WOMEN'S LIB.

In a surprise announcement today, the president of the Cal-State Women's Liberation group, Bernabela Bodger, stated she was leaving the movement to get married and become a housewife. "Women should be seen and not heard" she stated.

COMMITTEE TO ERADICATE COMMITTEES

The reports of this committee cannot appear in the Pioneer because we use words like "fuck" and "bullshit". The nose-in-the-asshole editorial policy of the paper has always worked against the student. Virgin eyes are made to be plucked. This may be our last report, so remember: THE EAST IS RED AND THE WEST SHOULD GET READY. Meetings at 4 in the student union to plot various shit. P.S. Today is natn'l bare-ass day as sponsored by the committee.

R.S.U. Statement

In a special rsu steering committee meeting yesterday, a new tactic for the student strike was decided upon. A resolution was passed calling for an end to the student strike on this campus. Also, a re-reconstitution of the college was called for: the rsu demanding that professors and students use their class time for combating communist subversion on this campus. As members left the meeting, they were heard chanting "Off the Pinkos."

HARD HEADS MARCH (NEW YOURK)

About 150,000 hard heads marched down Broadway waving their mouldy glories and wiping the apple pie from their brow. The group had just returned from an extensive tour entertaining the troupes overseas where they performed such all-time greats as Charlie My Boy, Brown Eyes Why Are You Blue, and I Wish I Could Shimmy Like My Sister Kate. Insturmentaly backing up the 150,000 member boys choir were Minny Pearl, on drums, Sprio Agnew freaking out on a really groovy clear plastic Fender Stratocaster, Mickey Mouse playing lead cheese, and Adolph Hitler on Vibes.

Despite a busy concert schedule, the dedicated group still finds time to get out in the streets.

APPLICATIONS DUE

Applications for editor of the summer and fall numbers of the STRIKE NEWS! will be accepted at the desk in the conference room before 2pm today.

Candidates for editor must be clean and neat, not revisionists nor pig-like in any way. Members of cliques (especially ruling cliques) will not be accepted at any time.

Candidates will be interviewed and rated on the following scale: 10 points for neatness, 5 points on organizational ability, 3 points spelling ability and 2 points originality. Candidates should also have no journalism experience (none necessary!) and no respect for the petit-bourgoise grading system.

The selection of the judges will be final and all winners will be notified by mail.

REVISIONISM AT CAL-STATE?

President Ellis McCune (see picture, this issue) has issued forth a statement from the President's office condemning the great extent of revisionism present on the Cal-State campus.

"I cannot condone this new wave of revisionism that now engulfs this campus," he was quoted as saying. Meanwhile, the FBI refused to comment on the rumor that Mr McCune was being investigated for his alleged link with Mao Tse Tung.
