

STATE CONTROLLER'S OFFICE

September 12, 1961

Honorable Edmund G. Brown
Governor of California
State Capitol
Sacramento, California

Dear Governor Brown:

I am writing to apply for appointment to the Municipal Court of the Oxnard-Port Hueneme Judicial District, vacant since the death of Clarence E. Pecht.

An experience summary is attached. I have been a resident of California for over thirty years, served in the Navy in World War II, and was graduated from UCLA (Business Administration 1946, Commencement speaker) and Stanford (LLB 1949). I was admitted to the bar in 1950, did legal work in France, and practiced before the courts in Los Angeles, Oxnard, and Ventura County before coming to Sacramento with Alan Cranston as Administrative Adviser. My family and I have maintained our legal residence in Oxnard, and I have voted there in all elections since 1953.

As Oxnard City Attorney from 1953 to 1959 I worked closely with Judge Pecht and the members of his staff, first when the court was a justice court and later when the court was designated a municipal court. My work involved both prosecuting violations of City ordinances and representing the City in a great variety of civil actions before trial and appellate courts, including two cases heard by the State Supreme Court. I know the people and the problems of the District, and the continuing need for protection of civil liberties in an area of large minority population. One project which is needed in Oxnard is an effective community rehabilitation program for the transients who regularly crowd the morning session. The municipal judge, who is more aware of the steadily worsening situation than anyone in the District, is in a position to communicate the problem to community leaders and encourage more affirmative action.

I feel I have the confidence of the bar and of the majority and minority groups in the area. In my work as City Attorney I was able to encourage and assist liberal and progressive projects--expansion

of a low rent housing and redevelopment program, a new city bus system, three new parks, a new jail and courthouse, a new recreation center, two fire stations, seven parking lots, a sewer plant and interceptor system, all of which were accomplished while maintaining a stable tax rate. I believe I would be elected to the judgeship when the term expires.

My duties in Sacramento have been to advise the Controller on matters coming before the Boards and Commissions of which he is a member and to advise on the variety of legal questions arising in the various divisions of the Controller's Office.

During the two years I have worked for the Controller I have been able to assist the District in completing a project which I originally helped sponsor--acquisition by the State of McGrath Beach Park. With the State Lands Commission and City and County officials, I helped arrange for the lease offering of submerged oil lands within and adjacent to Oxnard City limits. In the reapportionment, I worked with leaders from Santa Barbara and Ventura Counties for a 13th Congressional District which did not include parts of downtown Hollywood and the San Fernando Valley.

I have been a liberal Democrat all my life, my grandfather was a Democratic mayor and my uncle a Democratic congressman. I have worked for Democratic candidates in every election since returning from France in 1953.

I would welcome the opportunity to serve the State and the District as a municipal judge, and I am most grateful for your consideration of this application.

Respectfully,

Joseph W. Goss
Administrative Adviser
to the State Controller

JWG:rh

Experience
