OFFICE OF
WILLIAM RANDOLPH HEARST
LA CUESTA ENCANTADA
SAN SIMEON, CALIFORNIA

January 25, 1940

Dear Miss Morgan :

As you are more familiar with Mr. Rossi's qualifications, could you fill out the enclosed Civil Service blank with the information desired by the Commission.

Of course it is intended for Mr. Hearst to sign.

Personally, I do not see how any one individual could know so much about any other human being as would be required to answer these queries.

Also, I wonder if Mr. Rossi has all the qualifications for Senior Engineer indicated.

Mr. Rossi was never a "shrinking violet" and his application for this position would seem to indicate that he has not changed.

Whatever you do about it will be okey with me.

Awaiting your advice,

With best wishes,

J. WILLI COMBE
