

Patricia:

My plans have changed! A matter developed on campus that demanded my time. I phoned Las Comitas & due to special tests etc. they aren't ready for me today anyway.

Now about storing your clothes ^{Beginning tonight} here. The extra bed in my bedroom will be ready with the clean spread on it. Your clothes will be protected from dust & other soilage as long over

as you want. I'll
put my key in my
mailbox when I'm
away & you can get
it any time you
need it. I'll alert
Mrs. Sand (landlady)
in Apt 9 to the fact
that you'll be storing
the clothes here so she
will understand.

I'll have dinner
with the Walkers to-
night but will be here
till 5:15 or thereabouts.
May contact you by
phone then? Best
of luck - Carl.
