Miss Julia Morgan,
Merchants Exchange,
San Francisco, Calif.

Dear Miss Morgan:

Will you please see Mr. R. A. Clark about the man to take charge of the Jerseys. He has several under consideration, but I don't think any of them are as good as the man you have in mind. However, you may want to talk to Mr. Clark and get an estimate of the value of his list.

I am also on the lookout for a cheese maker. There is a man in Petaluma who makes Camembert cheese which is sold in New York and considered the equal of the French Camembert. This man has an agency in the California Market I think. The Van Dome Shop, in New York, which handles his cheese, says he is a Frenchman who formerly made Camembert in France.

I think he makes the best American cheese and I would like to get him to make Camembert cheese on the ranch.

I would also like to get somebody who could make the real Swiss cheese, with the holes in it. I have never known of any good Swiss cheese to be made in this country. Perhaps we will have to import a man from Switzerland.

Sincerely,

W. R. Sears
