County Central Committee Chairmen
of Southern California:

Rose, Evans, Cain, Van Tatenhove, Williams,
Nebron, Fedotti, McSweeny:

Please pardon this hasty home-typed note, but wish to advise you that the California Democratic Farmers' Advisory Committee, active since 1952, are seeking names of farmers to recommend to the new Administration for the various boards and commissions. The Executive Committee of the DFAC will be meeting in Fresno at noon on December 27th. We sorely need some good Democratic farmers' names from Southern California, since this organization has done most of its work in Northern California.

Would appreciate your sending to me at my mother's home, air mail special, 4906 Sunset Drive, Fresno, your recommendations. Naturally this is not in any sense a final deadline, but the sooner you processable deserving names, the better.

Agricultural Association, District Bd of Directors
(57 Districts of 8 members each)
Agricultural Prorate Advisory Commission
Colorado River Board of California
State Board of Forestry
Fish and Game Commission
Highway Commission; Historical Landmarks Committee;
State Park Commission; Poultry Improvement Commission;
State Board of Reclamation; Soil Conservation Commission;
State Fair and Exposition Board; Water Commission;
Water Pollution Control Board (for all areas)
State Board of Agriculture and State Director.

The above are some of the boards and commissions most important to farmers. You might care to participate thru the DFAC with your recommendations as is being done in Northern California, under John Watson and myself, who are co-state chairmen.

Happy Holiday season to you all....
