MEDIA INFORMATION

GAME CREDENTIALS

All requests for press, photo and broadcast credentials should be made to the Sports Information Bureau at least one week prior to the game you wish to cover. The Cal State Fullerton Sports Information Bureau prefers not to mail credentials, but will deliver all passes to visiting SID's on their arrival in Fullerton for distribution to their media. For all others media passes will be left at Will Call, which is located at the north end of Cerritos Stadium. Press credentials also serve as parking passes.

PRESS BOX

The press box for Titan home games is limited to working members of the press, radio, television and others whose duties entail the use of the press area. No one will be admitted without the proper credentials. Food and refreshments will be available. Play-by-play reports by quarters, lineups, halftime and finals statistics and scoring summary will be distributed throughout the press box.

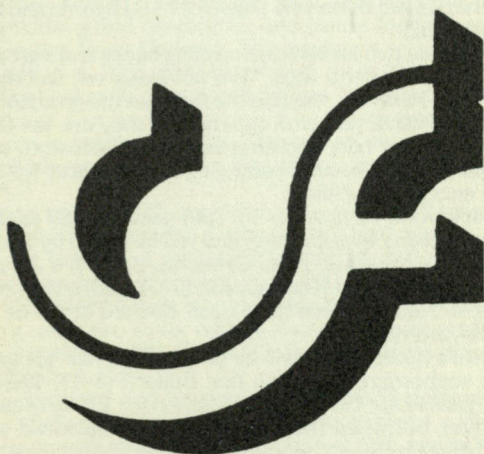

PHONES & TELECOPIERS

Phones at press row must be ordered by those desiring service. There will be one telecopier available in the press box for use during and after the game on a first come, first served basis. Those desiring phone installation should contact General Telephone at (213) 932-2111 and give John Culwell at Cal State Fullerton as the contact.

For additional information phone (714) 773-3970 or write John Culwell, Sports Information Director, Cal State Fullerton, Fullerton, Calif. 92634.

1979 FOOTBALL PROSPECTUS

If, like General Electric, progress is Cal State Fullerton's most important product, then last season the word significant can also be used to describe Jim Colletto's fourth season as the Titans' head football coach.

Last season, a 5-7 year for the Titans, was significant in several respects:

- The five wins was the highest total since 1974, when Cal State Fullerton was still a Division II team;
- Two of the wins came against Pacific Coast Athletic Assn. teams, neither of which was a squeaker — a 34-9 pasting of Long Beach State, and a 37-8 blitz of Fresno State;
- CSF finished 2-3 in the PCAA, placing fourth in the conference. Both the number of wins and the finish are Titan highs;
- Individually, CSF fullback Obie Graves rushed for 1,789 yards, the fourth highest total in NCAA history; and,
- Graves was the first CSF player honored on a Division I All-America team, being named to AP's third team. He also played in the Shrine East-West game, another first for a CSF player.

All of which added up to a partially, if not totally, successful season in 1978.

Colletto expects the Titans to continue their upward trend this fall.

"Possibly the single most significant thing to come out of last season is the feeling the returnees have that they can win at this level," says Colletto, who is entering his fifth season at CSF.

The Titans return 36 lettermen for the '79 season, but offensively the losses would seem tough to replace — Graves, tailback Mike Martin who gained 948 yards rushing, and quarterback Dale Bunn who passed for 1,112 yards and rushed for another 522.

"We did lose two exceptional running backs and a great Veer quarterback," Colletto says. "We obviously will feel those losses most. However, despite the fact that the group of backs we recruited have no game experience, they are the fastest group we've ever had, and after becoming accustom to the Veer and gaining the necessary game experience, we should field an excellent backfield."

Tailback John Rayford (5-10, 180) gained 1,189 yards last season at Fresno City College, and will be joined by two other junior college transfers; Mike Griffin (5-10, 170) a JC All-American at Taft, and Ken Jackson (5-11, 205) a teammate of Griffin's at Taft. All three have been clocked at 4.6 or better in the 40-yard dash.

Colletto's quarterback will be young. The heir apparent to Bunn is sophomore letterman Eric Bullock (5-11, 180).

Bullock passed for 189 yards and rushed for 108 last season as a freshman, but when the Titans' defensive backfield was whittled down by injury he became the starting free safety. The other candidate is freshman redshirt Kim Green (6-0, 185), thought to be the better passer of the two.

"Both Eric and Kim have the skills to run the Veer," Colletto says. "They're greatly skilled athletes who've not played very much. Here again, after they gain some experience, I don't expect any drop-off at the quarterback position. They're both exciting players."

Besides his football skills, Bullock is a former draft choice of the LA Dodgers.

The offensive line returns three starters; weak tackle Jim Smith (6-3, 245, senior), All-PCAA weak guard Mike McClinton (6-1, 255, senior) and center Harris Burnett (6-3, 240, sophomore). Senior letterman Greg Bell (6-3, 240) has the

inside track on the strong guard spot, and redshirt Pete Spiers (6-3, 220, senior) seems to have the tightened post locked up. Only the strong tackle position in Colletto's unbalanced line is wide open, but three players were recruited to try and fill the void — junior college transfer Jim Pappa (6-5½, 260, West Valley College), and freshmen Richard Robinson (6-2, 245) and Allan Kruegar (6-4, 245).

"McClinton and Smith are two of the best linemen on the coast," Colletto states. "And Harris Burnett is as fine a center as there is in the PCAA. I feel we'll be as good, or better on the offensive line as last year." Titan running backs gained a PCAA record 3,632 yards behind the '78 offensive line.

Colletto sees the wide receiver posts as "a wide open situation, with no experience. We do have some speed there, but we'll just have to wait and see who emerges." The two receivers recruited by CSF are junior college transfers Rick Escalera (5-11, 185, Santa Barbara City College) and Jamie Dickson (5-11, 180, Golden West College).

While the Titans were able to eat up chunks of real estate offensively last season (5,053 yards), the defense was prone to giving up even larger chunks of ground (5,266 yards), hence the 5-7 record.

Thus Colletto's recruiting was geared mainly to the defensive team. Fifteen of the 27 recruits are slated for action on defense.

"Potentially, our defensive line could control an offensive line, our linebackers are excellent, and the defensive backfield will have great speed and size," Colletto says.

Eight candidates will vie for the three down line positions. Lettermen Stanley Randle (6-4, 260, junior), Ray Carlos (6-6, 250, sophomore who runs a 4.9 40) and Carl Davis (6-2, 240, senior) have game experience, but not as starters. Recruits include junior college transfers Richard Aguilar (5-11, 220, Hancock College), Mike Rivera (6-1, 230, Hancock College), both middle guard candidates, and tackle Joe Cameron (6-5, 235, Golden West College). The freshmen recruits are Mike Kennedy (6-4, 225) and Mike Walsh (6-4, 220).

At linebacker, Colletto feels he has "the best quality and depth ever. Our linebackers might be the strongest position on the team in terms of quality. The top six are all good, sound football players. And, John Bungartz is one of the best in the PCAA."

Bungartz (6-3, 210, senior) was an All-PCAA selection last year. Lettermen Ricardo Gallegos (6-2, 220, junior) and Clarence Irving (6-1, 230, senior) both started at one time or another last fall. Kimo Igarta (6-1, 220, junior) redshirted last year, but Colletto feels may push for a starting berth. And, for depth's sake, two junior college linebackers were recruited — Brian Bilotti (6-0, 220, Chabot College) and Mark Bowser (6-2, 220, Hancock College).

The defensive end position in Colletto's 50 defense is "wide open." Colletto indicates he may have to move a linebacker over to an end spot. Roger Moore (6-0, 220, senior) did start several games, as did Marvin Smith (6-2, 200, senior) and Greg Galli (6-1, 210, senior). Three recruits will also get a look — Junior college transfers Steve Bird (6-2, 210, Solano College) and Ray Jackson (6-0, 205, Riverside City College), and freshman Frank Jones (6-3, 215).

Last season the Titans' defensive backfield gave up 2,255 yards passing, thus five DBs were recruited out of the junior college ranks. Holdover cornerbacks Lucious Smith (5-10, 180, senior) was an All-PCAA pick last fall, and Emzie Massey (5-11, 190, junior) is a two-year starter, and gives Colletto "two of the better cornerbacks in the PCAA."

The Titans' top JC recruit was defensive back Mike Harris (6-3, 205), a junior college All-America last fall at Porterville

College. He is expected to take over the strong safety position. Other recruits include Bobby Kemp (6-1, 175, Taft College), Ken Campbell (6-1, 190, San Mateo College), Marcus Boykin (6-0, 190, Hartnell College) and Doug Boswell (6-1, 190, Orange Coast College).

"We have more depth and skill in the defensive backfield than we've had in four years," Colletto says. "I think the secondary will be one of our strong points."

Placekicker Mark Pollard (5-11, 180, senior) connected on 10 of 14 field goal attempts, and 28 of 30 PAT. Vince Abbott (5-10, 180, sophomore), a '78 redshirt from Washington, will provide depth. Punting chores will go to Richard Aguilar, who averaged 40.5 yards per kick (on 61 punts) last season at Hancock College. Says Colletto, "I have to feel our kicking game will be excellent."

Colletto sees his team's strengths as "good overall team speed and size," and weaknesses as "lack of game experience." "How quickly the junior college players come into their own will be crucial to our season," Colletto summarizes.

Individually, Obie Graves, a 5-9 fullback from Monrovia left a record at CSF that will be hard to duplicate. Graves rushed for 1,789 yards, the fourth highest total in NCAA history, was selected to the Associated Press All-America team and selected to play in the Shrine East-West All-Star game in San Francisco, both firsts for a CSF player. Additionally, his jersey number, 25, was retired, another first for a Titan football player.

The yardage total, of course, is the single most significant of Groves' achievements, and thus, his game-by-game performances are listed below.

JIM COLLETT

Titan Head Football Coach

When Jim Colletto accepted the head coaching job at Cal State Fullerton on Jan. 22, 1975, he became the youngest major college head coach in the country. However, the Monterey, Calif. native already had 10 years of coaching experience under his belt. James Michael Colletto, now entering his fifth season at CSF, came to the Titans following a three-year stint as offensive line coach at University of the Pacific,

and previous assignments at UCLA, Brown and Xavier. He is the third head coach in the Titans' eight-year history of intercollegiate football. His predecessors were Dick Coury (1970-71) and Pete Yoder (1972-74).

Colletto was born Oct. 2, 1944 in San Francisco, and following an all-sports prep career at Monterey High School attended UCLA where he played three years of varsity football as a defensive end, and four seasons of varsity baseball for the Bruins. He won All-Coast and All-AAWU (Athletic Association of Western Universities) honors in 1965, and was co-captain of the UCLA squad that defeated Michigan State, 14-12, in the '66 Rose Bowl to finish the season with an 8-2-1 record. Colletto was an All-Conference baseball selection in 1964 and '65. He earned his Bachelors' and Masters' degrees from UCLA.

His coaching career began in 1966 as a graduate assistant at UCLA under head coach Tommy Prothro. In 1967 he was elevated to freshman football coach, and in 1968 he became one of Prothro's varsity assistants.

Colletto moved on to Brown University (Providence, R.I.) in 1969 as offensive line coach. In 1970 he became offensive coordinator at Xavier University (Cincinnati, Ohio), a position he held for two seasons. He accepted the offensive line post at Pacific in 1972. During the three years he coached the Tigers, UOP recorded a 21-10-1 mark against teams from the Pac-8, Big-8, Southeast and Western Athletic conferences, as well as the Pacific Coast Athletic Assn.

Ten of his offensive linemen at Pacific were named to the All-PCAA team, and one, guard Willie Viney, was honored as an All-America in 1972 and '73. Colletto was credited as the man most responsible for the vast improvement in UOP's offensive line, and therefore the team's overall offensive performance. Pacific was ranked in the top 15 nationally in rushing offensive in 1972, '73 and '74; Colletto's three seasons as offensive line coach.

The Cal State Fullerton Assignment is Colletto's first as a head coach. His four previous Titan squads compiled records of 2-9 (1975), 3-7-1 (1976), 4-7 (1977), and 5-7 (1978).

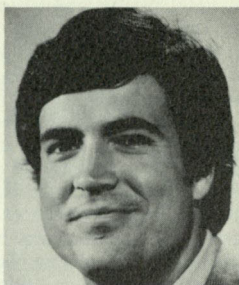

Colletto married the former Suzanne Renee Gratiot, Aug. 20, 1966. They have two children, Dawn 9, and Dan 7. They reside in Diamond Bar.

REBEL OUTLOOK

A quick first glance at the roster might indicate to some that 1979 might be a rebuilding year for the UNLV football team, but as veteran head coach Tony Knap puts it, "I am confident that our program will continue to grow and that we will get better and better each year."

Included in the running back group of returning people for UNLV are senior fullback Leon Walker and sophomore running back Michael Morton. While no one is a guaranteed starter in this group of Rebel runners, Walker and Morton were first and third in rushing last season with Walker getting 922 net yards on 130 carries for an amazing 7.1 per carry, and Morton coming on late in the season to pick up 411 net yards and a 5.5 per carry average as a freshman.

The Rebels also got a lot of quarterback prospects, but last year's starter, Doug Robertson does return. He threw for 1,104 yards and seven tds last year and ran for four more. In the offensive line, the Rebels also return starters Dennis Opsal (6-2, 216, SR), Jack Concannon (6-2, 226, SR) and Tim Hart (6-2, 228, SR).

On defense, the returning starters are tackle Craig Silverman (6-3, 244, SR), end Ron Crews (6-3, 232, SR), linebacker George Sherwood (6-0, 214, JR) and free safety Pat Cason (5-11#, 174, SR). Senior kicker Jim Gaetano has scored 116 points in two years.

BRONCO OUTLOOK

Jim Criner returns for his fourth season as head football coach at Boise State University. His three year record is 21-11-1. His Broncos posted a 7-4 record in 1978.

The Broncos have 32 returning lettermen and ten returning starters. Six starters are on offense and four on defense. BSU lost 12 starters from last season.

The 1979 Broncos will be strongest in the offensive backfield and the defensive line. BSU has standout junior running backs Cedric Minter, David Hughes and Terry Zahner returning.

The offensive line has three starters back, Shawn Beaton, Bob Markovich and Bill Roberds. However, depth on the offensive line is questionable.

Two juniors, returnee Kevin McDonald and JC transfer Joe Aliotti are top candidates for the starting quarterback job.

Senior Doug Scott returns at tackle and will be looked to as one of the defensive leaders of this season. Willie Tufono returns at nose guard and Jeff Taylor returns at the other tackle position.

Junior Larry Lewis is the only returning linebacker, but the other outside position and the two inside linebacker spots should be capably filled by either returning players with game experience or JC transfers.

The secondary is also new with four seniors having graduated, but senior free safety Curt Chandler and sophomore strong safety Rick Woods have started and have plenty of playing time.

TIGER OUTLOOK

First-year University of the Pacific head football coach Robert Toledo has many questions about his team, and now it's answer time.

One of the new items Toledo wants to teach is a Multiple Pro-Set offense that features a controlled passing attack. The Tigers ran out of the I-formation the last two seasons, but second-year assistant Art Asselta (the only holdover from Chester Caddas' staff), installed a myriad of formations and motions last season that helped generate one of the more potent passing games in UOP history.

A strong offensive line, plus a stable of top-notch receivers should help continue Pacific's passing prowess and could give it one of the more feared offenses in the Pacific Coast Athletic Association if a replacement can be found for record-setting quarterback Bruce Parker, who graduates this spring.

The defense, which for the second straight season yielded the least points in PCAA competition, will have about the same look — but a different name (Multiple 5-2 as compared to the 5-2 the Tigers have used). There are big gaps to be filled in the defensive line and secondary, but the linebacking corps is one of the strongest positions on the team.

As any coach will say, defense wins games, but it is here that Toledo hopes to come up with some answers in the spring.

SPARTAN OUTLOOK

San Jose State features 51 returning letter winners from the 1978 squad that won seven of 12 games and tied Utah State for the Pacific Coast Athletic Association (PCAA) title. The returnees are heavy on the defensive side of the ball with 29 athletes back to 22 on offense.

Steve Hines paces the defense with some other talent back at linebacker and in the backfield.

Ed Luther, the country's No. 3 returning quarterback (No. 4 last year), leads a bundle of standouts on the Spartan attack including running backs Jewerl Thomas, Jr., and Leroy Alexander, who gained 644 and 211, respectively in 1978 to finish second and third on the squad. A host of receivers will return including Nos. 1-3-4-5 in Rick Parma (374 yards and 7 TDs), Stan Webster (313 yards, 2 TDs), Stacey Bailey (354 yards) and Bernard Proctor (269 yards, 1 TD).

Chief losses from '78 are AP All-America Frank Manumaleuna at linebacker and Kevin Cole, who rushed for 1,154 yards a year ago, at running back. They are expected to join the likes of Gerald Small (Miami Dolphins), Kim Bokamper (Miami Dolphins), Steve DeBerg (San Francisco 49ers), Rick Kane (Detroit Lions), Wilson Fautaua (Atlanta Falcons) and Louis Wright (Denver Broncos)—all recent SJSU graduates—in the pros for 1979.

COLONELS OUTLOOK

Eastern Kentucky University's Colonels return 39 lettermen from the 1978 squad that finished 8-2 overall and 5-1 in the Ohio Valley Conference.

Expected to lead the Colonels in their effort to win their first OVC title since 1976 are four All-OVC first-teamers and three second-team selections.

Junior fullback Dale Patton, who rushed for 985 yards on 206 carries, returns, while senior noseguard Joe Richard, who led the team in tackles despite missing three games with a knee injury, is also back.

The Colonel kicking game is in good shape with junior placekicker and second team All-OVC player David Flores coming back. Flores was 32-33 on extra points and 9-14 in field goals last season, while setting an Eastern team record for most points by a kicker with 59.

Junior tackle James Shelton and senior linebacker Bob McIntyre will also be back on the Colonel defense, while quarterback Bill Hughes will be back to call signals for his senior season.

Losses due to graduation include three All-OVC selections, offensive guard Dean Stucky and defensive end Chris Roberts, both first team selections; and tailback Stan Mitchell, off the second team.

JOHN CROW

INDIAN OUTLOOK

Northeast Louisiana University made one of college football's largest turnarounds in 1978 and, with 16 starters returning, the Indians should keep winning in 1979.

Coach John David Crow's Tribe went from 2-9 to 6-4-1 last fall, the fifth best improvement among Division 1-A teams, earning Crow Louisiana "Coach of the Year" honors, breaking all attendance records and generating the most enthusiasm among the Indian faithful in history.

If Crow and his aides can adequately replace star quarterback Kirby Arceneaux, all-time receiving leader John Floyd and all-South Independent defensive back Roy Binion, along with three other starters, Northeast should match or better last year's record.

The chief candidate to replace Arceneaux is senior Bud Cespiva, who completed 25 of 44 throws for 372 yards and two touchdowns last year.

Whoever the quarterback is, one of his most pleasant tasks will be to hand the ball to Nathan Johnson, a junior jet who had 731 yards rushing and averaged 54 yards per scoring play.

Wide receivers Tony Morrison (14 catches), Larry Hamilton (12 catches) and Jimmy Russer (10 catches) and tight end Charles Kingrey (13 catches) are the top pass catchers returning and the offensive line returns intact.

The defensive unit recorded a school record four shutouts, ranked No. 15 nationally in scoring defense and stopped opponents inside the five-yard line nine times.

MATADOR OUTLOOK

When Tom Keele served as offensive coordinator at Cal State Long Beach in 1977 and 1978, he was known as an "offensive genius." The 45-year-old Keele replaces Jack Elway, who became the new head football coach at San Jose State in December. Elway recorded the best three-year mark in CSUN grid history, winning 20 games, losing only 11, and tying one.

The last two Long Beach football teams have had tremendous offenses, and Keele is faced with the task of rebuilding CSUN's offense, along with solidifying the defense.

The person Keele hopes will be the catalyst for that offense is quarterback Rick Minyard, a 6-1, 195-pound transfer from Los Angeles Pierce Junior College.

The coach realizes that he has a tough job in trying to direct an offense that has only three returning starters from '78. They include guard Joe Homan (6-3, 240), tackle Emmanuel Burgin (6-2, 250), and tackle Mike Herrington (6-2, 250). Returning guard Buck Martin (6-1, 245) and center Kelvin Yamada (6-0, 238) are leading candidates to fill out the offensive line, expected to be a Matador strength.

With no running backs returning, Keele sought immediate help via the junior colleges, bringing in 5 JC recruits.

AGGIE OUTLOOK

As last year's undefeated early season (5-0) and eventual PCAA co-championship would suggest, Utah State football is back.

Fourth year Head Coach Bruce Snyder made it that way, with his club's 7-4 record a year ago and 4-1 record in the PCAA to tie San Jose State.

"Utah State football for 1979 is in good shape," said the PCAA's Coach of the Year. "We'll have to find an offensive line, stabilize our performance in the secondary and continue to add to the versatility of our passing game. But, everything we've set our minds to the past three years has happened. I think we have a chance at being a better football team than we were a year ago."

The numbers, generally, are favorable. The Ags lose 21 lettermen, return 34. Of the group coming back, 10 are regarded as "returning starters" by the Aggie coaches and there is an additional number who played a great deal in 1978.

Luminaries who return for 1979 are man-mountain defensive tackle Rulon "Too Tough" Jones (6-7, 255) along with quarterback Eric Hipple and tailback Rick Parros.

Jones, who could be mistaken for a Norwegian version of Adonis with his characteristic shock of flowing blond hair, was the club's leading tackler last year and that is virtually unheard of for a down lineman.

BULLDOG OUTLOOK

As he enters his second season as head football coach at Fresno State University, Bob Padilla looks to incorporate changes that agree more with his coaching philosophy after having spent his initial season at FSU acquainting himself with a new coaching staff, a new program and different ideas.

Not only will there be changes on the field, there also will be changes that affect the entire structure of the football program at Fresno State. As an example, "We will move more towards a blend of freshman and JC recruiting," said Padilla.

There also will be changes on the field. "Offensively, we are changing from the veer to a pro set," said Padilla. "We are going to run the football by handing it to the running backs rather than forcing the quarterback to make the decision of whether to keep the ball or pitch it as the play develops. The pro set also will allow us to become more effective throwing the football because it will give the quarterback more time to read the defense.

Defensively, the changes will not be as drastic, but there will be some. "There will be three down linemen instead of four, with four linebackers and four backs instead of three." "It is not an attacking type of defense that swarms," said Padilla. "Rather, it is an absorbing defense that does not give up too many long plays."

BUD HAKE

BENGAL OUTLOOK

The return of four All-Big Sky players and 14 sophomores who started at least one game as frosh makes Idaho State football coach Bud Hake hopeful his Bengals can better last year's 2-8 record.

First-team all-leaguers back are split end Greg Smith, whose 49 catches for 659 yards ranked him fifth in NCAA Div. 1AA pass-catching stats, and punter Case de Bruijn, who ranked second in the Division with a 41.2 average. Second-teamers returning are defensive end Marvin Lewis and 240-lb. offensive guard Warren Whitaker.

The schedule will be kinder to ISU than it was a year ago. Instead of opening with Utah State and Utah on the road, the Bengals play one away game, then return to the Minidome to play four home games.

ISU will be richer at the skill positions than at any time in recent years due to the return of three key players who redshirted last year with injuries and the addition of some key JC transfers.

Quarterback Dirk Koetter (shoulder separation), tailback Eddie McGill (broken wrist), and fullback Bruce Bachmeier (two knee operations) all have been starters but sat out most or all of last year.

Tailback Devon Higginbotham, fullback Mike Dozier, and tight end Ed Richards all transferred to ISU in the spring and all are starting candidates.

Defensively, the strong-point would appear to be the secondary.

DAVE CURREY

49ERS OUTLOOK

For the first time in Dave Currey's three years as the Head Coach at California State University, Long Beach, he will have a clear cut starting quarterback to engineer his sophisticated pro-style offense in 1979.

Senior Paul McGaffigan, who was an Honorable Mention All-American selection by the Associated Press in 1978, will be back to guide a 49er passing attack that was ninth nationally a year ago. McGaffigan is the number six returning signal caller and total offense leader in the major college ranks. McGaffigan (6-2, 185) went into the '77 and '78 seasons in a battle for the starting job, but after an outstanding campaign last year, is clearly the leader this time around.

"Having a clear-cut starting quarterback going into the spring is certainly a bright spot for us," says Currey, who is beginning his third season at CSULB.

"Paul is a coach's quarterback, probably the most coachable I've ever been around, and he has charisma and the ability to move the team. He reminds me a lot of Roger Staubach in his ability to win for you any way he can." Currey, while an assistant at Stanford for seven seasons, has worked with quarterbacks like Jim Plunkett, Guy Benjamin and Mike Boryla.

McGaffigan completed 169 of 300 attempts last year for 2,163 yards and nine scores, ninth best nationally, and completed over 56% of his attempts for an average of 196 yards per game. If that isn't enough, he set three school records and should own almost all of the passing marks before leaving Long Beach.

THE PCAA—MOVING AHEAD

It's amazing how time flies.

The Pacific Coast Athletic Association, about to celebrate its tenth birthday, has grown up. What was once a fledgling alliance of schools looking to upgrade their athletic programs is now one of the nation's most progressive conferences.

The PCAA's dedication to the future was emphasized eight months ago when Lew Cryer was hired to succeed the retiring Jess Hill as Commissioner. In six plus years, Hill brought stability and national recognition to the conference. Cryer, in his brief tenure, has already started to build on that foundation.

Innovation has almost become synonymous with the PCAA, which was the first conference in the west to adopt the tournament concept to determine the league's representative to the NCAA basketball championships. The introduction of associate memberships which offer conference affiliation to non-members was also a PCAA innovation. Involving sports other than football and basketball, associate memberships can be beneficial to all involved. Not only do they provide more competition for scheduling and championship purposes, they give other schools the opportunity to upgrade certain sports while not requiring the financial commitment of upgrading an entire program.

In this day of ever rising costs, schools must be especially careful of how they spend their athletic budgets—trying, as we all do, to get the most for their money. It was for this reason that the PCAA and the West Coast Athletic Conference (WCAC) joined forces to form the Northern and Southern California Baseball Associations. With competition scheduled on a regional basis rather than a statewide one, travel costs have been reduced drastically.

The PCAA originally consisted of seven members—Cal State Los Angeles, Cal State Long Beach, Fresno State, San Diego State, San Jose State, UC Santa Barbara and University of the Pacific. Feeling limited by their memberships in the California Collegiate Athletic Association (Los Angeles, Long Beach, Fresno and San Diego) and the WCAC (San Jose, Santa Barbara and Pacific), the PCAA charter members decided to band together for the step up to university level competition.

Representatives from the schools assembled as a body in May of 1969 to finalize the founding of the conference. July first of the same year, the PCAA was official.

As do most newly founded associations, the PCAA had its growing pains. Back in 1974, Cal State LA and UC Santa Barbara left the conference because they were unable to field Division I football teams (Santa Barbara dropped the sport while Cal State LA de-emphasized it). To replace the departed members, Cal State Fullerton was admitted that summer.

The conference has since moved away from the absolute requirement of football to encouraging it, but putting more emphasis on well-rounded athletic programs. Santa Barbara has been readmitted and UC Irvine was subsequently granted membership—and neither school has a football team.

THE UNIVERSITY

A REMARKABLE GROWTH RATE

California State University, Fullerton is a young institution having opened only 19 years ago. However, it already has grown to 22,500 students and achieved national distinction in many fields.

The university's students come primarily from Southern California with many from other states and other nations. Most students commute each day to and from classes; many come to classes only in the evening.

Drawn from throughout the world, the 800-member faculty is noted for its commitment to effective teaching and scholarly activity. Research is actively pursued, typically with students involved.

The university enjoys full accreditation for its over-all program. In addition, national recognition has been accorded to programs in art, athletic training, business, chemistry, education, engineering, journalism, music, speech and hearing, and theater. All told there are 77 degree programs—36 of them at the graduate level.

Reinforcing classroom instruction is one of the largest internship and cooperative education programs on the West Coast. The program allows students to gain on-the-job experience while continuing their regular studies.

Another amenity is the continuing education program. It provides classes, workshops, conferences and study tours on a year-round basis. Continuing education offerings are open to the community without the formalities of regular admission to the university.

Yet another strong point is the university's cultural events program, including a series which brings nationally known professional artists to the campus for residencies as well as public performances.

A new development is formation of a professional caliber chamber orchestra to provide the university community and area residents with high-quality music.

An extensive recreation program aimed chiefly at students but also open to community members is another highlight, as is the 5,000-person network of community support organizations. The Titan Athletic Foundation is one of these support groups.

A further example of community outreach is the university-operated Tucker Wildlife Sanctuary in the Santa Ana Mountains.

Meanwhile, construction is under way on campus on a 25-acre arboretum. This preserve represents a joint venture of the City of Fullerton and the university.

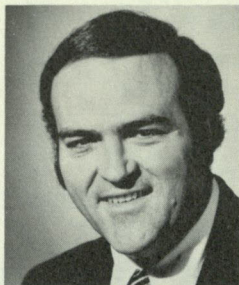

To reinforce the university's commitment to high academic standards and community service, President L. Donald Shields has recently embarked on an ambitious campaign called "Partners in Excellence." Its purpose is to raise the necessary non-state funding to achieve the president's chief goal for the university. That goal is to make Cal State Fullerton the foremost bachelor's/master's degree granting institution in the nation within five years.

DR. L. DONALD SHIELDS

PRESIDENT

Dr. L. Donald Shields became president of California State University, Fullerton in 1971. At the time he was 34, making him the youngest chief executive of a major state university in the nation.

Since 1974, Dr. Shields has served as a member of the National Science Board, having been appointed by President Ford and confirmed by the U.S. Senate. He also is the only person from the western United States currently serving on the National Commission for Cooperative Education.

Dr. Shields received his undergraduate education at University of California, Riverside, then went on to earn his Ph.D. in chemistry from UCLA.

Dr. Shields joined the Cal State Fullerton faculty in 1963 as an assistant professor of chemistry. He became an associate professor in 1966 and a full professor in 1967. He was elected chair of the Faculty Council in 1967 and later that year became the campus' first vice president for administration. From October 1970 to May 1971, he was acting president of the University.

Dr. Shields has authored three books and numerous articles in professional journals. He had addressed or participated in professional meetings throughout the United States, and in 1976 represented the National Science Board in Vienna, Austria, at the first biennial international symposium at the International Institute for Applied Systems Analysis.

Among Dr. Shields' community activities are having chaired the Disneyland Community Service Awards Committee, being a trustee of the World Affairs Council of Orange County, and being a director of Orange County Sports Celebrities.

At present, Dr. Shields' foremost goal is to make Cal State Fullerton the most outstanding bachelor's/master's degree granting institution in the nation within the next five years.

TITAN ATHLETIC FOUNDATION

The Titan Athletic Foundation is a non-profit organization with the express purpose of aiding the athletic program at Cal State Fullerton. It is a group of individuals, not necessarily alumni, who have a genuine interest in athletics and the University.

It is community involvement for some, business involvement for others, or simply an interest in a fine sports program that has attained national recognition and respect the past few years.

The Foundation supports the athletic program by providing funds for scholarships and grants-in-aid which insure an effective recruiting program that attracts the best student-athletes available.

The Titan Athletic Foundation was founded in January 1973, and is the University's official athletic booster organization. In the TAF's first year approximately \$30,000 was raised and 150 members enlisted. Just six years later the TAF raised almost a quarter-of-a-million dollars and has a membership of about a thousand.

Fullerton businessman Pierre Nicolas was the TAF's first president, and was succeeded by Don Karcher, executive vice-president of Karcher Enterprises. Buck Johns, general manager of Trane Home Comfort Center, became the TAF's third president in the summer of 1978. Ralph Barkey, former head basketball coach at UC Santa Barbara, is the Foundation's executive director.

NEALE R. STONER

DIRECTOR OF ATHLETICS

Neale Stoner, a former athlete (basketball and tennis) at Cal State Fullerton in 1961 and '62, returned to his alma mater in August 1972 to take over the reins as director of athletics.

In those seven years he has seen four of his teams win national championships—baseball, men's gymnastics (twice) and women's gymnastics—and the general resurgence of the Titan athletic program overall.

Stoner, 43, served as head basketball coach and assistant athletic director for three years (1969-72) at Cal Poly-San Luis Obispo, and previously held the same positions at the University of California-San Diego (1966-69).

At Cal Poly Stoner's teams compiled an overall record of 48-32 and did not suffer a losing season in his three years as head coach. The Mustangs reached the NCAA Western Regionals following the 1970-71 season. The following year the basketball team attracted an average of over 2,000 fans a game as the Mustangs tied for the CCAA basketball championship with UC Riverside and Northridge State.

As Cal Poly's assistant athletic director Stoner was responsible for the on-campus scholarship program, scheduling, budget preparation, the athletic job program and fund raising through the Mustang Booster Club.

Stoner was named UC San Diego's first basketball coach in 1966, and in three seasons compiled an overall record of 40-32 and led the Tritons to the NAIA District III playoffs each year. He also coached UCSD's tennis squad in 1966, '67 and '68.

Since coming to CSF in 1972 Stoner has attracted some of the outstanding coaching talent in the country, including three coaches who've made their sports national powers — Augie Garrido (six straight conference baseball championships and an NCAA championship), Lynn Rogers (three straight conference titles and an AIAW national gymnastics championship) and Bob Dye (who turned a perennial patsy into a respected West Coast power, and the owner of six consecutive winning seasons).

Stoner earned his bachelor's degree for Cal State Fullerton in 1962 (in communication), following an athletic career that included two years of varsity basketball and tennis for the Titans. The '62 basketball squad reached the NAIA national quarterfinals. Prior to attending CSF, he attended Fullerton Junior College and Montebello High School.

Following graduation for CSF, Stoner became the school's business services officer, a position he held for four years. He also coached the Titan freshman basketball team.

He earned his master's degree in physical education and school supervision in 1972, and is currently working on his doctorate at Brigham Young University.

Stoner married the former Lynda Del Giorgio of Fullerton. They have five daughters and reside in Placentia.
