

00:01:36:20 - 00:02:34:15

Unknown

Of out of that. You don't know how hurting my family.

00:02:34:17 - 00:02:46:03

Unknown

I mean, everyone has that right now, trying special care for her.

00:02:46:05 - 00:03:07:29

Speaker 2

Together with my father and her. And what I'm doing now. The three of us. I travel. I made up for over 20 years of my first job right on my head. Well, Harry Evans retired from the U.S. Army 21 years and nothing is 25 other jobs are just.

00:03:08:01 - 00:03:23:29

Unknown

That, right? Yes, I can remember talking to the program.

00:03:24:01 - 00:03:38:01

Speaker 2

They do borrow a lot of stuff up very little when they today going out. Way to get ready to make this turn around. Left turn, left, turn right.

00:03:38:03 - 00:03:56:06

Unknown

And landing. Apparently, we don't care straight overhead that they got area with.

00:03:56:08 - 00:04:17:07

Speaker 2

Each other in the area around the house. We don't see those anymore as skydivers. We're talking square and they have like a wave of the size of like an airplane. They make their personal stuff like an airplane. They turn into different. Yeah. You've got to find out, as is always, first of their families and I'm sure of Parker factors up since.

00:04:17:09 - 00:04:20:01

Speaker 3

You know we landed part you know.

00:04:20:04 - 00:04:35:21

Speaker 2

They get a nice gentle approach but in Vegas set setup we have a target set up directly from the speaker stand which I think there's very little wind today you can say he start putting a little break opens up with some space for a nice mare nice glad.

00:04:35:24 - 00:04:45:00

Unknown

We got a flat area You know.

00:04:45:03 - 00:04:55:19

Speaker 2

And this honor today is to fly the flag. Nice approach what you said.

00:04:55:19 - 00:05:06:04

Unknown

That's nice, girl. Any good anywhere?

00:05:06:07 - 00:05:30:05

Speaker 2

Now, circling around reductions from having controllers. That's a very exciting company. We're excited by this idea sandwiched in between airplane first off and landing. And you know it's I go right over the

same time. You're not going have to get fresh is what I said. It's not quite the other thing to try to do. I can't think of a directly in actually out here.

00:05:30:05 - 00:06:31:20

Speaker 2

So job is calamitous. The wind comes up. But now we have a presentation of some fliers here all the way from the prefab freshly delivered my jeep. I don't think it's like that. I think it's benefit and conditions of the day looks like a contrail. Maybe they set some chainalysis there and I'm sure that the load is getting up there pretty close to the They'll spot that about 30 seconds now right now idea that you can see how fast and turning right after they turn that way so we don't do any of them they're supposed to go out you can do that around Perisher for the square Celsius and as we make their approach, just

00:06:31:20 - 00:07:05:29

Speaker 2

like an airplane coming across the track, your concern about your movements jumping at this job right now, I assume it was about the opening of the American flag concerns the national anthem and didn't look out over the top and started, you know, passengers coming right back to Vegas. Certainly a an idea what the wind is like. He comes from here, family right here.

00:07:05:29 - 00:07:30:10

Speaker 2

So now watching them, why do I wish I had five rating systems? And he doesn't give a reason to check me out. The wind conditions are not. Yeah, he can make very fast. I'm glad for that kind of thing. I'd just like to make sure actually, you don't jump in the right away when you first start jumping. It's like Greenwood Jet photo or something slower.

00:07:30:12 - 00:07:47:09

Speaker 2

These are a high performance can be for extra jumpers getting set up now. But I kind of talk about that right about that final for approach. Maybe one more term lit up a lot to.

00:07:47:11 - 00:07:52:12

Speaker 3

Get that goal.

00:07:52:14 - 00:07:53:17

Unknown

That they can.

00:07:53:20 - 00:07:59:21

Speaker 2

Get it set now, let off a little more time.

00:07:59:29 - 00:08:02:00

Speaker 3

This will be his final approach right here.

00:08:02:02 - 00:08:13:13

Speaker 2

Very as much as he gets a little time to absorb that building, that little rush line that opens up a lot of space, like a flat.

00:08:13:15 - 00:08:34:13

Unknown

Right. Flat is good that they knew what that. And now our national anthem are. really?

00:08:34:15 - 00:08:36:18

Speaker 2

Like what.

00:08:36:20 - 00:08:41:04

Unknown

I heard all and.

00:08:41:04 - 00:08:53:25

Speaker 2

Possibly and most right first time I thought we're

00:08:53:28 - 00:08:56:08

Speaker 4

We're.

00:08:56:10 - 00:09:02:09

Speaker 2

Pretty.

00:09:02:11 - 00:09:05:15

Speaker 4

Much there.

00:09:05:18 - 00:09:23:19

Speaker 2

And rest now. Heart duck was down there. Shadow.

00:09:23:21 - 00:09:35:09

Almighty and ever living God the Savior, and all of us. In these dark days when the threat of war is upon us, grant that we'll make every effort to achieve peace without resorting to arms, but not be cowards to face the issues that remain for us to solve, but that we may be truly faithful to you, faithful to our people, faithful to our military might, offering them our encouragement or consolation and our prayers teach us all, Lord, to be generous, to give or not count the cost, to fight and not heed the words to toil or not seek for rest, and to seek no other rewards without them knowing that we are doing your holy

00:14:52:16 - 00:14:53:02

Speaker 2

the world has.

00:14:53:02 - 00:15:15:14

Speaker 3

Turned many times since that, those days. And today it's a Veterans Day. And we honor not only the dead, but the living and all the, individuals that have served our country and its armed forces. Today is a very special day, too, because once again, we have some of our finest men and women in the armed forces deployed in the Persian Gulf and Saudi Arabia.

00:15:15:18 - 00:15:33:24

Speaker 3

Again, watching that line in the sand and freedom's frontier. But everybody loves a parade. It's a great day. It's a beautiful day here in San Jose. So enjoy the festivities and have a great holiday weekend. Thank you very much. Thank you.

That is going on. But, you know, one of our.

00:17:10:29 - 00:17:16:19

Speaker 2

I, I made at that time, I'll be here in a form from now on. I would like to.

00:17:16:19 - 00:17:30:14

Speaker 3

Introduce this time also, the Lord Mayor, the Lord Mayor of Dublin is here, and I would like to introduce him at this time because I believe we're he's one of our honored guests at this time.

00:17:30:17 - 00:17:34:13

Speaker 2

Coming from Dublin, Ireland. And I'm running a little bit different from.

00:17:34:13 - 00:17:36:00

Speaker 3

The protocol or from the, but.

00:17:36:00 - 00:17:37:12

Speaker 2

Being that he is a guest from.

00:17:37:12 - 00:18:00:00

Speaker 3

Overseas, I believe that we should go ahead and introduce him. He is coming here from the Netherlands, the sister land to this country and the sister land to our mayor, Tom McHenry. And we have him to thank for his visitation here today. Lord mayor of London, Michael Donnelly.

00:18:00:02 - 00:18:31:14

Speaker 2

Thank you very much, ladies and gentlemen. I'm absolutely delighted to be here. And San Jose today. And over the past two or three days, San Jose and Dublin have a twin city relationship just as it is, and it's a relationship which has developed tremendously well over the past number of years. And I want to thank the citizens of San Jose for their cooperation and the friendship they've shown to our visitors from Dublin, myself included here over the past weekend.

00:18:31:15 - 00:18:51:02

Speaker 2

In particular, I would like to record our appreciation to Maritime McAndrew for the way he has forged this relationship, one that I know is going to foster and grow because it's based on genuine respect and genuine friendship. So may I simply say this, that it's been a great pleasure for me to be here for the first time in my case in San Jose this weekend.

00:18:51:04 - 00:19:12:28

Speaker 2

But to be here this morning at the Veterans Day parade is a great honor and I would simply like to say that words are inadequate to express the admiration and the appreciation that I know all of you and many, many people around the world feel for the ladies and gentlemen who served in the United States forces. So I want to simply say this, that it's a privilege and an honor for me to be here this morning.

00:19:13:01 - 00:19:50:26

Speaker 2

And I'm simply going to leave it at that, because words are inadequate, really, to express that feeling. Delighted to be here. Thank you for having me. Thank you. Thank you, Lord. Here in Dublin, Ireland, we have here a proclamation this morning from the president of the United States. I won't read it all because it's quite lengthy. But what I will say is that this is one of the 16 cities in the nation that has the honor of being designated by presidential proclamation.

00:19:50:29 - 00:19:59:02
