Dear Miss Morgan :

Here are some things offered by
Mr. Byne which I thought you might like--
the two pairs of wrought iron gates (Nos.
5 and 30) especially.

The columns with escutcheons are
unusual; the other things of minor importance,
including two columns from the Arab period.

Sincerely,

W R Ararat

NOTE: Chief will be at
ranch tomorrow (Saturday)
and remain there, I under-
stand, until he goes to Wyntoon.- JW
