VOLUNTEERISM—A WAY OF LIFE IN LEISURE VILLAGE

This Hospital group is known as "The Flyers." They are the runners who deliver flowers, newspapers, menus and a host of other errands. Starting on the right we have Inge Stamatovic V. 41, Velma Hughes V. 20 and Walter Bell V.13.

This modern, high-tech school with great teaching equipment, lends itself to almost guaranteeing a solid education.

By Selma Lich and Jack Whalen

How good are Leisure Villagers when it comes to caring about those who are less fortunate, those who may need aid or comfort and/or those organizations and groups who need support, money and assistance? We believe that we in our gated community of more than 3,000 seniors rank high in support for each other and here are some of the ways we assist.

The Leisure Village Women's Club, organized over 25 years ago, and perhaps the largest club in the village has always been a giant supporter of groups in Camarillo and beyond. For many years they donated thousands of dollars and gifts to the Boys and Girl's Club and these days their support includes the City of Hope Ventura, the Braille Institute, Hospice and the Scholastic Olympics.

In the Ventura County Food Share Program, dozens of our seniors have gleaned the fields for fruit and vegetables, often several times weekly, while others work in the giant Warehouse, still others in the main office while a few man the phones to alert gleaners.

Leisure Village excels when it comes to supporting our schools. Our SEASONS PROGRAM (Seniors Experts and Speakers On Numerous Subjects) has featured 30 to 50 men and women who are available throughout Ventura County schools at all lev-

els. Teachers have available the subjects they will talk on and often respond on a day's notice.

Then there are those who work one or two days a week as teachers' aids and others have a one-on-one relationship with students. Still others act as mentors at the Boys and Girl's Club.

The Academic Olympics, a yearly event, has found villagers testing and scoring students for many years.

Volunteer hospital aids can be found throughout Ventura County. Not only do they cheerfully staff clerical and informational positions, but their handiwork comes to the fore as holidays arrive.

Meals on Wheels is a program that finds a number of our seniors donating their time and vehicles, bringing food to the less fortunate.

Several LV residents, under the Jewish Family Service of Ventura County senior peer counseling program, are trained to listen to and support others coping with loneliness, depression and isolation. This is a nondenominational program for Ventura county residents age 55 and older.

The Jewish Family service also helps adults from foreign countries who need help in both our language and culture. Others collect and distribute toys and clothing to needy children during

Don Perlman and Don Seidler head a cast of 20 in the Theater Guild's production of *La Cage aux Folles* presented May 17, 18, 19, and 20, in the AR at 8:00 p.m. and Sunday May 21 at 2:00 p.m. The forces that drive the show take the form of over a century of

combined experience.

Set designers, headed by Jack Beardsley, have been working three to four mornings a week since last February. Jack's credentials are impressive. He graduated from the Pasadena Playhouse and created sets for the live stage. He spent the last 25 years of

his career working for CBS Television, the last twelve as Department Head in Set Design.

Jackie Solway has produced every play in Leisure Village since 1981. Prior to 1998, the Theater Guild presented two shows annually.

INSIDE LEISURE VILLAGE

• OPINION •

THE NEED FOR RESPECT AND OPENESS IN LEISURE VILLAGE

An open society and a respect for people with diverse points of view are necessary for any democratic organization. The Board of Directors of Leisure Village and those who disagree with them lack this respect, thereby creating a hostile environment.

The Board is not respectful of fellow villagers when it unnecessarily addresses issues in secret. One Board member campaigned against this secrecy, with support from another Board member. Yet it continues.

When the Board changed officers in secrecy, the result was rumors and innuendo that may or may not have been true. There was no need for this secrecy. The Board has the authority, and more importantly, the responsibility to reorganize to perform more efficiently.

The secrecy involved in drafting the recent CC&R change resulted in a backlash. Fortunately the Board recovered its composure and presented a resolution that was supported by the villagers. Once again, there has been secrecy in the functioning of a committee formed to review the nominating procedures. This has resulted in a disrespectful backlash. Secrecy must be avoided.

Villagers disagreeing with the Board should avoid inflammatory statements and phrases. All disagreement must be done in a positive and respectful manner. Respectful disagreement generally results in positive solutions. The instant arching of backs when confronting opposition must stop.

Practicing respectful disagreement will be difficult at first, but the results can only be positive. It will attract competent individuals willing to serve on the Board and participate in committee work.

"Thank You" seems so inadequate to tell you how we feel. The best thing we ever did was move to Leisure Village three years ago. For all your gifts, donations, cards, calls and visits to the hospital for the last 51/2 weeks, we say a huge THANK YOU.

Fran and Mel Frank, V. 16

My family and I want to thank our friends and neighbors for their support during my husband's illness. And for all the cards and good wishes when my darling husband Bill passed on.

Ida Leventhal, V. 39

Our family joins us in thanking all of the friends and neighbors that were so caring during my recent surprise surgery. All the cards and good wishes have helped to make my recovery a speedy success. Thanks a million.

Rita Poders, V. 26

One of the most difficult periods in life is when you lose a mate, especially one you have lived with for 50 years or longer. Thanks to the caring and comfort that the people in Leisure Village provide, each day is made easier to accept and I have now experienced that firsthand. I extend my sincere thanks and appreciation for all the calls, visits, tributes, cards, that I received after Victor's passing. He loved living here and enjoyed all that the Village had to offer. Only heaven could be a better place, and that's where he's resting now. So, thank you all for being there for me.

Bernice Epstein and family, V. 44

How long does it take to recover from a stroke? Three months? Six months?

It was overwhelming, the response we got. We received many offers of help, many calls inquiring about progress, dozens of cards expressing concern and wishing Bob and me well. Thanks go to so many of you.

My right side is not as strong as I'd like (I'm a lefty) but the speech is back, albeit slower.

Thanks to the entire ILV staff, especially Marge Lorraine and Gerry Levenfeld, who are determined to put out every issue of the paper; and to the new desktop publisher Sandi Smith.

I'm not back to normal yet, but I'm on the way!

ADVISORY COMMITTEE

By Bill Himstreet

Activities and responsibilities of several standing committees of L.V.A. have been presented in prior issues of I.L.V., but one non-standing committee that might be a mystery to most homeowners is called the Advisory Committee.

The committee is composed of the Board of Directors members and the chairs of all standing committees and meets once a month—typically, the last Thursday before the following Open Board Meeting on the first Monday of the month.

This meeting of the Board with its appointed committee chairs provides an excellent opportunity for each committee chair to acquaint all those present with up-to-date knowledge about committee problems and activities. The Board, in turn, provides counsel for some of the problems, and resulting dialogues often reveal areas in which mutual assistance is possible and desirable.

Interestingly, Advisory Committee meetings lead to greater in-depth knowledge of the L.V.A. community, its needs, and its possible future...perhaps an educational training ground for new Board members? Another positive feature of these meetings is the team morale developed in committee chairpersons as they work together and understand better the work of their colleagues. Although these meetings are open only to the Board and Committee chairs, reports made at Open Board Meetings usually reflect Advisory Committee happenings and the good relationship between chairs and the

Declining interest and an aging population have contributed to cutting back to one production a year. Jackie says, "Volunteers are needed here as in other areas. Our ranks have dwindled, but we're hoping more of the villagers, especially the newcomers, will realize they are welcome. It is work, but it's a lot of fun."

Joan Johnson has been directing Leisure Village productions since 1984. Joan brings a lifetime of theatrical experience from her early days in vaudeville and performing with Ozzie Nelson's band. She performed with the USO during World War II and has appeared on television. In the words of one actor, "She can get a performance out of anybody!"

SPOTLIGHT ON LOCAL TALENT

By Marge Lorraine

Talented Harry Anders, who plays piano before the open Board meetings, is a multifaceted person. He began studying the piano at age 10. Seventy-five years ago, at age 15, he became a professional. He

began by giving private lessons and then taught music in various colleges the East.

He tired of music and went into real estate. He has been a broker for fifty years, has taught real estate courses at the University of Nevada, and has written a real estate investment book that has been ap-

proved by the California Department of Real Estate.

In his later years, he rediscovered his love of music, and says he is thankful that he has it to keep him busy. He plays the piano about three hours a day.

Leisure Village Voters Show 77.9% in Recent Primary Election

By Jack Whalen

The recent California State primary election vote show that of 2,841 registered voters in our village, 550 voted by absentee ballot while 1,663 voted at the Rec Center for a 77.9% figure.

That compares favorably with the total Ventura County tally which shows that of 367,096 eligible, 199,344 voted for a 54.4% total.

"I believe we can do much better in the fall Presidential election," said General Manager Randy Watkins. "I have heard, that LV in some past elections, has well exceeded 80%."

"Let's try for 90% in this fall's election. That could be a local, state and possibly a national story. I'll welcome anyone's suggestions on how we might achieve that. We do have some 6 months' lead time. Let's go for it!"

Photo By Vic Fledge

At St. John's Pleasant Valley Hospital Auxiliary, the volunteers total 208 and of that number 47 are LV residents. This is The Projects Group, ladies who make favors, "Hug-Me Pillows," ponies, special Holiday items. While there are at least three LV ladies in this group, Mary Ralph, V. 31, the lady holding the pony is the only resident present this day. Leader of the volunteer group is Mary Ann Allen, standing on the left.

the holiday season and throughout the year. Also, used clothing and nonperishable food items are picked up and delivered to a facility which distributes them to the poor.

Volunteers for the United Jewish Appeal of Ventura County raise money for free legal advise and professional

counseling for teens and adults and for the resettling of those in peril throughout the world. Still others conduct mini-Sabbeth as well as holiday services at local Elderhomes.

Many villagers support local houses of worship as well as the public library. Another nationwide organization, The Lion's Club, boasts village members and their

work for the sight-impaired is outstanding.

The new California State University, Channel Islands boasts members on several advisory boards and Leisure Village will play an even larger role as the University expands.

These are only examples of the ways Leisure Village residents contribute to their community.

DPX

Emergency Awareness and Preparedness is for Everyone

By Lillian Hawhorne

DPX stands for disaster preparation exercise. This is a planned exercise to train Leisure Village staff and residents in the event of a major disaster, natural or man-made. These exercises are held three or four times per year; the most recent one was held on April 6, 2000 as part of April Earthquake Awareness Month.

These exercises are conducted by the Emergency Services Organization with the participation of Leisure Village security and staff personnel; and they are observed by the local police and fire departments. At the conclusion of each exercise, a critique is held for the purpose of making any necessary improvements or adjustments.

During a DPX, members of the ESO are organized into special teams with assigned duties and locations. The medical team, consisting of residents with medical, nursing or pharmaceutical experience, is responsible for evaluating and providing medical care in the event of an actual disaster. The nutrition team, consisting of residents with special nutrition or catering experience, is responsible for preparing and providing food and rations. The communication team, consisting of "ham" radio operator, is in charge of sending and receiving all messages outside of Leisure Village. The "search and rescue" team is responsible for identifying situations or locations of special damage requiring prompt attention. Coordinators assigned to each village are responsible for checking on safety and situations of residents in their villages.

In addition, Leisure Village maintains a database, consisting of forms filled out by all residents, to identify people with special needs who would require particular assistance in an emergency circumstance.

During such an exercise, Leisure Village residents are instructed to display a white flag or cloth in front of their homes; this signifies that they are all right. Coordinators will check into any homes that do not show this signal. There are two other important suggestions to assist residents in possible emergencies. One, they should have on hand, at all times, emergency supplies of food, drinking water and medication. Two, they should make arrangements with near-by neighbors of some kind of mutual "buddy" system.

The DPX is especially important our community for two reasons. First of all, Ventura County is considered a vulnerable area with a high likelihood of future earthquakes. Secondly, city, county and state officials have warned that, in a major disaster, there would probably be no outside help available for up to 72 hours. Therefore, Leisure Village would have to rely on its own resources and preparations.

The Ventura County Sheriff's Department has particularly commended Leisure Village as a model for preparedness. The ESO is still in need of more volunteers, especially on the nutrition team and as village coordinators, to maintain these high standards. Louella Kelwin, ESO Chairperson, advises all residents that the best response is "to be prepared, not scared!"

**BOCCE
CLUB**

By Al Ventura

The Bocce Club had a very good turn out for the March 30 meeting and a wonderful potluck dinner. The potluck was well planned by Chairperson Claudia Roberts and a very capable staff. We had plenty of good hot dishes, along with salads, side dishes, a wonderful assortment of desserts and beverages. A drawing was held for the beautiful table centerpieces.

Now that daylight savings time is in, members are starting to play evening Bocce at 6:30 p.m. Everyone is welcome. We will still be playing at the regular time on Mondays and Thursdays from 10 a.m. to noon. Bring a friend and enjoy the fresh air and exercise.

The "HAMs" of the Amateur Radio Club meet the first Tuesday of each month at 10 a.m. in the Annex.

We welcome ex-HAMs. Many people are tied to a computer now, but when there's a really big disaster, the electrical (AC) power is out for hours. Cell phones are of no use as they depend on AC power. It is then that battery (DC) powered equipment is the only means of voice communication. We no longer use the dit-dahs, CW Morse code. We do as a hobby but its mainly voice now.

The club also meets at 9 a.m. locally, for breakfast on the third Saturday of each month for camaraderie and fun.

The Garden Club will meet on May 11 in the MPR, with refreshments beginning at 9:30 a.m. and the meeting at 10:00 a.m.

Tickets will be on sale for the bus trip to Santa Barbara where a tour of the gardens will be conducted, at City Collegè, have lunch in the Gourmet dining room and stop at a nursery to see fields of Gerbera Daisies.

The Showtyme Club headliners for May 5 big show are Nanette Fabrey and Pete Barbutti. Both are "old timers" who have a special meaning for the generation who grew up being entertained by them. The Dick Clark quartet supplies the mu-

sic for this show that promises to be one of Showtyme's best.

This "live" show will be augmented by the big screen so, no matter where you sit, you see a "close-up."

Tickets are still available from Roz Feldman at 383-6566 and from Florence Ross at 388-1183. Prices are \$17.00 each, \$14.00 for Showtyme members.

Guidelines for Contributors to ILV

Reporters and publicity people submitting material to be used in Inside Leisure Village will help the staff (and may enhance the reception of their material) if they will follow basic guidelines. These include:

1. Type all material, or we must take time to type it, a delay. If handwritten copy is absolutely necessary, submit it early.

2. Use full size 8" x 11" sheets of paper. Odd size sheets can get lost.

3. DO NOT TYPE IN ALL CAPS: stories in all caps must be retyped.

4. Put writer's name and phone number in upper left corner.

5. Leave 2" of space at top of page for our notations.

6. Type group's name and writer's byline.

7. Double space each line and indent each paragraph.

8. Put the name of your group into the FIRST sentence of your story. This makes it easier to match with the right logo, if you have one.

9. Be sure your copy can be easily read. Do you need a new typewriter ribbon? Do the keys need cleaning? No red ribbons, script type or Xerox copies, please. Clean copy prevents misunderstandings.

10. Submit your story on time. Deadline is Monday at 5:00 p.m., usually the first Monday of the

month. Deadlines for the next paper are listed on page 2 of each issue. Please check each issue. Please check the exact deadline and meet it. All material should be placed in the ILV mailbox in the east hall of the Rec Center.

11. If your story must be late, call the coordinator and tell her when you can get it in and why it must be late. Coordinator has the OPTION to accept or refuse the copy.

12. Call the coordinator to arrange in advance for a photographer to cover your event. Do not call the photographer directly; he works on assignment from the coordinator only. Planning for each issue, including pictures, starts the first week of each month, so if you want pictures, we need notice.

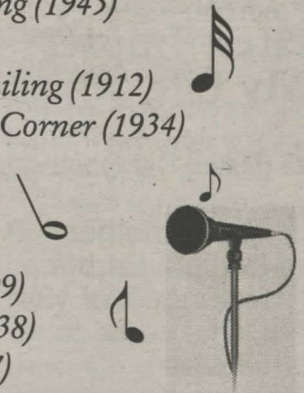

13. A news story is not minutes of your meeting. Reading about events two months old is dull. What is coming up for your group? Feature future events.

14. If ILV must cut your article because of space, the cutting generally starts at the end, so put your important information at the top, and then give the details.

There are about 70 items submitted to ILV for each issue. If writers used these standard rules, the job of the coordinator and the staff is made easier.

The Person Who Has Had the Greatest Impact on My Life

By Juanita (Mikki) Campbell

My grandmother, Louisa Bapiste Barber, was the youngest of 13 children. She came to California when Grandpa lost his hand at work. She could repair a Model T Ford, build a house, kill, pick and cook a chicken almost before you could park a car at her door.

She read her Bible everyday. She believed her children and grandchildren could do whatever they set their mind to. She taught me to believe in myself, to believe I am a child of God and that I am here to do His bidding. Ask and it shall be answered.

When she wanted me to call her she could think me into calling! I knew to call her. Every good element of my life has been formed and shaped by what my Grandmother instilled in me.

My way of repaying her has been to try to emulate her. That is one very hard act to follow.

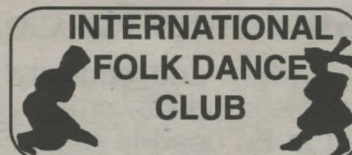

Ed.'s note: Juanita Campbell's story is a response to last month's appeal to the general population of Leisure Village to write about the person who has had the greatest impact on their life.

LIVE EACH DAY TO THE FULLEST

Live each day to the fullest.

Get the most from each hour, each day, and each age of your life.
 Then you can look forward with confidence and back without regrets.

Be yourself, but be your best self.
 Dare to be different and to follow your own star.
 And don't be afraid to be happy.

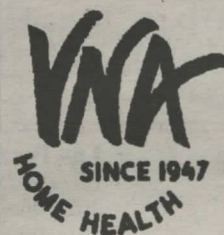

Enjoy what is beautiful.
 Love with all your heart and soul.
 Believe that those you love, love you.

Forget what you have done for your friends, and remember what they have done for you.
 Disregard what the world owes you and concentrate on what you owe the world.

When you are faced with a decision, make the decision as wisely as possible,
 Then forget it. The moment of absolute certainty never arrives.

Blessed is the generation in which the old listen to the young.
 And doubly blessed is the generation in which the young listen to the old.

ONE RESIDENT'S OPINION

By John Russo

This year, perhaps more than in previous years, the nominating committee is having difficulty recruiting residents with professional skills and successful business and management careers to run for the Board. To a lesser degree other key committees are faced with the same problem.

All residents need to remember Leisure Village is a self-governing community and, as such relies on residents to come forward and volunteer to help govern Leisure Village in order to sustain the pleasant life we all envisioned for ourselves in our later years.

Leisure Village is blessed with many residents with skills in Finance, Legal, Constructions, Management, Marketing, Electronics, etc. We believe this tremendous and valuable store of knowledge is buried deep within the village but, is afraid to come out and be discovered. Leisure Village has never adequately shown its gratitude to those who have given of their time and skills for the benefit of all of us. Wouldn't this treasure of knowledge be readily available to us today if we had?

From time to time Leisure Village has faced

issues that became disruptive to all of us because they may have been inadequately presented to the residents. This unfortunately often leads to heated exchanges between board members, committees and residents. The harm this does is immeasurable in many ways. One thing is certain, it inhibits residents with needed talents from coming forward to volunteer for anything. This is a great loss to all of us.

One way that could help show our volunteers how grateful we are for their work in our behalf is to every month select and celebrate a "Volunteer of the Month". We could also consider, perhaps, adding a "Volunteer of the Year" to this effort.

This would demonstrate our continued gratitude to these wonderful volunteers, whether they are Committee or Board Members. Would such a plan guarantee that residents would show a greater interest in serving our Village? There is no guarantee that this plan would work, but shouldn't we be thinking of some way to encourage residents to come forward and volunteer their services? What do you think?

Nicole Haymes, a Visual Arts consultant, at the Braille Institute of Santa Barbara will conduct a two-hour presentation on May 3, 10 a.m. to 12 noon in the Sun Room. The purpose of the meeting will be to make Leisure Village residents aware of the services provided by the Institute.
