

Blessing of the Ocean

Greetings, Mother Ocean, I come to Bless You
in the Name of God the Father, Son and Holy Spirit!

With this blessed salt, I pray that you be restored to
your original health, beauty and protected from all damaging
hazardous chemicals; oil, gas explosions and spills; ship distractive waists;
plastics and all that would harm and retard your well-being.

Mother Ocean, with this blessed salt I pray protection, health, growth
for all Marine and plant life that you birth and sustain
--Mammals, fish, plants, trees, corals, mountains, rocks
and all marine creatures, in your loving care.
I pray that people throughout the world, respect and honor you.

Through Christ our Lord, we pray. Amen.
