

Composite Drawing of Suspect in Attempted CSUCI Student Abduction Released

Camarillo, Calif., October 16, 2007-California State University Channel Islands Police officers have released a composite drawing of a suspect involved in an attempted abduction of a CSUCI student. The incident occurred at approximately 10:35 p.m. on Tuesday, Oct. 15, 2007 in a new surface parking lot located behind the University Hub on the CSUCI campus.

Officers conducted a second interview with the victim of the incident, a 24-year-old freshman student of Oxnard, Tuesday evening. She describes the suspect as a white male, in his late 20s, approximately six-feet tall and 200 pounds. He is reported to have short brown hair, thick eyebrows, a well-trimmed goatee, and acne. He was last seen wearing a plain black t-shirt, baggy blue denim jeans, and skateboard-style black sneakers.

The suspect was last seen driving a shiny, black late model Ford Mustang sedan with tinted windows and no visible damage.

She left the incident location immediately after the incident and used an emergency phone in the campus parking lot A7, which is on the other side of campus. Officers responded to the call from that emergency phone at 10:41 p.m. approximately one minute and 40 seconds after the emergency phone was activated.
