

Student Programming Board  
General Meeting

July 9, 2004  
Student Lounge  
11am

Melissa called the meeting to order around 11am.

Attendance

- Melissa Mirkovich, Marie Graves, Kyle Ragsdale, Uriah Anderson, Chris Hoffman, Meg Ciuffetelli, Anneka Busse, Gitana Serna

Melissa started off the meeting by giving a report on the executive meetings. They had been speaking with faculty, staff, and administrators to get support for events and see if they would like to offer a special project to students working with Student Programming Board.

A new budget was handed out with all the corrections from the last meeting. Everyone looked over the budget and had no complaints with it. An event overview also took place for those who were not able to attend the first meeting.

Open Forum

Marie explained Hands Across CI with more detail since she is the chair of the event.

A copy of the evaluation process for events and went over that for any suggestions. A little confusion at first but after an explanation everyone understood.

Meeting was adjourned around 12:00pm.
