Mrs. Jane Tolmach  
656 Douglas  
Oxnard, California

Dear Mrs. Tolmach:

This is the first opportunity I have had to let you know how much I enjoyed my visit to Los Angeles last March.

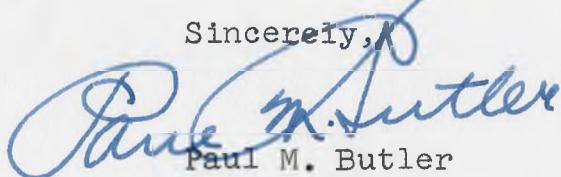

I am especially glad to have had the opportunity to see you at the Democratic Women's luncheon. If I had had my way, I would have preferred to remain at the luncheon with all of you.

There is much to be done in your State if we are to capture the majority vote for the Presidential nominee next year. I am convinced that the strength and vitality evidenced can be channeled toward victory in 1956.

I look forward to seeing you again soon.

With kindest personal regards, I am

Sincerely,

  
Paul M. Butler
