Mrs. Jane Tolmach  
MAYOR  
City of Oxnard  
Oxnard, California

Dear Mrs. Tolmach:

Thank you so much for your participation in today's breakfast meeting. Your remarks concerning your involvement in the political field and your philosophies on several key issues in today's environment were quite enlightening. Women should not be differentiated from men by sex, but rather by ability. I feel the three of you conveyed a picture of capability and earnestness to all those attending.

I've enclosed copies of the press releases which appeared around the county for your files.

Please feel free to contact any of us at the VCEDA Office if we can ever be of assistance.

Sincerely Yours,

Deborah E. Aldrich  
Research Director
