Teague's record as recorded by newspapers  
throughout the District.

### ***THE PRESS-COURIER***

"We need men of the experience and dedication of Congressman Teague, who represents his constituents, not men who will become a rubber stamp for the Executive branch of government."

—March 28, 1964

"Mr. Teague's great asset is his integrity and his courage to follow his convictions."

—October 22, 1963

### **SANTA BARBARA NEWS-PRESS**

"The News-Press repeatedly has supported public officials, regardless of party, who have made good records in office."

"Teague was elected to his first term in Congress in 1954. The News-Press supported him then and has supported him since. During his 10 years in Washington, he has earned the confidence of federal officials and his colleagues, and has acquired the seniority so essential for serving the needs of the people back home."

"The News-Press recommends a vote for . . . Congressman Teague on the Nov. 3 ballot."

—September 16, 1964

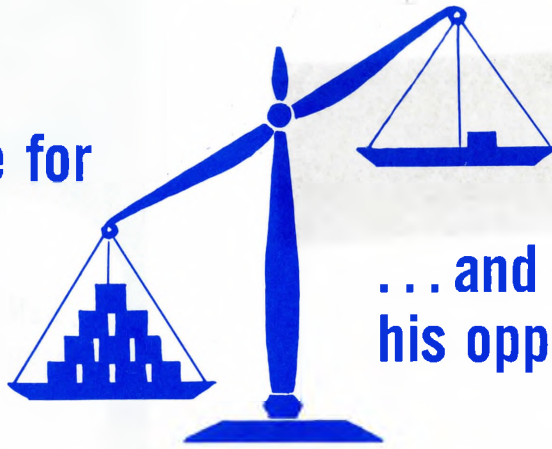

### ***Santa Paula* DAILY CHRONICLE**

"Ever since his first election to office in 1954, Teague has won support from both Republicans and Democrats in the district because they have recognized able representation of his constituents and common sense approach to national affairs."

"Congressman Teague has an understanding of local affairs of this and Santa Barbara Counties that has accumulated with 10 years experience in the House of Representatives. We would like to see him continue his fine service to us for a sixth term. His unquestioned loyalty to the nation and our area which he represents should be recognized again on Nov. 3."

—September 23, 1964
