WALTER CHAMBERS
ADMINISTRATOR

Mr. Elmer E. Lore, Assemblyman
State Capitol Building
Sacramento, California

Dear Elmer:

I want to take this opportunity to thank you for all the consideration, kind treatment, and advice you gave Mr. Vissman and me last week. It was a great help in going through that embarrassing ordeal, and gave us the courage and knowledge we needed to face the situation. I hope that the Governor's program is given every consideration by the Legislature, and that some good will come out of all this wild scramble.

I think you know my feelings regarding the relief situation, in that I have the consideration of the poor and aged at heart, as well as an interest in administering relief on a business-like basis so the taxpayer may be considered.

I hope that we can renew our friendship in the near future and if you are in Orange County, don't fail to look me up.

Sincerely yours,
