#### GENERAL INFORMATION

All transcripts submitted by matriculated students are retained by Fresno State College.

Degree credit may be granted for work completed satisfactorily in another accredited institution of collegiate grade subject to the restrictions imposed on work taken at this institution. Questions concerning acceptability of a course from another institution should be addressed to the Evaluations Office.

A maximum of 70 semester units is allowed toward the degree for work completed in a junior college and no upper division credit is given. Junior college credit in excess of 70 units may be used to satisfy subject requirements, but may not be applied toward the total units required for a bachelor's degree.

For limitations on extension and correspondence credit, see page 65.

#### Advanced Standing Credit for Registered Nurses

Completion of the three-year course in nursing at an accredited hospital and the possession of the R.N. license will entitle the student to receive 30 units of lower division credit toward a bachelor's degree. Credit received from a junior college or four-year college for courses taken as part of a three-year hospital nursing program will be deducted from the 30-unit credit allowance.

Registered nurses who are candidates for the bachelor of science degree with major in nursing will be required to take a battery of tests which will determine the number of units which may be applied as credit toward the nursing major (page 226).

#### ADMISSION TO CREDENTIAL PROGRAMS

Admission to Fresno State College does not in itself include admission to credential programs, nor does it determine the catalog by which admission and program requirements shall be evaluated. Students planning to prepare for school service credentials should consult requirements for Admission to Credential Programs (page 148).
