

GENERAL EDUCATION PATTERN II

Transfer students entering Fresno State College before September 1, 1963, and formerly matriculated students returning before September 1, 1963, after an absence of one or more semesters, will be permitted to follow General Education Pattern I outlined below instead of the new program listed on the preceding pages. Continuing matriculated students are not affected by the new program. See Election Regulations, page 68.

Group 1. Social Science

Anthropology, criminology, economics, geography, history, political science, sociology, Home Ec. 131 (family life education). Courses must be selected from two or more of these fields.

Courses designed to meet the state requirements in American history, United States Constitution, American ideals, and California state and local government are required and may be included within the 12 units. For a list of such courses see page 288.

Group 2. Natural Science (include both biological and physical science)

Biological—bacteriology, biology, botany, entomology, physiology, zoology. Physical—astronomy, chemistry, Phys. Sci. 10a-b, geology, physics.

Group 3. Literature, Philosophy, the Arts, Foreign Language, and Mathematics

At least 3 units of literature or philosophy must be included. (See *Special Course Requirements (4)*, page 69.)

Group 4. Physical Education Activity *

(Not more than one physical education activity course per semester may count on this requirement.)

Group 5. Health Education—Hlth. Ed. 90 or equivalent

(including fire prevention)†

Group 6. English and Speech (Engl. 1a and Speech 20 or 24)

Group 7. Psychology—Psych. 7 or 10

Total

BACHELOR OF ARTS DEGREE

For the bachelor of arts degree a minimum of 124 semester units must be completed and must include at least 40 upper division units. Upper division courses taken before the student has earned 45 units, or before his fourth semester, may not be applied on this 40-unit requirement.

The general degree requirements (page 68), one of the general education patterns, and one major must be satisfactorily completed; and any minor requirements listed for a given major must be met. Units used to meet the general education requirement may not apply on the major. If a second concurrent major is desired, courses acceptable for satisfaction of general education requirements for first major may be used to satisfy second major requirements. Electives may be used to fulfill or to apply on requirements for a credential or for one or more minors, or they may be free electives selected with help of an adviser. While a minor is not required for most majors, students are encouraged to study the minor offerings of the various departments and consult their advisers to determine whether one or more minors would be an appropriate complement to their college programs.

* The physical education requirement may be waived only on request for students who have a medical excuse from the college physician, or who are 25 years of age or older. Requests for this waiver or any deviation in meeting the requirement must be submitted to the Dean of Students Office. Basic air science (4 semesters) may be substituted for physical education requirement.

† Students having had a health education course which did not include fire prevention, can meet the fire prevention requirement by special arrangement with the chairman of the Health Education Department (or by Hlth. Ed. 105). This should be arranged during the student's first semester at the college.

MAJORS AND MINORS FOR THE A.B. DEGREE *

The units and subjects required for each major and minor are listed under the departments concerned (see pages indicated below):

	Major		Minor	
Accounting	132	—	Latin-American Studies	200

Latin	208	208	Theater	310
	200	200	Zoology	217

Special Major: A student may be permitted to propose his own program of correlated studies in the completion of a special major. This proposed program must include courses selected from two or more fields and must be presented to and approved by a faculty committee composed of the student's faculty adviser, the Associate Dean of Students (Admissions), and the Dean of the College. This major must include a minimum of 24 units of which 12 are upper division, the same as any other major.
