She clarified the role of the University Standards Committee in evaluating petitions for reinstatement.

1. Chair's report (continued): M. Halavais said that only one department had requested presenting their Program Review to EPC and she has not heard back from them. 3. Liaison to Academic Planning Committee: S. Cabaniss reported that APC would like EPC to look at the policy framework around awarding credit for Extended Education classes. The faculty should be part of the planning process and evaluate how it affects the University's mission. Ely said there would be work group reports at the next GE meeting, and she would be report on those at the next EPC meeting. M. Halavais reminded them that the GE Subcommittee needs to certify FYE. T. Stearns said that English and Philosophy had already signed off on the GE credit. K. Ely will find out and clarify the process.
6. Senate Budget Committee: S. Bittner said that he is not able to attend the meetings this semester. He reported that Andy Merrifield said that the Chancellor's Office comment on accreditation of the School of Business was that it was a good idea if resources allowed. The EPC needs a new representative to the Senate Budget Committee.
