Re: Ventura County Commission for Women

Dear Supervisor Long:

I have served as a Commissioner on the Ventura County Commission for Women for approximately two years. Although my term does not expire for another year, I will be unable to continue to serve on the Commission.

Please accept this letter as my resignation from the Commission. We recently had the opportunity to discuss the hurdles and future of the Commission. I regret that I cannot continue to serve since I have always maintained a strong interest in the challenges that women face.

If I can be of assistance to you in the future, please feel free to contact me.

Very truly yours,

Etta O. Gillivan
