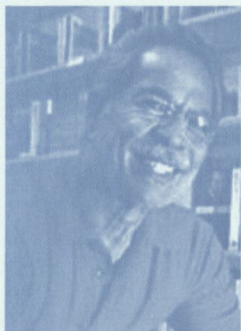

Music; green, Medicine; scarlet, Divinity; crimson, Humane Letters; and light coffee (drab), Business Education.

THE MACE: The mace is a ceremonial symbol of authority carried in academic processions at commencements and convocations. Originating in the Middle Ages, it once was a formidable weapon, held ready to protect the person of dignity. The University Mace, first used in 1975, and the mace holder, first used in 1979, were designed especially for Cal State Fullerton by John L. Berg, who earned his Bachelor of Arts in Communications in 1973, and Master of Arts in Art in 1976. The design of the mace reflects the university's architecture, colors (blue and white) and location — the site of the first commercially grown valencia orange grove. The stem is of cocobolo, a wood orange in color, while the university's colors are represented through the use of ivory and niello. At the top of the mace is the university seal.

GRADUATION WITH TITAN PRIDE: Cal State Fullerton is proud of the graduating class of 2006. Out of respect for each graduate, we expect graduates and guests to remain in their seats until the conclusion of each ceremony. We also ask that cell phones be turned off during the commencement events. Smoking and alcoholic beverages are not allowed at any of the commencement events. *(Please see page 82 for the CSUF Commitment to Civility.)*

EMERGENCIES: First aid stations are located in the parking lot of the Student Health and Counseling Center on the east side of the Titan Gymnasium, and on West Campus Drive west of the Stadium. If you need assistance, call 278-3333 or inform an usher or anyone at an information table.

SATURDAY, MAY 27, 2006

Rueben Martinez, is a genius, and he has the grant to prove it. Last year, he became the first bookseller to receive a \$500,000 fellowship from the MacArthur Foundation that have come to be called "genius grants." The selection committee lauded Martinez for "fusing the roles of marketplace and community center to inspire appreciation of literature and preserve Latino literary heritage." He exhibits the improvisational flair and versatility that is innate to master entrepreneurs.

Martinez's business, Libreria Martinez Books and Art Galleries, began its life as a small shelf in a barber shop in Santa Ana, Calif. For years, Martinez, a barber and the son of Mexican copper miners, lent copies of books to his customers. Eventually, he started selling books by Latino writers. By 1993, the book business had grown so Martinez decided to turn the barber shop into a bookstore and began hosting readings and community events. Martinez was fast becoming a leading advocate of literacy and cultural education in the Latino community. From 1997 until 2001, he partnered with actor Edward James Olmos to establish the Latino Book and Family Festival. It has since become the country's largest Spanish-language book exposition, now held regularly in four states.

SUNDAY, MAY 28, 2006

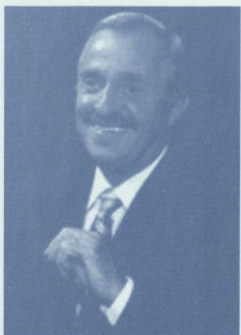

Bill Campbell, was first elected to the Orange County Board of Supervisors, Third District, in January 2003 with an overwhelming margin of victory, nearly 75 percent of the vote. After serving the remainder of a vacated term, he was elected to his first, full term in March 2004. The Third District includes the cities of Anaheim, Brea, Irvine, Orange, Tustin, Villa Park, and Yorba Linda, as well as the unincorporated areas of North Tustin, Orange Park Acres and Orange County's canyon communities.

Born in Los Angeles and raised in nearby Pico Rivera, Supervisor Campbell is a proud southern Californian. He earned a Bachelor of Science degree in electrical engineering from Loyola Marymount University, and he holds a Master of Business Administration degree from the Harvard Business School.

Supervisor Campbell is a member of the Orange County chapter of Legatus, a Catholic organization for business professionals. He is a former member of the Young Presidents' Organization, where he served on the International Board of Directors. He is also a member of the alumni associations of both of his almae matres and has served on the Board of Directors of the Loyola Alumni Association.

HONORARY DOCTORATE

SUNDAY, MAY 28, 2006

James D. Woods At a gathering of the College of Business and Economics (B & E) alumni, Jim Woods gave them some worthy advice. "Once you get a job," he told them, "do it well, take calculated risks, stand up for what you believe in, and spend the company's money as you would spend your own money." Jim has epitomized his own advice. Upon graduation from Cal State Fullerton, he began his career in the field of oil, gas and mining with Baker International. By the time he guided the 1987 merger of Baker International with Hughes Tool Co., he was as proficient at getting to the core of a matter as any advanced drilling technician. That same philosophy has marked his involvement with CSUF. He was a Silver Circle member of the President's Associates and a member of the University Advisory Board from 1982 to 1986. He has earned every alumni award we have to offer, including the Alumni Association's 1980 Distinguished Alumni Award, the 1982 CSUF Alumni Community Service Award, the 1984 distinguished B & E Alumni Award, and a 1994 B & E Star. He is also active in youth athletic programs. As a CSUF alumnus, he served as president of the Titan Athletic Foundation and Campaign Co-chair for the Titan Sports Complex. Since his graduation Jim has been one of the university's most generous contributors to Titan Athletics and other university programs.

OUTSTANDING PROFESSOR

Dr. Zvi Drezner, professor of information systems and decision sciences, is recognized as a leading scholar in the field of location analysis. His students praise him for his ability to make such tough subjects as statistics easy to understand. His 21-year record of teaching and research on campus has won Drezner this year's Outstanding Professor Award — the highest honor the university accords to a faculty member.

Last year, Drezner — a member of the CSUF faculty since 1985 — was honored with a lifetime achievement award from the Institute for Operations Research and the Management Sciences. The triennial award, which has been awarded only six times, recognizes career achievements that influence location analysis research — the science of geographic location of economic activity.

"It seems impossible to work on any aspect of continuous location theory without direct connection to some, and often many, of Drezner's works," said Frank Plastria, coordinator of the EURO Working Group on Locational Analysis at the Vrije Universiteit, Brussels, noting Drezner's more than 200 papers and two edited books. "His scientific output is not only prolific ... but more so, he has been the initiator of many new models."

"He has a great way of teaching such incredibly hard subjects as mathematical modeling," noted CSUF alumnus Giedrius Markus, a manager at Ford Motor Co. "His explanations are simple and right to the point."

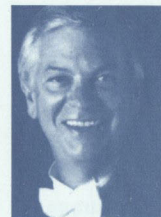

On campus, the veteran business professor has served on a number of university and College of Business and Economics committees. He currently serves on the university's Academic Senate. Drezner earned his doctorate in computer science from Technion in Haifa, Israel.

LAWN WEST OF ENGINEERING BUILDING

PROCESSIONAL

INTRODUCTIONS

Kathryn A. Dickson *Faculty Marshal, Professor of Biological Science*

WELCOME

Steven N. Murray *Dean, College of Natural Sciences and Mathematics*

SENIOR ADDRESSES

Julia Tran *Biological Science*

Kira Tricia Lindwall *Chemistry and Biochemistry*

RECOGNITION OF HONORS STUDENTS

Steven N. Murray

David R. Fromson *Associate Dean, College of Natural Sciences and Mathematics*

PRESENTATION OF CANDIDATES AND HOODING OF MASTERS

Steven N. Murray

David R. Fromson

Robert Koch *Biological Science*

Maria Linder *Chemistry and Biochemistry*

Mark Filowitz *Chemistry and Biochemistry*

Diane Clemens-Knott *Geological Sciences*

Paul De Land *Mathematics*

Roger Nanes *Physics*

Richard M. Lodyga *Science Education*

Department Chairs and Director

 Kathryn Ruzzi
 Ellen Shaw

A COMMITMENT TO CIVILITY AT CSUF: As members of the University community, we are committed to ensuring an environment where learning and the creation and dissemination of knowledge are foundational goals and where freedom of speech and expression is viewed as an essential characteristic of a community of scholars. To reach these goals it is imperative that we foster a climate where civility is valued, appreciated, and expected and where all members of the community are treated with dignity, respect, and care.

“Civility” comes from the Latin noun *civitas* which has several meanings - namely “citizenship,” “the body of citizens,” “the city-state,” “friendliness,” “affability,” and “geniality,” - and, thus, may be equaled with courtesy--a style and manner that elevates human interaction and discourse. Civility is apparent when we are aware of the impact that our communications, practices, and behaviors have on others and when we acknowledge each person’s worth, cultural perspective and unique contributions to the community.

Establishing a civil climate is a shared responsibility of all community members - students, faculty, staff, and administrators. Civility is the expression of respect for others and for the tasks we share. It is best modeled through a willingness to listen to alternative views, respecting diversity and encouraging ideas. It is our belief that differences of opinion should reside within a framework of respectful discourse and lead to mutual understanding.

Therefore, we believe that civility is a cornerstone of our university mission and values, and we reaffirm our commitment to civility on the campus--both inside and outside the classroom. We will both individually and collectively strive to treat each other with dignity, respect, and care in all of our interactions.

Approved Academic Senate, 4/6/06

STUDENT COUNTRY/STATE RECOGNITION

California State University, Fullerton values its mission as a comprehensive regional university with a global outlook and wishes to recognize the states and countries our students call home:

Learning is preeminent at California State University, Fullerton. We aspire to combine the best qualities of teaching and research universities where actively engaged students, faculty and staff work in close collaboration to expand knowledge.

Our affordable undergraduate and graduate programs provide students the best of current practice, theory and research and integrate professional studies with preparation in the arts and sciences. Through experiences in and out of the classroom, students develop the habit of intellectual inquiry, prepare for challenging professions, strengthen relationships to their communities and contribute productively to society.

We are a comprehensive, regional university with a global outlook, located in Orange County, a technologically rich and culturally vibrant area of metropolitan Los Angeles. Our expertise and diversity serve as a distinctive resource and catalyst for partnerships with public and private organizations. We strive to be a center of activity essential to the intellectual, cultural and economical development of our region.
