Ludwig van Beethoven

# BEETHOVEN

Le *Sonate* di Beethoven, i trentadue immortali poemi pianistici, dischiudono in questa nuova edizione i loro tesori ai musicisti ed agli studiosi. Eterno miraggio di fulgide bellezze, fonte inesauribile d'estetici esempi essi si rivolgono e si raccomandano alla popolarità più immediata.

Questa edizione fu riveduta con ogni cura da un vero specialista, dal chiarissimo professore di pianoforte Luca Fumagalli.

Il nome dei Fumagalli non ha certo bisogno di essere illustrato da commento di sorta, che già lo illustrò quell'Adolfo, geniale compositore ed esecutore audacissimo, ed ora continua le belle tradizioni il maestro Luca, competentissimo anche in didattica, tanto che è sovente volte chiamato a far parte delle Commissioni esaminatrici dei Regi Conservatori di Musica.

La nostra nuova edizione delle Sonate per pianoforte di Beethoven, oltre che dai pregi che le pervengono per l'accuratissima revisione, acquista indubbio valore dalla modicità del prezzo, la quale, tuttavia, nulla toglie alla bellezza della edizione.

Abbiamo scelto l'antico formato italiano in 4.° grande, che ritorna ad essere preferito dagli studiosi e che, in altre edizioni, quali il Chopin riveduto da Beniamino Cesi e consimili, venne accolto con unanime favore.

Oltre alla edizione in *brochure,* pubblichiamo i volumi in elegante e forte legatura in tela all'inglese, certi di fare cosa che tornerà gradita ai bibliofili musicali.

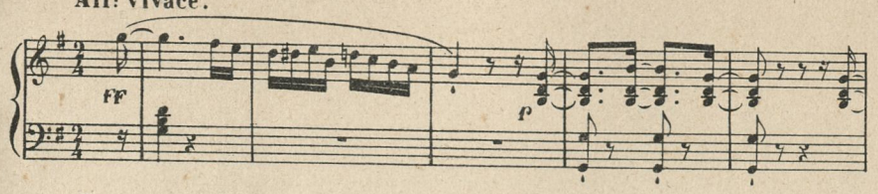

Come buon augurio è altresì preceduta dal ritratto del sommo Maestro di Bonn, il genio che del mare dell'armonie ha tutte scandagliate le profondità, che del contrappunto ha piegato al suo imperio ogni legge, ed al ritmo dischiuse la visione della più libera immensità. È infatti partendo da queste *Sonate,* che il musicista, come l'alpinista dalla vetta della più alta montagna, può girar lo sguardo dominatore su tutto il mondo musicale e può sentirsi invaso da quel senso ravvivatore che non può esser comunicato al nostro spirito che dal sublime, dall'infinito, dal Genio!

G. RICORDI & C.

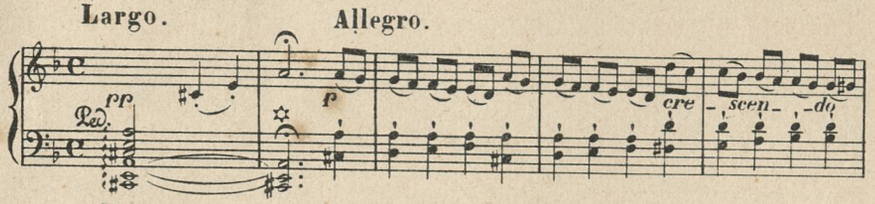

108810-13

Ludwig Van Beethoven

# BEETHOVEN

Le *Sonate* di Beethoven, i trentadue immortali poemi pianistici, dischiudono in questa nuova edizione i loro tesori ai musicisti ed agli studiosi. Eterno miraggio di fulgide bellezze, fonte inesauribile d'estetici esempi essi si rivolgono e si raccomandano alla popolarità più immediata.

Questa edizione fu riveduta con ogni cura da un vero specialista, dal chiarissimo professore di pianoforte Luca Fumagalli.

Il nome dei Fumagalli non ha certo bisogno di essere illustrato da commento di sorta, che già lo illustrò quell'Adolfo, geniale compositore ed esecutore audacissimo, ed ora continua le belle tradizioni il maestro Luca, competentissimo anche in didattica, tanto che è sovente volte chiamato a far parte delle Commissioni esaminatrici dei Regi Conservatori di Musica.

La nostra nuova edizione delle Sonate per pianoforte di Beethoven, oltre che dai pregi che le pervengono per l'accuratissima revisione, acquista indubbio valore dalla modicità del prezzo, la quale, tuttavia, nulla toglie alla bellezza della edizione.

Abbiamo scelto l'antico formato italiano in 4.° grande, che ritorna ad essere preferito dagli studiosi e che, in altre edizioni, quali il Chopin riveduto da Beniamino Cesi e consimili, venne accolto con unanime favore.

Oltre alla edizione in *brochure,* pubblichiamo i volumi in elegante e forte legatura in tela all'inglese, certi di fare cosa che tornerà gradita ai bibliofili musicali.

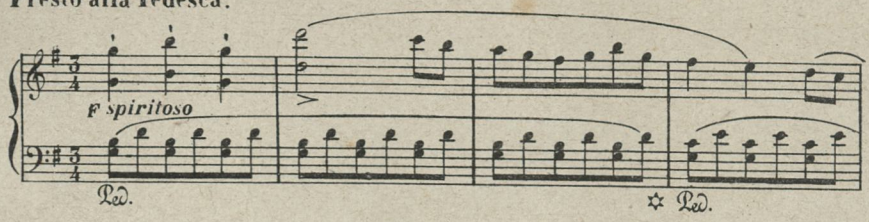

Come buon augurio è altresì preceduta dal ritratto del sommo Maestro di Bonn, il genio che del mare dell'armonie ha tutte scandagliate le profondità, che del contrappunto ha piegato al suo imperio ogni legge, ed al ritmo dischiuse la visione della più libera immensità. È infatti partendo da queste *Sonate,* che il musicista, come l'alpinista dalla vetta della più alta montagna, può girar lo sguardo dominatore su tutto il mondo musicale e può sentirsi invaso da quel senso ravvivatore che non può esser comunicato al nostro spirito che dal sublime, dall'infinito, dal Genio!

G. RICORDI & C.

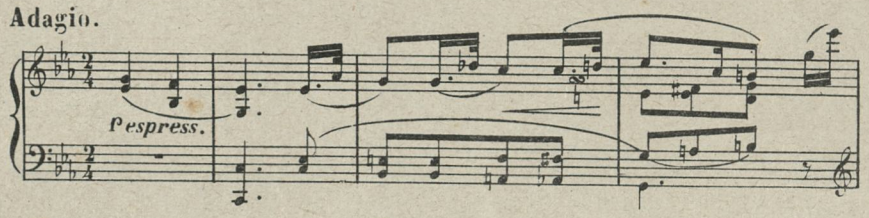

108810-13

(✲) **N. B.** In alcune edizioni di Parigi si trova tolto l'incontro della tonica colla dominante, che Beethoven ha im-piegato altre volte, p. es. nella *SINFONIA EROICA*, e qui con maggiore ostinazione, per esprimere lo strazio degli addio. In questa edizione si è creduto di mantenere il testo nella sua originalità.
