Chorale Concert

By Robert Barrus

In a few days, "June will be bustin' out all over" which, incidentally, provides a perfect introduction for this article about our L.V. Chorale, and it's upcoming Spring Concert, as this is one of the numbers we will sing. Reserve the nights of June 3rd or 4th (Friday and Saturday) to attend this annual affair.

The theme will be, "Music Through the Years", and the program will range from songs of our country's early history, to contemporary ones.

The Chorale wishes to thank the Villagers for their continuous support from the time of its' inception, to our present group of 70 talented and enthusiastic vocalists.

In addition to performing for many Village events, i.e., Birthday Bazaar, Women's Club Installation Luncheon, Thanksgiving Celebration, and the Christmas-Hanukah Program, our members have provided entertainment at the Senior Citizen's Center in Ventura, Women's Club of Camarillo Springs, and the City of Hope program.

This year the Chorale made a contribution to the restoration of the grand piano in the A.R., purchased a piano for the M.P.R., and has made a contribution to further the Channel 12 T.V. programs.

Senior Legislators Already Active

Tony Lamb, Lee Strohbehn, and Joe Gaynes have met with State Senator Gary Hart and Assembly Representatives Cathie Wright, Jack O'Connell, and Tom McClintock. A lengthy discussion was had to review major areas of concern affecting over 71,000 seniors in Ventura County. We were made aware of an unusual situation that should prove very important to seniors. Our three assembly representatives have been assigned to serve on the same Assembly Committee on Aging and Long-Term Care. We are now charged to meet with Senior Groups throughout the County, and to work up these issues for legislative action.

In the meantime, already

Earthquake and Flood Insurance now Available for Leisure Village

After more than a year of negotiations and research, a sub-committee of the Finance Committee has obtained a firm

offer for Flood and Earthquake Insurance covering the entire Leisure Village complex.

A consortium of three insurance companies, through Cass and Johanssing, our major insurance agent, has agreed to provide coverage at the rate of about \$25.00 per dwelling unit per year, as compared to about \$300 which some Villagers pay for both flood and quake insurance. Personal property would also be covered for both flood and quake damage, subject to the deductible amount.

A major problem in writing the policy has been how to handle the "deductible" clause. In the case of earthquake damage, the deductible on the policy which is offered would be 5% of the replacement value, and for flood damage, the deductible would be \$10,000 each occurrence. Keep in mind this includes exterior home damage as well as common area problems, which the Association is responsible for maintaining, with insurance or not.

L.V. Speakers Merit Praise

By Rube Davis

The Subcommittee on Education of the Community Relations Committee who are sponsoring School Guest Speakers have received letters, phone calls and commendations from several of the Junior and Senior High Schools on the excellent presentations made by members of our Speakers Bureau.

Guest speakers at the Camarillo High School on career counselling included Henry Dorf on Advertising; Robert Price on Marketing; Don Moore on Salesmanship, and Ike Abrams on Accounting.

Guest speakers at the Royal High School in Simi Valley included Edwin Holly on the

Insurance: Hate-Love Affair

Very few people can be neutral about insurance. Most have become accustomed to paying the pesky premiums, some are even persuaded to over-insure themselves, others obtusely refuse to buy any kind of policy. People like that invite bankruptcy should some catastrophe happen to them.

When we signed the purchase agreement buying into L.V., we were entering a mutual association wherein we agreed to maintain all of our houses, common areas, streets, landscaping, and association buildings for each other. L.V. Association has already purchased fire protection for us. Flood and earthquake insurance has been discussed for some time. Some Villagers have purchased individual policies at large cost for their homes. Others have felt that the risk was just too remote for us to need this coverage.

On March 1st, we almost had a real flood. Water came within inches of some dwellings, streets became impassable, the golf greens resembled lakes. Fortunately, the water drained off quickly enough to avoid damage, but the lesson was obvious that the Village could be vulnerable for flood damage under some circumstances.

The May 2nd earthquake so close to us at Coalinga has underscored the grim reminder of experts that "The Really Big One" is due at any time in Southern California.

Now there are more people ready to listen to the proposal about Flood and Earthquake Insurance that the sub-committee of the Finance Committee has been able to negotiate.

The underwriters who have offered to cover the Village would insure themselves by binding three companies into the agreement. The premium of about \$25 per home, based on the size of the home, seems so reasonable as to be unrealistic. A careful reading of the policy provisions is certainly in order, but we do have insurance experts in the village who can interpret for us. If we were to buy such a policy, 75% of our homeowners would have to accept the assessment, which would then obligate all owners.

Under provisions of the policy, if we have flood damage, the Association would have to pay the first \$10,000 (the deductible), or about \$5 per home, and everything over that would be paid by the policy. We could afford that.

In case of earthquake damage, the Association would have to pay 5% of the replacement cost. For example, if \$1 million damage were received, Villagers would have to come up with \$50,000, or about \$25 per home.

In a condominium-type community such as L.V., where the value of our homes depends almost as much on our neighbors' maintenance as our own, individual protection makes very little sense. If the Village should suffer catastrophe, even though your house be untouched, it is obvious that it would be very important to you that our neighbors' homes be restored as soon as possible. Under individual liability this simply could not be accomplished quickly enough in many cases to avoid deterioration of values in the whole Village.

When such an inexpensive policy is available, a refusal to accept the modest assessment seems penny-wise and pound-foolish.

Letters

Can't forget the impact of my 3-wheel bike on that 6-cylinder van, and the pain that followed my fall to the ground, bicycle on top of me; but you, dear friends and neighbors, are managing very well to dispel it from my mind. Your loving and tender-hearted expressions of caring (cards, calls, food) are helping me to stand and walk again, and I thank you so much for your consideration.

Yetta Farber, V.5

Our deepest gratitude and thanks to all for your loving support and comfort during these past weeks since Dick's death. When he first became ill in September 1981, many of you not only came to his aid but were helpful to us in our time of need. You continued your help and concern during the long nineteen months of his illness. Much appreciation.

Evelyn McKay and Family
V.1

That Leisure Village is the place "where your neighbors care" was emphasized anew in the many and varied expressions of good wishes and comfort following my recent surgery. As yet, I am not out of the woods, but I have reached a clearing in the forest and have a positive outlook on finding the way out. Chess, anyone?

Harry Becker, V.28

I cannot find adequate words to express my appreciation to my many friends and neighbors for the many acts of kindness at the death of my beloved sister, Ocie Williams. All the food, cards, visits, and calls expressing friendship and caring helped immensely. All I can say is "This would be a nicer world to live in if there were more people like you here in L.V." God bless you all.

Mabel Estabrook, V.4

The Roof Fund

As a member of the Association, I wonder why we must accumulate a large amount of money, at this time to pay for re-roofing our houses 20 or 25 years from now?

25 years from now I will not be here to care if the roof leaks or not! Let that owner fix the roof at that time with his money not mine! Who ever heard of buying a house and not being responsible for the roof?

No other community like ours has such a stupid rule in their C C & Rs. Leisure Tech the builder, does not know how it

None of their other projects have it. I am informed that Leisure World does not. Several years ago we changed our C C & Rs to eliminate the repair and maintenance of all our appliances, foreseeing a huge expense in our monthly dues. We can change our association rules again.

Our association is on a very tight budget, one large concern is to build up this huge roofing fund. Nonsense, we can repair our own roofs, the same as we can repair our own appliances.

Nominating Procedure

I wonder how many of our residents have read Article VI of the By-Laws in the C C & R. More importantly, I wonder how many understand it and realize how much of the selection of candidates has been given to the nominating committee.

As Mr. Sherman advised us all at the April Board meeting, if an individual wants a nominee other than those nominated by the committee, the name of that candidate accompanied by the signatures of 5% of owners must be given to the Board of Directors 60 days prior to the election.

The committee's nominations were announced about April 8. The election occurs June 22. If you wanted another candidate and not yet acted, you had about 14 days to select that candidate and gather approximately 175 signatures. That is a difficult task.

You might wonder why the nominating committee proposed only 3 candidates for 3 openings. Because they had that right. The By Laws require them to nominate no less than the number of openings. In past elections, they have nominated more and you had a

choice. It was reasonable for you to have assumed you would be given a choice. But they didn't give you a choice, and now all that remains to do is for the Board of Directors to insure a quorum at that election (perhaps by the Security Department Roundup) and for us to rubber stamp the nominating committee's selection.

Be assured that I take no issue with the 3 candidates. I'm sure they went through a comprehensive evaluation and may be good for the Village. But I object to rubber-stamping as is done in a dictatorship. Therefore, I am seriously considering whether or not to vote.

You may also be assured that I will by the petition method personally nominate a candidate for next year's election and I encourage others to do like wise. Such nominations bypass the nominating committee and go directly to the Board of Directors and must go on the ballot.

It is not right for a few people behind closed doors to select the Board. And they have done that this year. How do you like it?

E.W. Hale, V.17

Street Hazard Disregarded

The hazardous intersection where Woodcreek Rd. enters Santa Rosa Rd. was discussed at the May Assn. Board of Directors meeting. From what I understand, the intersection does not meet the "danger" qualifications, of the Camarillo City street traffic specifications, to warrant a 'Right Turn Only' or other cautionary signpost.

If the Camarillo City fathers feel this safety measure is not important enough to prevent accidents or a fatality the misfortune will be on their heads when it occurs. However, to protect our Villagers, I believe our Assn. Bd./or whoever is in charge, should utilize our communication media -- the 'Voice', T.V. Ch. 12, direct notices to residents, etc., to periodically advise them of the hazard.

Use of alternate routes via Mission Oaks Blvd. to Oak

Canyon or Adolfo Rd. where signals, I have found, provide a safer crossing of Santa Rosa Rd., should be urged.

Anne Janoff

Thank you Villagers for all your many kindnesses, prayers, and help since my Mom and Dad's auto accident April 5th. (Mary and Bill Lee, Village 5). Please accept our sincere appreciation.

Your Neighborhood Drugstore

An editorial in the March issue of Inside Leisure Village pointed out that L.V. needs the shopping center at Santa Rosa Plaza. This was followed by a story about the new food store, Hope 'n Hagen's.

This month, I.L.V. would like to remind you of the easily available service of another important store in the complex, Valu-Med Drug Store.

Valu-Med is owned by Jack Ravan and Ruben Berce, each of whom has the degree of Doctor of Pharmacy. Since they recently opened a third store they are now in a position to sell competitively and have instituted several new policies.

The owners now ask customers to bring in lists of prescription drugs they use together with the prices they pay elsewhere and Valu-Med will match the price.

They now also have a policy of open charge accounts with monthly billing. Since they offer free delivery to the Village, customers may phone in prescriptions and receive them at home and be billed at

the end of the month. In the cases of chronic or long-term illnesses this is a real convenience.

Jack Ravan told I.L.V. that many people believe that to have a prescription transferred, they must return to their doctors and get a new order. This is unnecessary. All that is needed is the prescription number, the patient's name, and the name of the other drug store. If you wish, you may bring in the bottle instead and the matter will be taken care of.

In addition to the pharmacy, the store maintains a full line of non-prescriptive remedies, cosmetics, magazines, cards, stationery, and candy. There is also a boutique. A branch Post Office is located in the rear of the store. This last is maintained as a public service and although the Postal Department pays a space rental, bonding, insurance, and employee costs are paid out of pocket by the owners at an actual loss.

Concerning All Women!

If you should find a lump in your breast, or if you are scheduled to have biopsy, or if you have just had a mastectomy performed, PLEASE, call us. We are volunteers of the "Reach To Recovery" program, which is one of the free services that the American Cancer Society provides.

All women who work for this program are screened and trained by the A.C.S., and they all have had mastectomies. They understand and in many ways are perhaps better able to help than anyone else. They will visit with you and can answer many questions. If you have had surgery, they will

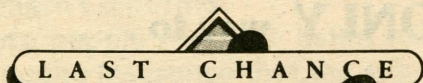

bring you a kit, which includes a temporary prosthesis; they will show you exercises and give you important and valuable information.

We have two volunteers here in the Village, and we are anxious that all women know this. Please, call either Vi Cohen: 484-9653, or Sonia Brink: 484-2387 (Coordinator for Camarillo) if you need us. We really want to help.

Visual Support Group Formed

A group of seventeen Villagers with low or partial vision met on May 9 at the home of Anne and Joe Gaynes. The group decided to meet each second Monday at 2 p.m. in members' homes until we can arrange for the Lanai Room. June 13th will be our next meeting. Tell a friend.

Members who didn't attend the April meeting of Women's Club missed a good one. We had good news and an excellent program.

Dorothy Barrus, President, opened the meeting by leading in the singing of "America" accompanied by Isabel Malcolm. A short business session disclosed that membership is now 425 (Betty Walker, Membership Chairwoman, had brought in 29 more members by making personal telephone calls but her goal is still 500). The Trading Post brought in \$200 for the day. The proposed budget was accepted. The intake room in the Children's Ward at Camarillo State Hospital is now almost completely redecorated by the Club.

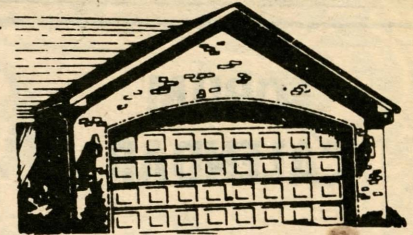

Women's Club will have a used clothing drive for CSH in June. Clean clothes of any

size for men, women, and children are badly needed. Please bring any clothes you can donate to the June meeting. There is no place to store such clothing before the meeting day.

Renee Greene, Program Chairwoman, announced that the June meeting would feature a Nostalgia Fashion Show with music and member-models wearing fashions of the 20's, 30's, 40's, etc. There will be a wedding section with several dresses worn by their original owners.

Then "The General Happening" happened. This is a musical group composed of employees of the General Telephone Co. who work four days a week and give programs on the fifth working day. They come from all over Southern California. Six guitar players and five singer-dancers gave an exciting program. (You should have heard the sighs at the Engelbert Humperdinck number!) The energy of the young performers was contagious and there was plenty of toe-tapping and applause.

CURRENT ISSUES FORUM

By Herbert Swartz

Richard Wittenberg, Chief Administrative Officer of Ventura County, addressed the Current Issues Forum on April 25th. He discussed the problems of keeping up county services since the Prop. 13 initiative cut county revenue by 56%. He said that Ventura County is financially solvent, but next year's outlook is worse.

Mr. Wittenberg stated that Ventura County has dropped 162 positions, although the county is rapidly growing--80,000 new residents moved into the county last year. In addition, the budget from the State was reduced by \$5.4 million this year.

Among the problems facing the County, Mr. Wittenberg mentioned agricultural land preservation and the tremendous pressure from organizations for additional county services. However, he said that this is not the time to ask for expanded services. Instead the

County will experiment with consolidation of services and may have to move toward a different level of service.

Mr. Wittenberg stated that 90% of state functions are carried out by county government in California and also many federal functions are handed over to the county--often with inadequate funding.

There were many questions from the L.V. Forum audience. He said that a raise in property taxes is unlikely to pass at the present time. However, there may be increases in fees, etc. He said that property taxes may be raised eventually but he believed it would be at least two years hence.

In summing up the program, Current Issues Forum President, Harry Becker, said "This has been a course in county government."

Our Own Olympics (O.O.O.) in the Village. We will have our own "thrill of victory, and agony of defeat" experiences, when our Olympic activities unfold.

O.O.O. will have two levels of competition. First will be contests within our various clubs and organizations (i.e., golf, tennis, paddle tennis, bocce, bowling, shuffleboard, etc.) that will produce gold, silver and bronze medalists amongst both the men and women in their chosen sport. Our second level of competition will be for those individuals who are interested in setting marks in their favorite activities (walking, jogging, swimming, etc.) which will show a pattern of improvement, and would be their "personal best" in those events, making them eligible for awards, also.

We are planning an awards program, to be held in the Picnic Area on the day following our Annual Bazaar (Sept. 25)

ALL HART

By Ruth Hart

Walk through the lobby of the Recreation Center, day or night, and listen to the sounds of the different clubs rehearsing: Variety Guild for "Showboat", Chorale for their June concert, Rhythmettes tooting their horns preparing to entertain the Bocce Club, the Players always have a skit or two going on before getting ready for their annual production. "Leisure Village", you say! Isn't it great?

Then we also have our travelers coming and going. Ruth and Gene Spalinger, V.4, are home from a month's vacation, first to Florida, Sebring and Hollywood, where Ruth's mother and brothers live, Disney's Epcot Center, then they headed to San Juan, Puerto Rico and a fourteen day cruise through the Panama Canal.

Sam and Gertrude Katz, V.33, flew to London to attend their son's wedding and to tour Europe for two weeks.

Sophie Lebetkin, V.20, and Eve Freeman, V.4, returned from their trip to Israel. Sophie went to see her new granddaughter, and Eve to visit with her son and his family.

Frances Gold, V.11, touring the east, getting acquainted with one new great-granddaughter, and new twin grandchildren.

Dorothy and Bob Barrus, V.42, and neighbors Anne and Betty Klausner, also V.42, took a trip up North with the national Fed. of Jewish Women. They spent a week covering San Francisco, Carmel, Clear Lake, Fort Bragg, and the Russian River.

Jack and Aila Howser, V.4, are home from a two week Mediterranean cruise.

Dorothy and Reuben Goldstein, V.19, celebrated their 44th anniversary March 26th, then in April attended the Bar Mitzvah of their oldest grandchild in Palos Verdes. On Memorial Day weekend they will fly to Baltimore to attend a nephew's wedding and a family reunion. Before heading home, they will visit Dorothy's mother in Pittsburgh.

Elaine and Art Shainhouse, V.30, welcomed a new granddaughter, Audrey Melody. They are planning a trip in June to Scotland, Wales, London, and Paris. Elaine's parents lived in the Artists' Colony of Giverny outside of Paris when she was a little girl, and the one-room schoolhouse which she attended, is still standing. Needless to say, Elaine and Art are looking forward to their four week trip.

Otto and Martha Salomon, V.16, entertained cousins from Holland, and in April, relatives from Australia. It seems Otto has relatives all over the globe.

Donna and Herb Arnold, V.15, are trying out their new R.V. on a trip East to attend Donna's 50th high school reunion, June 25th in Pennsylvania. They will also tour Herb's home town New York, and be home in August.

I am happy to announce that we have three 50th anniversaries to celebrate: Clara and Dave Sirkin, V.13, May 6th. The Sirkins took a cruise to Acapulco. Jessie and Norman Ostby celebrated on May 14th

Villager Views India

Put a Little Lift in Your Life

You've probably worked most of your life: creating a home, raising a family, and taking care of grandchildren. Now, it's your time to have some fun. But who likes to share the same things with you? And who'll drive you to the place where you can enjoy them?

You don't worry about those things at Heritage House. The gang's all here—sharing the good times! Moreover, our recreational director will probably make you feel like you're on a TV cruise ship. And, if you'd like to "go ashore" she'll probably put you on a tour in our chauffeur-driven limousine.

There's a lot more to Heritage than fun-and-games. Here, you'll dine on cuisine that is making our chef famous, even among those demanding special diets. If you want, enjoy cocktails before supper. And, have a continental breakfast before ordering your eggs, or any other entrees, the way you love them in the morning. There's even more. But, it'll be the Heritage House gang you'll love the most because they're ready to share the good times...with you.

Call today for a free brochure, or come in and meet the gang.

BOARD CANDIDATES ANSWER ILV QUESTIONS ABOUT VILLAGE AFFAIRS:

1. What do you consider the most important problem facing Leisure Village?
2. Should we proceed at this time with a new Craft and Storage Building, and if so, how could we finance it?
3. As a decision-making Board Member whose responsibility is to manage Village Affairs, how would you evaluate homeowners' concerns?

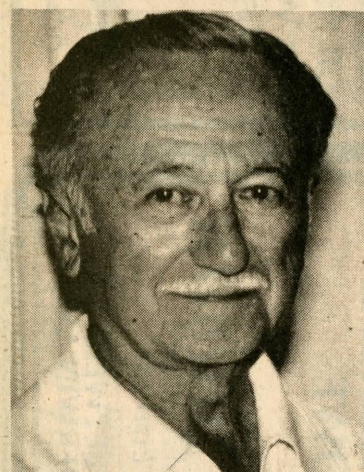

PHILLIP LA PORTE

1. "As the Village reaches its full capacity, additional services and maintenance could become necessary. With rising costs of replacing equipment and repairs, it will be paramount that we maintain an affordable budget. We must be frugal to provide the same services and amenities we now enjoy."

2. "The building of a new Craft and Storage Building would be a financial burden for which we are not budgeted. It would require a special assessment which would have to be approved by 75% of the homeowners. However, any additional assessment could be a financial strain to some of our homeowners."

At the present time I agree with the Facilities Survey Committee's report which says that the present life-style in L.V. could go on with no changes."

3. "Regardless of how small or unimportant a homeowner's problem may seem to others, it should be given proper attention and after being carefully evaluated, any necessary action taken."

LOU OKUN

1. "Money, or lack of it, will be our most important problem in the future. We must hold the line on extra-curricular expenses. If a requested expenditure is judged by the Board to enhance the health, welfare, or security of our residents, I will vote affirmative. If these requirements are not met, my vote will be negative."

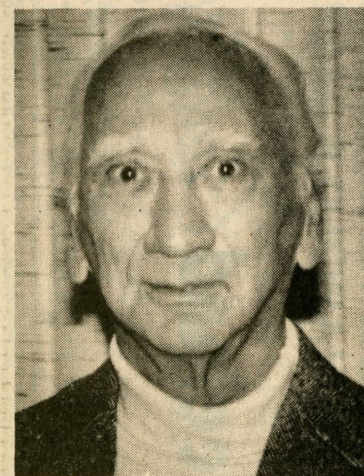

2. "Evidently a number of homeowners have felt the need for expansion of the arts and crafts storage area. I am in accord, as we really are outgrowing the original concept."

However, I do feel that this is not the time to make a firm decision. I think that the original cost estimate of \$250,000 for a new facility is not sufficient to cover all bases. Further study should be made on every facet of the proposed project."

3. "As Chairman of the Security and Safety Committee, I have always approached homeowners' concerns with an open mind. A member of the Board of Directors, however, must view the big picture, and the responsibilities become awesome."

Nevertheless, every homeowner has the right to present his case and I will defend that right, whether I agree or disagree on the issue. So I say to you, "Speak up, make yourself known and make yourself heard."

The primary function of the Board of Directors is to provide for the maintenance, preservation, and architectural control of L.V. Uppermost in my mind will be, "What is best for all residents?"

DAVID R. CORWIN

Photos by Stabler

1. "In my view, the most important problem facing L.V. is to maintain the homes, grounds, and the property of the Association and to continue the quality of life here, without increases in assessments. The Association has two major sources of income: monthly assessment payments and interest from investments. The number of homes will soon stabilize at about 2100, so increases in income resulting from more homes will cease, and with the rates dropping, income from interest is not likely to increase due to inflation and the aging of homes, facilities and equipment."

2. "I have mixed feelings about building a Craft and Storage Building. It would be an improvement our present facilities and provide additional space for other activities, but is it essential? Many of our present facilities get little use. Moreover, the new building would increase our operating costs. If the homeowners want the new building, I would not oppose it. However, I would insist that it be financed by a special assessment to be paid on or before the building contracts are let."

3. "By taking those actions and invoking such policies that will best serve the interests of the homeowners; to see that the many functions of the Village are performed properly, efficiently and on time. To paraphrase Lincoln, we won't be able to satisfy all of the people all of the time, but we will make every effort to satisfy most of the people most of the time."

LOU OKUN: Business

Lou Okun built a life of accomplishment and satisfaction for himself and his family by strength of his own personality and fundamental ability.

Although Lou was born in Russia, his parents came to the U.S. when he was still an infant, so his life has been All-American. Father Okun owned food and meat markets in Maryland, Washington, D.C., and Florida, then came to California in 1929. ("Okun" means perch, the fish, in Russian.)

Lou's first job at age 18, at the beginning of the Great Depression, was with a wholesale tobacco company in Los Angeles. The teen-ager learned so rapidly that he became a buyer within a short time.

He joined the Sontag Drug Stores in 1933 and advanced to Assistant Store Manager in Los Angeles, then to Buyer in the San Francisco Bay Area.

Drafted into the Army in 1941, Lou completed basic training and was assigned to a training cadre. He was persuaded to go to Officer's Candidate School, and graduated as a 2nd Lieutenant in 1943. Then he was assigned to 81st Infantry Division and combat duty. Promotion to Captain came during combat operations in the Palau Islands, South Pacific. His last stations were on Special Duty with Moro Guerilla Forces, Southern Philippines, and with Military Government in Japan. He came home to L.A. in 1946.

Lou had known Ann and her family since they first moved to Los Angeles in 1929, but circumstances separated them until 1946 when they married, and Lou adopted Ann's young son Jim. This, according to Lou, holds top billing in "Events" of his life.

Business was Okun's career. He was General Manager of Vernon Hide Co. which processed cattle hides that were sold to tanneries and shoe manufacturers. Eighteen years later, when the markets changed, Lou became Partner and Vice-President of Sales of Shasta Graphics Co., manufacturers of photo finishing supplies. In this

capacity, Lou and Ann traveled extensively, still maintaining their home in West Los Angeles.

With retirement in 1976, Lou could satisfy other ambitions. For one thing, the golf clubs that had accompanied him on most of his trips received still more action. He became 3rd grade Classroom Aide in a Santa Monica school, which provided "a fun experience and fantastic two years." He received commendations for this service which he treasures.

Ann was finally ready to move to L.V. in 1980, and

PHILLIP LA PORTE: Law Enforcement

Phillip LaPorte has spend most of his life in Public Service. A native of Milwaukee, Wisconsin, he prepared for a career in Public Administration and Law Enforcement and was one of only ten men chosen out of 2,000 applicants for his job with the Milwaukee Police Department.

Officer LaPorte was involved in every phase of police work: beat patrol, squad patrol, undercover, Desk Sergeant, Administrative Lieutenant. He received fifteen commendations for his work as a serious-minded law enforcement officer, but received

his greatest personal satisfaction from his work with juveniles. He requested work with young people in trouble, recognizing problems of neglect and lack of supervision. As second in command of the Youth Aid Bureau, he went as far as prosecuting parents for neglecting children.

His special rapport with children led to his appointment as Liaison Officer between Children's Court and the Police Dept., where he worked closely between Probation Officer and Judge.

The Governor of Wisconsin appointed him to a three year term on the Committee for Children and Youth. With people of various professions, their function was to study ways of improving treatment of offenders under 18 years of age, their rehabilitation, and to recommend changes in the Children's Code.

In the crime prevention area, Phil coached a Police Athletic League (P.A.L.) baseball team consisting of potentially delinquent boys.

LaPorte took an early retirement (after 26 years) to organize and head the Campus Police of University of Wisconsin in Milwaukee, with 20,000 students, faculty, and an 80 acre campus to protect. Campus Security in the 60's required a great deal of discretion, especially during Vietnam War demonstrations, to distinguish emotional idealists from destructive radicals and to act appropriately with compassion or firmness.

LaPorte had been at U. of W. five years when Marquette Univ. made him an "offer he could not refuse" to coordinate and supervise security on that campus. Using basic law enforcement and common-sense techniques, he was able to stop a rash of thefts of business machines and to apprehend the culprits. He also solved a frightening and disruptive series of telephoned bomb threats by catching the offender, a student who was seeking "thrills", in the act.

DAVID R. CORWIN: Finance

David Corwin is a family man. Not just his wife, four children, fifteen grandchildren, and two great-children are included, but the people he worked with in his companies, committees, and corporations.

Dave never had a job he did not like, and doing his best was what he liked to do. Education was important to him: he earned degrees in Commercial Science, Doctor of Laws, plus courses in Banking, Economics, etc.

When jobs were scarce during the Depression (1930), he accepted a position with a manufacturer of beauty parlor equipment and supplies, becoming export manager. For three years during WWII, he worked 40 hours a week in a defense job and 40 hours as Secy-Treas. of St. Louis Jewelry Co., with a chain of stores in Mo. and Ill.

In 1944, he was persuaded to join Aetna Finance Co. He worked 30 years with Aetna, which has 300 branches in 26 states, 1,800 employees, and \$300 million in assets, as Comptroller, Secy-Treas., Vice-Pres., and the last ten years as President, and Chairman of the Board.

Corwin also served on numerous committees supervising investments, insurance companies, employee pension funds, profit sharing trusts.

In the meanwhile, the family

man knew what each of his children was doing in school (he and Estelle were married in 1933), knew all of their teachers, and was Pres. of the P.T.A. Council, which in University City, was a positive factor in the educational system.

Corwin was President of his Temple and its large congregation for two years, and on its Board of Directors for ten years.

As Dave could never "do nothing", upon his retirement from Aetna in 1974, when he had time to "chase" around, he became an Officer of the Juvenile Court of St. Louis County. He was assigned four delinquent youngsters at a time -- lucky kids, with whom he worked, pleaded, advised, cajoled, guided, defended, even brought into his own home. He says he never had a failure.

One by one the Corwin children all moved to California. Dave and Estelle were looking for a home for a friend when they first visited L.V. On driving home to St. Louis, they reached the conclusion that L.V. was for them, so a daughter arranged the purchase of their new home in V. 30, which they have happily occupied since Nov. '78.

Dave's abilities were discovered quickly, and he has served on the Finance Com-

E Z SQUARES

By Bill Roffman

E.Z. Squares have been accepted as members of. "A Square D." Formal recognition will be accorded at a future dance.

Because of lack of availability of the A.R. on a regular basis, E.Z. Squares dances will recess until July when we will be assured of a regular schedule.

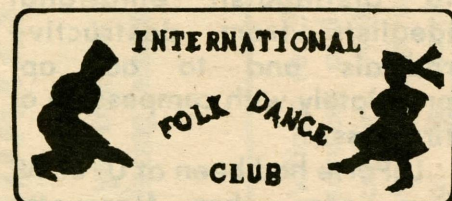

Interest has been shown in the formation of a Square Dance Class for beginners right here in the Village with a top caller teacher. See the Bulletin Board for details.

By Roie Beck

The Happy Hoofers were delighted to sponsor the return of the Ventura Community Concert Band on Sun., May 22. Last year's performance brought a standing ovation and requests for the return engagement. Larry Weiss is director of the 70 member band, five of whom are from the Village: Art Kates, V. 41, trumpet; Arthur Robinson, V. 16, clarinet; Norman Fleming, V. 39, saxophone; Carl Lowenthal, V. 37, trumpet; Sam Kedes, V. 37, trumpet.

The Nominating Committee consisting of Piff DeSimone, Maxine King and Doris Siegel presented the slate of officers for next year at the May meeting.

By Nettie Corwin

The International Folk Dance Club is still growing with 83 members now enjoying the fun of dancing to exciting music from many lands. It is fun to do "The Dashing Sergeant" from Scotland, the slow rhythmic "Kritkos Syrtos" from Greece and especially do we love the catchy tunes of the Israeli dances. We welcome newcomers to our Monday 1-3 pm classes. More advanced dancers come Wednesday and Friday 9-10:30 am.

VILLAGE SWINGERS SQUARE DANCE CLUB

By Romaine Lambert

In May, the nominating committee of the Swingers Square Dance Club presented the following slate of officers: President, Jack and Lenore Broude; 1st Vice Pres., Hal and Minna Hudson; 2nd Vice Pres., David and Isabel Dominguez; Sec'y., Murray and Helen Hertzberg; Treas., John and Marjorie Rice.

Nominations will also be accepted from the floor at the June 14th meeting. At that time there will be a pot-luck dinner at 6:00 p.m. followed by election and installation of officers.

Congratulations to Charles and Charlotte Dugan who celebrated their Golden Wedding with a repetition of their vows at a special Mass presided over by Monsignor Hughes and followed by a reception in St. Mary Magdalen Hall. All five of the Dugans' children and their spouses were present, as well as sisters Florence Krueger and Julia Johnson of V.13. The Dugans also received a certificate of a special blessing from Pope John, postmarked the Vatican and Rome.

The May 31st Mixer will host Don Schadt of Simi Valley as guest caller.

SATURDAY NIGHT BALLROOM DANCE

By Anne Janoff

No "Make-Believe". Our Ballroom is the real thing! The best of recorded dance band music is played for your dancing pleasure.

Celebrate with us at the 7th Anniversary Dance, Saturday, June 25, 8:00 p.m. Hosts are Ben and Evelyn Drasin, Elmer and Elise Eymann, Maurice and Vi Kasner and Marie Whitney. Tickets are \$1.50 per person and will be on sale at the Recreation Office starting Monday, May 23rd.

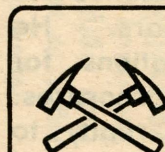

Our next regular tape dance will be on June 11th, hosted by Ben and Rosalie Miller and Sid and Ruth Dubin.

CREATIVE SEWING CLUB

By Charlotte O'Leary

Creative Sewing Club annual picnic will be held on Wed., June 8th, from 11:45 a.m. to 1:00 p.m. at the Village picnic area. We will "Brown Bag" it. Bring your own lunch, beverage, and utensils.

All students of sewing classes now in session and all previous students welcome. The only contribution is your own "Brown Bag" and a smile. For further information call 987 3264.

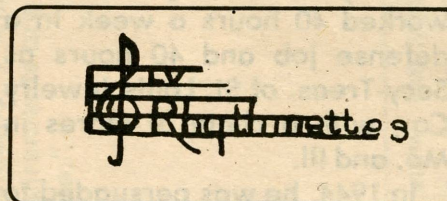

GEM AND MINERAL CLUB

By Don Holmes

Barney Vaughn brought us a very good program for the April meeting of the Gem and Mineral Club. Merton D. Cooke from Chatsworth, brought rock slabs and mineral specimens which he identified and told how they were formed. At the close of his talk, he gave the specimens to the members.

New officers were elected: Anne Wolfson, Pres.; Jack Bennett, 1st V.P. and Prog. Chair.; Fern Joy, 2nd V.P. and Hosp.; Seymour Fisher, Sec'y; Tom McMahon, Treas.

As this is written, Lillian Skellenger is scheduled to show how she does her rock carvings at the meeting on May 25. For the June meeting, Charlie Gold from Buena Park will tell us about diamond tools, and will demonstrate by making a cabochon.

By Lillian Skellenger

The Rhythmettes have made a great discovery! It isn't necessary to put on a "Show" to have a great party. A wee bit of nostalgia, plus enthusiastic singing and dancing made it "Seem Like Old Times." Our thanks to Ed Abdelnour for his dance tapes and Morris Katz for his harmonica.

Now we are back "In The Mood" to entertain The Bocce Club May 26 and to elect our officers in June.

By Clara Smith

As Organist's Choice was the theme for the April 29th meeting of the Organ Club, a varied program proved most interesting to members and guests. President Harold Wickham asked for volunteers to play background music at the LV Art Show, May 15.

Flowers will be the theme for musical selections at the May 27th meeting of the L.V. Organ Club in the A.R. at 1:30 pm. All residents are invited to join; members are reminded that dues of \$2.00 are now payable.

Workshops continue on second Mondays at \$1.00 per session, and practice time is on fourth Mondays. Please arrange use of the organ in the Recreation Office.

For further information, call Harold Wickham at 482-5239.

GYPSY FOLK DANCERS

By Lucie Falk

Gypsy Folk Dancers meet every Thursday of the month (except the 3rd) in the MPR from 7:30 to 9:30 pm. Dances from Israel, Greece, and the Balkan countries are taught by members of the California Folk Dance Federation who have many years of folk dance experience. Easy to follow instructions are given at the beginning of the class, then open dancing ensues. No partners are needed; come as you are and enjoy! New participants are welcomed!

SOLO CLUB NEWS

By Ethel Beyer

The next general meeting of the Solo Club will be on June 10, and beginning with July, our meetings will be on the third Friday rather than on the second Friday. The July meeting will therefore be Friday, July 15th. Please keep this change in mind.

We would also like to call your attention to the payment of dues. If you are attending meetings and/or dinners, we would like to consider you a paid member.

Party Bridge

By Helen Stevenson

Top prize winners at the April 21st Bridge Party were Marge Kelly, Ken Black, and Rebecca Cartman. On April 28th, winners were Ray Vasquez, David Corwin, and Harold Peet. Winners on May 5th were Helen Stevenson, Jean Kornblatt, and Marge Kelly.

Party Bridge is played every Thursday at 1 p.m. in the WCR. Director Iz Zindler suggests early arrival to be assured a seat. There are usually 6 to 8 full tables.

Grand Live Bands Coming

Villagers who have been asking for good live dance music on a regular basis will be happy to learn that Pete Pontrelli and his group with "Music from the good old days to the present" will be here on Saturday, July 23rd. This combo has played together for ten years-- it is not just a pick-up band.

Our dancing twins Joe and Henry Carfagna, and Max and Dora Polley attended a function at which the Combo

LA PORTE

from page 13

have known each other since high school, and married in 1937. Their two children have been well educated and are happily engaged in their own pursuits. Their son Tom, who lives in Thousand Oaks, introduced Mom and Dad to L.V. while they were on a visit. The Wisconsin winter lost its appeal as Camarillo enjoyed 70 degree weather.

Phil and Maxine moved here in August 1976. Lifelong habit patterns of public service continued as Phil became involved with such things as Camarillo Ambulance and Paramedic Service, Airport expansion, the AARP. In L.V. he has served on the Public Relations and Building and Grounds Committees. He is active in Bocce, Billiard and Shuffleboard Clubs, and works with Maxine in making artistic additions to the decor of their home.

Phillip LaPorte has dealt with people in all stations of life as Manager, Coordinator, Decision-maker. His experience should also benefit L.V. on the Board of Directors.

OKUN

from page 13

Village 41 has been their home since. Lou promptly involved himself with Village affairs, becoming a member of the Security and Safety Committee, and Chairman of that Committee this past year. He is also a member of the Golf Club and plays Billiards.

Lou Okun has shown a knack of dealing with "people problems" in his life, and in accepting nomination for the Board of Directors, looks forward to helping Village affairs run smoothly.

CORWIN

from page 13

mittee, Treasurer of Bocce Club, Host at Tuesday Party Bridge. The delightful thing about L.V., according to Dave and Estelle, is that everyone is equal socially. There are no cliques to aspire to, or be excluded from.

David Corwin doesn't worry about having nothing to do in L.V. Serving a term on the Board of Directors will seem natural after an entire career of making decisions on behalf of other people in his huge "family".

INSURANCE

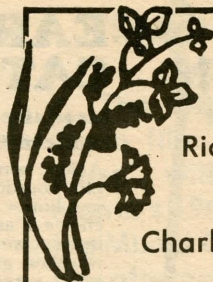

from page 1

The L.V. Budget does not contain funds for the premiums, and a special assessment will be necessary to cover the cost. In order to bind the Association to the extra cost, 75% of the homeowners must agree.

The Recreation Center Building and the Administration Building are presently covered for flood insurance (only) for an annual premium of \$2,540. This coverage would be included in the new policy, thus eliminating that premium.

This matter will be discussed on June 8th at the "Meet Your Candidates" meeting. Insurance experts, members of the Finance Committee, and your Board of Directors will present all sides of the issue to help Villagers decide if the proposal is worthwhile. A vote will be taken at the Annual Meeting on June 22nd when we elect the new Directors.

Members of the committee studying this insurance problem were Aaron Bonderman, V.20, Abe Milman, V.17, and

movie industry; Joe Gaynes on Senior Citizens Affairs and Marcel Lerner on Drama and Shakespeare.

The next meeting of the Speakers Bureau will be held on Monday, June 6th at 3 p.m. in the Lanai Room. Any one interested in learning about the speakers program is invited to attend, or may call Rube Davis, Chairman, at 482-6707 for information.

Simon Schroeder, V. 31.

The issue seems more important to us after our experience on March 1st when swollen Conejo Creek backed up into the Village, and an earthquake on May 2nd flattened Coalinga, California.

since January, over 2000 bills have been introduced. These bills will have to be screened to determine the direction of support or rejection we have to take. Our local elected officials have made their offices, staff, equipment, and services available to the Senior counterparts so that the issues can be put into workable context.

•LATE NEWS•

Bud Halpin, the insurance broker for L.V., will be at the Candidates' Night Meeting, Wed., June 8th. When the Flood and earthquake Insurance is discussed, he will be able to answer questions that Villagers may have regarding the policy.

Summer

By Lillian Wallace

Summer, softer than the blush
That sits upon the rose,
Sweeter than the peach
Upon the plate in full repose.

Gentler than the robin
As she sits upon the nest,
As knowing as a mother
With her babe close to her breast.

As swift as falling raindrops
On a warm and misty day,
As bountiful and sharing
As she goes along the way.

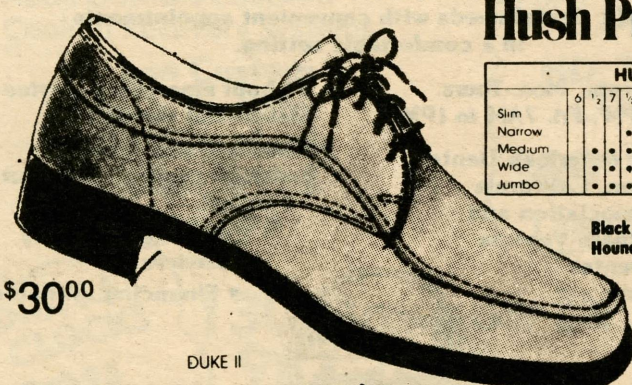

Happier than Springtime
More giving than the Fall,
Warmer than the Winter sun:
Summer, giving all.

Top dog in walking shoes
since before people knew
what to call them.

THE ORIGINAL WALKING SHOE.

Before people knew what to call them, we made shoes with shock-absorbing cushioned crepe soles. And totally supportive steel shanks. And Breathin' Brushed Pigskin® uppers, to flex when a walking foot flexes. And we called them Hush Puppies®. And we priced them affordably. And we still do. We knew what you wanted all along.

WORLD TRAVELERS OF LEISURE VILLAGE

By Lee Edwards

SPECIAL NOTICE: Next General Meeting of the World Travelers will be on Fri., June 10, 7:30 p.m. in the AR (this month only we are meeting on the second Friday).

Our new slate of officers took over in May 1983. They are: Helen Behrman, Pres.; Norman Otsby, Vice-Pres.; Steve Schweitzer, Treas.; Esther Newdell, Sect'y; Anne Klausner, Research; Fay Tobias, Program; Lee Edwards, Publicity. Our last president, Richard Behrman, remains a member of the Board, Ex Officio.

The June meeting will feature a trip to Puerto Rico, with a stop-over in New York City, and a shopping trip to the Virgin Islands this summer, as well as details about the fall tour to Spain and Portugal.

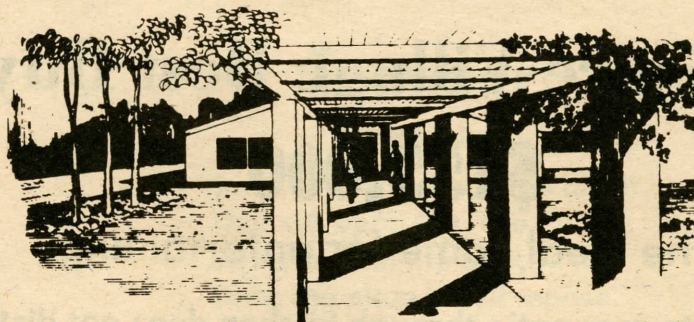

Many villagers have already signed up for our "VILLAGES OF GREAT BRITAIN" tour leaving August 15. This 23-day trip is especially catered to our members: we stay three and four nights at the same hotel. Price, including full breakfast and dinner daily is \$2,150.

Our Hawaiian tour leaves Oct. 3rd.—4 islands for 15 days. We stay at really beautiful hotels on the beach. The total cost is \$1,085. The tour includes 4 nights Hilton Hawaiian Village on Waikiki Beach; 2 nights Kauai Resort Hotel; 4 nights Kaanapali Beach Hotel, Maui; 2 nights Sheraton Royal Waikaloa, Kona and two nights Hilo Hawaiian on Hilo. Lots of sight-seeing and special meals included also.

Be a doer, not a talker. Volunteer for a job you are trained to do.

Village Painters

By Sally Becker

At the next meeting of the Village Painters on Wed., June 1, we will have Maxine La Porte demonstrating her technique in making beautiful pictures using dried flowers and leaves. Maxine does such unusual work in this art field, it should be an enchanting afternoon for everyone in the Village. The time is 1:00 p.m.

Don't forget our trip to the Museum at Exposition Park on June 8. For more information on this trip, call either Sarah Tauber, 482-1370, or Evelyn Kohon, 987-3243.

Letter from page 2

"There ain't no free lunch." We don't need to fix each other's roofs!

Many people want a new building. Let's change the C C & Rs and use this huge amount of capital to build it with, at least cut back on the perennial 7 1/2% increase in monthly dues every year. This can be voted on by the members of the Association in the near future.

Don Moore, V.34

By Pearl Greenfield

At a recent Scrabble Players Club, Betty Schatz won first prize with a total score of 793 points, the highest thus far achieved in our club. Zelda Robinson captured two prizes coming in second with the excellent score of 785 and scoring 99 points for a single word.

The Scrabble Club meets on the 2nd and 4th Mondays of each month.

HOSPICE from page 3

lage, we need your help. There is an urgent need for flea market and silent auction items from our village. Would you please begin collecting your cast-offs, treasures, goodies and junk, for donation to this very worthy cause?

Village items will be collected by Mayz Gregory. She can be contacted in Village 31, by calling 484-5238.

The Insured MoneyMarket Plan.SM Safe, sensible and gives you so much.

ONE — an insured investment that earns a high daily money market rate when you maintain a balance of at least \$2,500. (On any day your balance happens to be less, you'll earn 5¼%.)

TWO — the freedom to use your money, simply by picking up the phone and transferring funds to your Mission Federal interest-earning checking account.

THREE — the everyday convenience of Mission Federal's interest-earning

checking. It's such an essential part of the plan, it's service-charge free and includes your initial supply of personalized checks.

FOUR — 24-hour banking convenience at Mission Federal's growing system of MoneyMateSM automatic teller machines.

FIVE — Applications for Overdraft Protection with Check Guarantee to give yourself a little financial cushion and speed up check

approvals wherever you use your account.

SIX — An application for your choice of VISA[®] or MasterCard[™] accounts for worldwide shopping convenience.

Simple to get started too.

Stop by any of our 18 convenient Mission Federal offices today to arrange for your Insured MoneyMarket Plan.
