

Luncheon Oct 17th (11)
27

I don't know whether it is good club etiquette to brag but if I say this to you while we are all alone - before the speaker arrives I'll be ^{excused} ~~excused~~. Before I eat a morsel of food I just have to say how delighted I am at the sight of this wonderful gathering, in this wonderful setting of gold.

Mrs. Lamm, the Chairman & Mrs Eastman who cooperated with her, & their committees deserve no end of praise. It is very evident - they paid no attention to the 8 h. clause - If this work is a sample of the work done this year, the story of our accomplishments - will be told far & wide over this State.

John Ruskin once said something like this: We should do nothing in this world in which we cannot put our hearts. We have certain work to do for our breed & that is to be done strenuously. Other work to do for our fellow men & that is to be done heartily. Neither is to be done by halves or shifts but with a will. And what is not worth this effort is not to be done at all.

That's just what we want to say of Monday Club work. Whatever we do it must be a credit to the Club & S.L.C. This work today is both.

The Monday Club is a service club but do not let the word service keep ~~out~~ any woman in San Luis Obispo. from joining

If a person feels she cannot work in the club, the organization wants her just as much as a member. No one is ever placed on a committee without being asked if she wishes to serve. If she does not, she has the privilege of declining and the club thinks none the less of her. Each person knows her own business best.

More than service, more than dues, more than anything else, the club wants moral support. That can only be given by becoming a member. ~~And~~ When a member ^{and} one becomes a booster for the things the Monday Club is working for - namely, the health, wealth and happiness of every individual living in our community - she is giving wonderful service whether she realizes it or not.

What you ^{help by} giving of my moral support? Is that asking too much of anyone? ~~of anyone who loves her own home home?~~

If you have not been approached kindly
