00:01:19:12 - 00:01:45:02

00:02:55:16 - 00:03:04:22

Unknown

I am tremendously inspired.

00:03:04:24 - 00:03:33:11

Speaker 3

I like this is a very, very special occasion for all of you. And I want to say congratulations to the scholarship recipients. It was a great honor for me to be a part of the committee for directors in awarding scholarships to these individuals. They have worked very hard for four years coming here.

00:03:33:14 - 00:04:04:25

Speaker 3

I also want to extend a very special thanks to all of the corporations who have contributed money this year, a year that and I think a little bit difficult in the state of California. And all of us have been friends and family who have experienced hardship. And God forbid that this continue into the future much longer because we want our graduates in four years or six on a ten year doctorate and so on and so forth.

00:04:04:28 - 00:04:33:11

Speaker 3

To be successful and to find opportunities out there. And I think what you're doing is affording you that much more opportunity and giving yourself this education, which is so, so valuable to your future. By the way, I am Vivian Miranda and I am with Pacific Bill and I have the honor to sit on the board of directors with many of the people up here, as well as some others who haven't been able to attend tonight.

00:04:33:13 - 00:04:52:08

Speaker 3

Special thanks goes tonight to the San Jose Mercury and to Lockheed, who have specifically donated a significant amount of money for the the students and their parents to attend at no charge the Lockheed.

00:04:52:08 - 00:05:01:04

Unknown

And the Sun Mercury and responsible for that people.

00:05:01:06 - 00:05:22:24

Speaker 3

Little by little. Little so a little known phenomenon in Glenn Ill some people are filibustering Gomer Pyle on some movies heading to the theaters or is the good on on order to get on a TV and I suppose I don't know the sound of watching it, so it's almost like I get it. But I know who is this?

00:05:22:24 - 00:05:53:16

Speaker 3

The other corporation in the Pacific. I mean, say, Lockheed, he and Mercury News Federal. And it must follow. Somebody has to think with an end in program. You know we had it all so gone die for them and

then we see those double whammy than they used to look up to you on. And I think it is the there's question as always means good ask important is the is in the book but I celebrate it in 7.50.

00:05:53:17 - 00:06:01:27

Speaker 3

I want to tell you you know we'll check it out.

00:06:02:00 - 00:06:02:11

Unknown

I guess at.

00:06:02:11 - 00:06:20:01

Speaker 3

This point I'm going to ask Frank of any at all to join us here at the podium to lead and the Pledge of Allegiance.

00:06:20:04 - 00:06:39:10

Speaker 4

I have to tell you, to write for yourself. Thank you very much, Gentlemen, Would you please follow me in the Pledge of Allegiance to the flag of our country? I pledge allegiance to the.

00:06:39:10 - 00:06:42:20

Speaker 2

Flag of the United States of America and to the.

00:06:42:20 - 00:06:59:15

Speaker 4

Republic, which stands one nation, to God, indivisible, with every justice for all people.

00:06:59:18 - 00:07:02:25

Unknown

I want you to do so.

00:07:02:28 - 00:07:15:04

Speaker 4

Others to your state. God, beyond. In terms of our implications tonight for other.

00:07:15:06 - 00:07:40:02

Speaker 2

And I'd like to ask you the times which trouble to stand against everything. You know what if one interfered with my work and let let us pray God of wisdom and knowledge. We bless you and we praise you. For you have chosen to share your wisdom and knowledge with women and men by giving us the intelligence to wonder, to inquire, and to learn.

00:07:40:04 - 00:08:03:05

Speaker 2

Today, we thank you for these scholars who are receiving scholarships and for what they have learned. We thank you that they have chosen to continue their study. We thank you for their talents and skills. We thank you for parents and friends who have supported and encouraged them, for teachers and classmates who have challenged them and shared their knowledge with them.

00:08:03:08 - 00:08:26:15

Speaker 2

We thank you tonight for the GI, for him and his work and for all those individuals and corporations who have contributed to the scholarship program during this study, to the day that was drafted. This I know what you're going to call it in Kansas City. They'll continue out of their studios. That I was going to ask you for the little gap and needle that I was just just one of those individuals because I will.

00:08:26:15 - 00:08:47:25

Speaker 2

But you wouldn't get somebody that I was a baker, that I was going to get most of my responded to that was last year. Forget that. These tell us that you hear from numerous people they have been to the

other day. That was a great gift for Robinson. Secondly, he got them. But I guess the deal they have with the Internet put in their then this, they don't have any more.

00:08:47:28 - 00:09:11:21

Speaker 2

That's those that have you here. They'll start looking for a needle but admitted each other their they might get employer they took over is they kind of note these beat out all those are going to be united to the oval on this day we ask your God to bless all those who work for the education of our youth, for teachers, school administrators and school employees.

00:09:11:24 - 00:09:37:25

Speaker 2

We also ask you to be with those young people who drop out of school and to be with these young people whom we honor today, give them success in their studies. Bless us all. Give us all the strength to use wisely what we have learned for the good of others. Give us the strength to struggles and build a society where all people will have the opportunity to obtain all the education they need.

00:09:37:28 - 00:09:49:02

Speaker 2

May we never cease to study and to learn until we come to full knowledge in you? Amen.

00:09:49:04 - 00:09:58:01

Unknown

Okay. My name is written.

00:09:58:01 - 00:10:08:13

Speaker 2

About getting over the glory and with the foundation and my features along with it. I think it's important and necessary for that. Those of you that are here getting awards have some.

00:10:08:13 - 00:10:14:13

Unknown

Sense of history to the organization. In 1973, we gave out our first scholarship. In that year.

00:10:14:13 - 00:10:35:28

Speaker 2

We had Rachel Garcia, who was also a cast member of our awards, received the first scholarship, and she got a \$4,000, which is 73, was a lot of money. Rachel And if you look at the program for a minute, Rachel also has a scholarship that she gave to the foundation and Leonard Hamilton. So every high school.

00:10:35:28 - 00:10:39:21

Unknown

Recipient scholarship along with her husband.

00:10:39:24 - 00:10:58:21

Speaker 2

But at year end, one of our members who's here today will retire. I moved from California, afraid of representing Lockheed, and we had two other businesses that are IBM. Of the first four companies involved in our scholarship money, 73.

00:10:58:24 - 00:11:04:19

Unknown

Obviously this year or since then, we've had other companies involved of our first.

00:11:04:25 - 00:11:39:07

Speaker 2

Dinner and where we give out more than one fellowship was in 1975 and we had 11 recipients, for example, \$12,000, and they were not held in a place like this that was held downtown, great housing, a little Mexican restaurant. We don't know where people did even have a good time. And but we had 11 recipients that we are now, as Vivian indicated earlier, now the 21st anniversary and in 1993 was given not 59 scholarships to Aramco, \$6,618.

00:11:39:09 - 00:12:09:12

Speaker 2

So that's where we are now. And as you can see through the program, various companies and individuals and families have chosen to give us the money, to give us due to the money to our employees, that everything we'd like to do at this point is just over terrain to give you some more dollars and figure them. And what's going to happen in terms of the process of the scholarship consisted to get getting read.

00:12:09:15 - 00:12:10:23

Unknown

Thank you, Richard.

00:12:10:25 - 00:12:45:04

Speaker 4

And now my congratulations on all your recipients of your wonderful job over four years and you wouldn't be here. I want to take a few minutes to give you a little more of the background because there's some interesting numbers that have come up. Time. This is our really 20th year of war, and we have 59 awards totaling about \$61,000 this year in total since this program got started 21 years ago.

00:12:45:06 - 00:13:06:21

Speaker 4

Are we have given with the current one over 900 or 912 scholarships totaling \$895,000. And now the interesting thing for me is that if we can make gains next year and improve by 50%, the number of scholarships.

00:13:06:21 - 00:13:13:04

Unknown

And the amount of money we receive from our very, very powerful.

00:13:13:04 - 00:13:39:29

Speaker 4

Individuals and companies can support the program, we will break the million dollar mark. All we need to do is have everybody improve their donation by about 50% or find another bunch of companies for

us. And we ask all of you who are here for the private sector, there are can you give me any indication of any company that you know of that would be willing to participate?

00:13:40:02 - 00:14:08:05

Speaker 4

I want to tell you in just a minute, this is for the students how the money is here. I'm the treasurer, so I have to take care of it. When you law school in the fall, wherever you're going, you will get from the student aid office a an award, a check for what amounts to one quarter, I mean one half or one third of the amount of your scholarship.

00:14:08:07 - 00:14:38:02

Speaker 4

Now remember, you're not going to get it all in the first semester. So so you're going to get half the corners and then you're going to get a third. You have to go down to the end of the beginning of the second quarter and get the rest of the money in the second semester. So if your scholarship was over \$1,000 and there are some they are generally, in fact, with the exception of one, they are all for your scholarships and you will get one quarter of your scholarship amount each year for the next four years.

00:14:38:04 - 00:15:08:07

Speaker 4

But the money will come in exactly the same way, half or a third in the first semester. And so my first period and the rest of it through the year, it goes through the student aid office because we make a commitment to the donors that it will not be given directly to anybody. It goes through the college, through the school, and you have to be enrolled at the only required out and other condition that I have to ask you for.

00:15:08:09 - 00:15:32:15

Speaker 4

If for any reason you change your plans, you go to a different school, you go and you decide that you're not going to participate in school for a semester, or you have to let us know we will to keep your scholarship intact. Even if you were to drop out for a year, if you would tell us if you're going to go back the following year, we hope you will stay.

00:15:32:15 - 00:15:33:21

Speaker 3

And have no problems.

00:15:33:21 - 00:15:58:15

Speaker 4

But sometimes they do occur. If you change schools, let us know. But otherwise we're sending money to the wrong school. Those of you who are in going to our state school and there are quite a few this year, please make sure you send the mailing address of your school clothing, salvage yard form, scholarship foundation. Otherwise we don't know how to get to the school.

00:15:58:15 - 00:16:02:20

Speaker 4

We don't have the addresses of every college in the United States.

00:16:02:22 - 00:16:06:17

Unknown

And one last thing.

00:16:06:19 - 00:16:33:27

Speaker 4

And it's strictly my request to you students who are winners this year when you go back to school the rest of this last week or two, a school contact, every one of your friends that you know who are juniors this year who are contributing to potential candidate for Scholarship Foundation awards next year. And make sure you emphasize to the important of applying.

00:16:33:29 - 00:17:13:07

Speaker 4

We find a lot of the students who might be considered for scholarships never even get an application to it. And of course, if they don't get their application, we can cancel them. So go back and be our group of volunteer requesters. Actually, go to Junior to remember the Scholarship Foundation next year. Good luck to you all and you know that I hope you have a wonderful time at your first year in college.

00:17:13:10 - 00:17:39:11

Speaker 3

Now we want to give you some time to enjoy your dinner, but I thought I'd let you know at this point that our guest speaker are working hard on their part. Dean is unable to join us this evening, unfortunately has some personal conflicts, something about her to come. West Virginia, we're going to speak to you about was the transition between high school and college life.

00:17:39:14 - 00:18:01:21

Speaker 3

And it was just a little while ago for me when I myself went through that transition. And in New York City, which was a little bit different, and I went through it here in California, for those of you who are going out of state and then go out to New York City or Chicago or L.A. area, and that may be similar to my experience.

00:18:01:23 - 00:18:20:29

Speaker 3

I think the significant thing that I'd like to share with all of you is to be patient with yourself, to work hard and have fun. Don't forget to continue to have a little bit of fun, make friends, find out what you're doing.

00:18:21:01 - 00:18:26:23

Unknown

Going in and make sure that you take care of your soul.

00:18:26:25 - 00:18:30:07

Speaker 3

Father Rubio, here's an excerpt of the rest of your lives that you're learning.

00:18:30:07 - 00:18:32:15

Speaker 4

You're continuing to learn and grow.

00:18:32:18 - 00:18:55:16

Speaker 3

And part of that learning and growing is going to come from your interaction in people that, in fact, probably that ultimately you say Father, and you'll be surprised what you can learn just by sharing in the student union similar experiences. Don't let it get to you. It's going to be tough. Sometimes you're going to have to really put the nose to the grindstone, but don't give up.

00:18:55:18 - 00:19:24:16

Speaker 3

I know all too many people myself in my career with specific males who didn't take the opportunities that you have now, go straight from high school into college and finish their education, and they're now with children or with job responsibilities that require them to work long hours, and especially when jobs are jeopardy the way they are these days and they're not able to do their education at the same time, or they're really growing old very quickly, doing it both at the same time.

00:19:24:19 - 00:19:28:18

Speaker 3

So take advantage while you have mom and dad's help or the help of financial.

00:19:28:18 - 00:19:35:03

Unknown

Assistance and take care of your education. And then you can start with a full load of.

00:19:35:05 - 00:19:45:18

Speaker 3

Talent and information that you can bring to these companies and share and contribute to their profitability in the long term. So it's been a while.

00:19:45:18 - 00:19:51:21

Unknown

For me, but I remember it and I remember it was hard fun and it was hard work, but it's worth it.

00:19:51:23 - 00:20:01:12

Speaker 3

So don't give up with that. Please enjoy your dinner and then we'll be doing the presentation. Have you finished your dinner with the awards?

00:20:01:15 - 00:21:06:26

Unknown

The first and only very. We're going to L.A.. Well, welcome to the.

00:21:06:26 - 00:21:08:06

Speaker 4

Second part of the program.

00:21:08:08 - 00:21:13:18

Unknown

You know, it started a little bit late and we do want to go ahead and move forward.

00:21:13:20 - 00:21:33:10

Speaker 4

First of all, I guess what I would like to do is ask you to write a book on the service that we've gotten so far from the American. I'm going to go ahead and introduce the board of directors for my dear former Scholarship foundation. So when I call your name.

00:21:33:10 - 00:21:39:16

Unknown

And your family, they can recognize from.

00:21:39:18 - 00:22:56:06

Speaker 4

The Foundation forum we have one of our guys who is our first vice president, Frank Caliendo, our secretary. My dear Kundera. Rose, Florida. Now with us tonight is Degrassi, our past president, the chairman of the Summerfest grandpa Victor Vanzant, one of two individuals who have been with the board since day one is Gonzalez Hillary Clinton. And that with us again is our second vice president.

00:22:56:06 - 00:23:34:13

Speaker 4

I think that'll know whether this is our two past first president, Livonia Anderson, who represents everybody from the Valley Mercury and John Hammond, someone, as I indicated here with two who have been with the foundation day one. And actually Ray retired from Lockheed a couple of years ago, but he's still here. But we're very pleased to still have him here.

00:23:34:15 - 00:23:51:22

Speaker 4

Ray Cyrus, another longtime member, is Richard Vasquez from UC Santa Cruz.

00:23:51:24 - 00:23:52:21

Unknown

And actually, I forgot.

00:23:52:21 - 00:24:23:19

Speaker 4

To mention Ray of our treasurer. He's been our treasurer for how many years already, but he is the one to keep track of money. As mentioned earlier, from Pacific Bell, we have Vivian Miranda. Vivian was the person responsible for the dinner tonight. So can we give her a second time from the East Valley? Jay One time. Do we have three members still?

00:24:23:19 - 00:24:43:14

Speaker 4

Hernandez President I'll be a little. By the way, my name is William Martinez.

00:24:43:19 - 00:24:51:22

Unknown

So now that's not a certificate, but that's.

00:24:51:22 - 00:25:28:21

Speaker 4

Just a couple of people I want to thank you before we move on. But first of all, the board is an all volunteer board. They put in countless hours into not only making sure that that resources get raised, but then there's this whole process of publicizing the scholarships, recruiting students to apply for the scholarship, recruiting companies to contribute scholarships, as well as, you know, building relationships with schools and of course the selection process is rather quite demanding.

00:25:28:21 - 00:26:01:18

Speaker 4

So I want to personally give my thanks to the board for all the talent policies that are put in place. But really the only thing that they ask in return is that you go on and say thank you to the board. I also want to thank the companies who have joined us tonight and even those that are not here tonight who have made fundraising and these so private, difficult economic time.

00:26:01:21 - 00:26:30:00

Speaker 4

We all know that things are not going well for everyone, especially here in California. We can turn all the statistics about all the companies closing down and the economy being really bad. Well, it is, but the companies have made a commitment to to invest in education regardless of what the situations aren't. And we would like to recognize them and thank them for that.

00:26:30:02 - 00:26:42:20

Speaker 4

And of course, the parents of all students who are here, if it wasn't for your support, your nurturing at home and guidance, your children, they would not be here.

00:26:42:20 - 00:26:52:12

Unknown

So thank you for your parents. We have a couple of.

00:26:52:12 - 00:27:30:00

Speaker 4

Photographers that are not only videotaping, but also taking photographs. And again, they're not being paid. They're doing a lot of you know, they're trying to look at how have we got Channel 14 doing that as well as for the 17 year recorded it for our our historical record out have the online back before I forget before everybody leave at the end of the ceremony out the back to take a group picture this would be a situation of hanging out in our office and all the lawyers.

00:27:30:00 - 00:27:46:01

Speaker 4

It was a press release and everything, so make sure you don't see one thing you should. lastly, I did want to thank my wife to have put up with me and my family. Most of the time I I'm going maybe like one.

00:27:46:03 - 00:27:59:21

Unknown

And one I probably need to myself, you know, here and there. So thank you very.

00:27:59:24 - 00:28:19:06

Speaker 4

At this time. I just want to go ahead and ask Richard to come up. He's going to go ahead and help me with the process of putting up the certificates, recognizing students who are being recognized. My what I'm going to ask is for the students that are sitting on this section to please come forward this way, access to the center.

00:28:19:06 - 00:28:38:17

Unknown

That way will have you recorded. And for the students on the other, many of you here hear.

00:28:38:19 - 00:28:42:04

Speaker 4

I learned a lot from how I'm.

00:28:42:06 - 00:28:56:13

Unknown

Trying to make it. My point is try to figure out what it means to be enrollment, health, security.

00:28:56:16 - 00:29:01:17

Speaker 4

Of course they are. Why are you graduating from government?

00:29:01:19 - 00:29:11:23

Unknown

00:30:17:09 - 00:30:39:27

Speaker 4

Victoria Campbell is not with us tonight. Anthony Jarvis with Graduate Development. actually he did modify and he's going to enroll.

00:30:39:27 - 00:31:05:07

Unknown
